SECTION 3: MECHANISMS AND PROCEDURES FOR PARTICIPATION

3.1 FUNCTIONS AND CONTEXT OF PUBLIC PARTICIPATION

Chapter 4 of the Municipal Systems Act, 2000 section 17(2) stipulates that a municipality must establish appropriate mechanisms, processes and procedures to enable the local community to participate in the affairs of the municipality. Four major functions can be aligned with the public participation process namely:

- Needs identification;
- Identification of appropriateness of proposed solutions;
- Community ownership and buy-in; and
- Empowerment.

3.1.1 MECHANISMS FOR PARTICIPATION

The following mechanisms for participation will be utilised:

- **Media-** Local newspapers, District's newsletter, Facebook and WhatsApp and the virtual/hybrid platform will be used to communicate with the community about the IDP matters.
- **Radio Slots-** The community radio stations will be utilised either to consult or make public announcements where necessary.
- **The District Municipality's Website-** The website will also be utilized to communicate and inform the community. Copies of the IDP and Budget will be placed on the website for public to view or download.

3.1.2 PROCEDURES FOR PARTICIPATION

The following procedures for participation will be utilised:

- **IDP Representative Forum (IDP RF) -** This forum represents all stakeholders and is inclusive as possible. Efforts will be made to bring additional organisations into the IDP Representative Forum and ensure their continued participation throughout the process.
- **Public Consultation Meetings -** The municipality will embark on public consultations with all stakeholders to consult on the Draft IDP and Budget between the month of April and May 2023. The arrangements for these meetings will be publicised through the media.
- **Community Based Planning -** Community-based planning is a form of participatory planning which has been designed to promote community action and to link to the IDP.

SECTION 4: BINDING PLANS AND LEGISLATIONS

4.1 BINDING PLANS AND LEGISLATIONS

National legislation can be distinguished between those that deal specifically with municipalities. The Municipal Structures and Systems Acts are specific to municipalities. The Municipal Systems Act has specific chapters dedicated to IDPs and is the driving piece of legislation for the development of IDPs.

National legislations contain various kinds of requirements for municipalities to undertake planning. Sector requirements vary in nature in the following way:

- Legal requirements for the formulation of sector plans (e.g. Water Services Development Plan).
- A requirement that planning be undertaken as a component of, or part of, the IDP (like a housing chapter plan).
- Links between the IDP and budget process as outlined in the Municipal Finance Management Act.
- Legal compliance requirement (such as principles required in the Development Facilitation Act-DFA and the National Environmental Management Act-NEMA).

SECTION 5: MECHANISM AND PROCEDURE FOR ALIGNMENT

5.1 ALIGNMENT OF THE IDP, BUDGET AND PERFORMANCE MANAGEMENT PROCESSES

Every attempt has been made in this Process Plan to align the IDP and Budget preparation process, and the Performance Management System (PMS) review.

5.1.1 HORIZONTAL AND VERTICAL ALIGNMENT

Alignment is at two levels, i.e. horizontal and vertical. Largely the two levels influence each other. Though one can be done independent from each other, if this is done, a clear picture of what is happening will not be achieved. The strategy that we are going to follow applies to both horizontal alignments between the District and Local Municipalities, and vertical, between the municipalities, the province and the national departments and parastatals.

The alignment that is mentioned in here between municipalities on the one hand involves ensuring that their planning activities and processes are coordinated and addressed jointly. On the other hand, alignment between local government and other spheres of government as well as parastatals or service providers ensures that the IDP is in line with

national and provincial policies and strategies so that it is considered for the allocation of departmental budgets and conditional grants. The District IDP should reflect the integrated planning in its IDP in which both locals and sector departments' plans find and aligned expression in the document.

5.1.2. MANAGEMENT OF ALIGNMENT

For both alignment types, horizontal and vertical, the main responsibility lies with the District Municipality. The role of the Municipal Manager/IDP Manager at the District level is of utmost importance. IDP unit and external facilitators could be used to support the alignment process. However, the provincial department of local government and office of the Premier play an important role as co-coordinator to ensure alignment above District level and between districts, sector departments and parastatals within the Province.

5.1.3. MONITORING AND EVALUATION

The District Mayor's IGR Forum will monitor and ensure the implementation of the District IDP Framework and each Municipal Council will monitor and ensure the implementation of local process plans. The Department of Cooperative Governance, Human Settlement and Traditional Affairs (COGHSTA); and Office of the Premier (OTP) will ensure support on the co-ordination and alignment of provincial and national departments and role players.

5.1.4. AMENDMENT OF THE FRAMEWORK

The District Executive Mayor/ or Mayoral Committee may due to unforeseen and critical circumstances after consultation with local municipalities, effect amendments to the framework/ Process Plan.
