AO – Accounting Officer

CDM – Capricorn District Municipality

CFO – Chief Financial Officer

IDP – Integrated Development Plan

MFMA – Municipal Finance Management Act No. 56 of 2003

SDBIP - Service delivery and budget implementation plan

MBRR – Municipal budget and reporting regulations

3. Preamble

The MFMA and the Municipal Budget and Reporting Regulations (MBRR) seek to move municipalities away from the traditional approach of appropriating/approving budgets by line item. CDM undertakes to establish a consistent and efficient virement process to ensure efficient financial management and also service delivery to the people.

4. Purpose

The aim is to give the heads of municipal departments and programmes greater flexibility in managing their budgets. The policy must enhance the process of sustainable service delivery.

5. Objectives

To allow limited flexibility in the use of budgeted funds to enable management to act on occasions such as disasters, unforeseen expenditure or savings, etc. as they arise to accelerate service delivery in a financially responsible manner.

6. Legislative Framework

CDM shall manage its budgetary controls cautiously and conduct its virement policy in compliance with the provisions of the MFMA Act No. 56 of 2003. The virement policy is established in terms of the MFMA Circular No.51 of the Municipal Budget Circular for 2010/11 MTREF of 19 February 2010. The following pieces of legislation further inform the backbone of the policy:

- 6.1. Municipal Finance Management Act, Act 56 of 2003
- 6.2. Local Government: Municipal Structures Act, Act 58 of 1999
- 6.3. MFMA Circular No.13 - Service Delivery and Budget Implementation Plan
- 6.4. MFMA Circular No.51 – Municipal Budget Circular for 2010/11 MTREF (19/02/10)

7. Virement Clarification

Virement is the process of transferring budgeted funds from one line item to another, with the approval of the relevant Manager, CFO and AO, to enable budget managers to amend budgets in the light of experience or to reflect anticipated changes. (MFMA Section 28(2)(c)). Virement is a measure of flexibility that allows budget-holding managers to reflect budget variances within a year.

8. Virement Procedure

- 8.1. All virement requests must be completed on the appropriate documentation (i.e. the virement template) and forwarded to the relevant Budget Officer for checking and implementation.
- 8.2. All virements must be signed by the Vote holder (per department) and the CFO. The virement must be approved by the Accounting Officer.
- 8.3. A virement form must be completed for all Budget Transfers.
- 8.4. A virement must include changes to the SDBIP.
- 8.5. All documentation must be in order and approved before any expenditure can be committed or incurred. (Section 79 MFMA).
- 8.6. The Municipal Manager must report to the Mayor on a quarterly basis on those virements that have taken place during that quarter.

9. Financial Responsibilities

Strict budgetary control must be maintained throughout the financial year in order that potential overspendings within individual departments are identified at the earliest possible opportunity, (Section 100 MFMA).The CFO has statutory duty to

ensure that adequate policies and procedures are in place to ensure effective financial control system. The budget virement process is one of these controls.

It is the responsibility of each manager or head of department or activity to which funds are allocated in terms of the section 78 of the MFMA, to exercise financial management by planning and conducting assigned operations so as not to spend more funds than budgeted. In addition, they have the responsibility to identify and report any irregular or fruitless and wasteful expenditure sec 102 of the MFMA. A virement must not be an excuse for not planning properly.

10. Virement Restrictions

- 10.1. Virements is not permitted in relation to the revenue side of the budget;
- 10.2. No virements allowed between votes where the proposed shifts in funding facilitate sound risk and financial management (e.g. the management of central insurance funds and insurance claims from separate votes);
- 10.3. Virements not permitted from the capital budget to the operating budget;
- 10.4. Virements towards personnel expenditure will not be permitted;
- 10.5. Virements to or from the following items will not be permitted: bulk purchases; debt impairment, interest charges; depreciation, grants, revenue foregone, insurance and VAT;
- 10.6. Virements of conditional grant funds to purposes outside of that specified in the relevant conditional grant framework will not be allowed;
- 10.7. No budget may be moved to or from a vote, programme, project etc. that will exceed 5% of that vote:
 - 10.7.1. This refers to virement within a department that must not exceed 5% of that department's total approved budget;
- 10.8. Any virement in excess of 5% should be approved by council.
- 10.9. A virement may not create new policy, significantly vary current policy, or alter the approved outcomes/outputs as approved in the IDP for the current or subsequent years. (Section 19 and 21 MFMA);
- 10.10. Virements resulting in adjustments to the approved SDBIP need to be submitted with an adjustments budget to the Council with altered outputs and measurements for approval (MFMA Circular 13 page 3 paragraph 3);
- 10.11. No virement may commit the Municipality to increase recurrent expenditure, which commits the Council's resources in the following financial year, without the prior approval of the Mayoral Committee;
 - 10.11.1. This refers to expenditures such as entering into agreements into lease or rental agreements such as vehicles, photo copier's or fax machines;

- 10.12. No virement may be made where it would result in over expenditure (MFMA Section 32);
- 10.13. No virement shall add to the establishment of the Municipality without the approval of Municipal Manager;
- 10.14. If the virement relates to an increase in the work force establishment, then the Council's existing recruitment policies and procedures will apply;
- 10.15. Budget may only be transferred to and from within a section/unit in a department;
- 10.16. Virements in capital budget will not be permitted; any changes to be made to the capital budget will only be done during adjustment budget;
- 10.17. No virements are permitted in the first three (3) months of the financial year;
- 10.18. Virement amounts may not be rolled over to subsequent years, or create expectations on following budgets (MFMA Section 30);
- 10.19. An approved virement does not give expenditure authority and all expenditure resulting from approved virements must still be subject to the supply chain management policy of Council as periodically reviewed;
- 10.20. Virements may not be made between Expenditure and Income.

11. Implementation & Monitoring

The implementation of this policy will be done by all relevant officials within CDM and monitoring will be done by Budget & Treasury Office.
