1. MAYOR'S REPORT

1.MAYOR's REPORT

26 FEBRUARY 2021

Madam Speaker, it is my obligation as the Executive Mayor of Capricorn District Municipality to submit the adjustment budget for the current financial year 2020/2021 in accordance with section 28(4) of Municipal Finance Management Act. This is in line with provisions of Municipal Finance Management Act (MFMA) and Municipal budget and reporting regulation (MBRR). In terms of section 28(2) of the Municipal Finance Management Act, an adjustment budget:

1. must adjust the revenue and expenditure estimates downwards if there is material under collection of revenue during the current year;
2. may appropriate additional revenue that has become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
3. may authorize the utilization of projected savings in one vote towards spending in another vote; and
4. may correct any errors in the annual budget.

In terms of section 23(1) of the Municipal Budget and Reporting Regulations, the above mentioned adjustments can only be done after the mid-year budget and performance assessment has been tabled to Council, but not later than 28 February.

Madam Speaker, this past year has proven to be most unusual. No one could have anticipated the devastating impact of the worldwide COVID pandemic on our communities, our economy and on our municipality. The hard lockdown and the continued limitations imposed by COVID throughout our entire financial year has delayed much of our planning and greatly affected our operational and capital expenditure and revenue.

Even though we tried to anticipate the impact of COVID-19 on our adjusted budget, it was impossible to determine the full extent of this international disaster on us. A special national gazette was promulgated with an additional equitable share grant allocation to Capricorn District Municipality. In line with the MFMA and in response to the current Covid-19 pandemic, the 2020/21 approved Budget has now been adjusted to accommodate the additional grant allocation.

The adjustment budget was adjusted upwards from **R 1 053 495 000** to **R 1 202 053 000**, due to conditional grants rollover of **R 59 573 000** from National Government and equitable shares roll overs of **R 24 681 000**.

2.Operating Revenue

The municipality realised an increase to the amount of **R43 6680 000** to cover water projects. The decrease of the operating budget consists of various adjustments, in which **R 20 668 000** arise from equitable shares and conditional grants roll overs,

3.Operating Expenditure

Operating expenditure has increased to **R 856 334 960** during the adjustment budget. The municipality realised an overall increase of **R21 492 960** due to roll-overs.

4.CAPITAL BUDGET AMENDMENTS

During the mid-year budget and performance assessment process, it was identified that the approved capital budget had to be adjusted to make necessary amendments to various projects in order to accelerate progress on the priorities identified.

Taking all proposed adjustments into consideration, will result in the current approved capital budget of R 426 267 000 increasing by 33% with R 104 890 000. The proposed adjusted capital budget for 2020/2021 will be R 426 267 000.

Madam Speaker, this capital budget of R 426 267 000 continues to represent our investment and dedication to our communities throughout the Municipality to improve service delivery and the creation of job opportunities through economic growth. The underperformance for the current financial year is sadly not within our control and we have been working relentlessly, making every effort to balance the needs of our residents with the funds available and the restrictions imposed by the Corona virus.

Capricorn District municipality vested the majority of the 2020/2021 capital budget in infrastructure services (R354 million or 83% of the R 426 million capital budget) This investment is needed to ensure effective service delivery for our people and to ensure that bulk services are available to support development, including the “water projects. Mostly it is important to create an environment attractive to investment and conducive to economic growth. It is vital that we make sure that we have the necessary infrastructure in place to create opportunities for economic growth and improvement of services for our citizens.

Highlights of adjustment budget include, amongst other:

- An additional **R7 million** has been allocated to the operation and maintenance of water reservoirs.
- An additional allocation of **R 22 695 000** from WSIG rollovers to fund water supply projects.
- TT Cholo Fire Station has been increased with **R 8 151 000** to fund this project.
- An additional **R 2 955 000** has been given for the procurement of fire engines For TT Cholo Fire Station.

I table this adjustment budget, with great responsibility. We shall continue to work hard to provide the best leadership and guidance during this difficult time and to create a business ready environment for when this crisis ends, filled with opportunity for all. Like Alice, I hope that we will all be able to say, sooner rather than later: "What a curious dream I had", once the horror of COVID has passed. Until then we will bravely continue this odd journey of nightmares and hope.

5.RECOMMENDATIONS

Madam Speaker, in the item serving before Council the recommendations are set out as recommended in the Adjustments Budget Item. I herewith formally submit recommendations as outline in the Council Agenda, for consideration and approval of the 2020/2021 Adjustment Budget.

I thank you

2. EXECUTIVE SUMMARY

3. EXECUTIVE SUMMARY

3.1 INTRODUCTION

In terms of section 28(1) of the MFMA, a municipality may revise an approved budget through an adjustment budget. This is to highlight the budget information in order to comply with the MFMA.

3.2 BACKGROUND

Section 28 of the Municipal Finance Management Act. No 56 of 2003 states:

- (1) A municipality may revise an approved annual budget through and adjustments budget.
- (2) An adjustments budget -
 - (b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
 - (d) may authorise the utilisation of projected savings in one vote towards spending under another vote;
 - (f) may correct any errors in the annual budget;

The total budget has adjusted upward from **R 1 053 495 000** to **R 1 202 053 000**, which includes equitable share additional funding of **R 64 304 000** and **R 84 254 000** roll overs from 2019/20 financial year.

3.3 ADJUSTMENT BUDGET SUMMARY 2020/21

3.3.1 Operating Budget

The municipality realised an increase to the amount of **R43 668 000** to cover operational projects.

Interest earned – external investments: An under performance was noted for interest earned – external investments to the amount of R8 651 000. The variance is mainly due to the Covid-19 pandemic which resulted in the prime interest rate being reduced.

This reduction has resulted in a significant decrease in our call accounts and primary bank account interest rates.

Operating budget summary is as follows:

OPERATING BUDGET (R000)

Type	Original Budget 2020/21	Adjustment Budget 2020/21	2021/2022 Budget	2022/2023 Budget

7. ADJUSTMENTS TO BUDGET ASSUMPTIONS

7. ADJUSTMENT TO BUDGET ASSUMPTIONS

The following budget assumptions need to be considered when preparing the budget:

- a) General Inflation Outlook

The municipality should be able to analyse the impact of economic forces when preparing the budget. The impact on economic meltdown as experienced and the general inflation outlook in order to determine our spending patterns.

- b) Salary costs

Personnel costs was analysed and the average increase needs to be looked at taking into account savings due to vacant positions not yet appointed but budgeted for.

- c) Price Movements

There was a decrease on bulk water purchases as the previous outstanding debts are paid up and up to date, hence it was adjusted accordingly.

- d) Interest rates

An assumption on the amount to be invested, the period of investment and interest rates is being determined in order to realistically budget for interest income from investments. The assumption should further take into account the economic factors for realistic projection.

- e) Ability of the municipality to spend and multi-year budgeting.

The municipality should further assess the spending percentage that is targeted and cash flow prediction for payments in order to allow proper budgeting. We should further take into account, programmes that are designed to be implemented over a number of financial years in order to curb roll-over and encourage good planning especially on MIG registered projects.

- f) Budget Related Policies

There are no changes to the budget assumptions proposed in the adjustments Budget

8. ADJUSTMENTS TO BUDGET FUNDING

8. ADJUSTMENT TO BUDGET FUNDING

Section 18(1) of the MFMA states that an annual budget may only be funded from:

- Realistically anticipated revenues to be collected;
- Cash backed accumulated funds from previous years' surpluses not committed for other purposes; and
- Borrowed funds, but only for the capital budget referred to in section 17.

The adjustments budget is cash – funded which is an indicator of a “credible” budget. Funding levels are acceptable (inclusive of the Reserve balances), which is remarkable in these economic times, and is sufficient to cover all requirements of the funding and reserves policy

The water business is currently not sustainable as it is funded from grants only. We have budgeted in the current year, and added the portion of the roll overs from equitable share funded projects. More funds were now redirected to water projects and Operations and maintenance.

Grants and subsidies

A net increase of R 148 558 000 is mainly due to the following;

- a) R123 887 000 million additional allocation from equitable shares savings
- b) R 24 681 000 million from conditional grants and equitable shares roll overs from 2019/20 financial year.
