

CAPRICORN

DISTRICT MUNICIPALITY

FINAL ANNUAL REPORT

2021/2022

CONTENTS

COMPONENT A: MAYOR`S FOREWORD.....	10
COMPONENT B: EXECUTIVE SUMMARY	11
1.1. MUNICIPAL MANAGER`S OVERVIEW.....	11
1.2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW 13	
1.3. SERVICE DELIVERY OVERVIEW.....	20
1.4. FINANCIAL HEALTH OVERVIEW.....	26
1.5. ORGANISATIONAL DEVELOPMENT OVERVIEW	26
1.6. AUDITOR GENERAL REPORT	28
1.7. STATUTORY ANNUAL REPORT PROCESS.....	29
COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE	31
2.1. POLITICAL GOVERNANCE.....	31
2.1.1. POLITICAL STRUCTURES	31
2.1.2. COUNCIL.....	31
2.1.2.1. COUNCIL COMMITTEES	34
2.1.2.2. MAYORAL COMMITTEE.....	43
2.1.3. POLITICAL OFFICE BEARERS	45
2.1.3.1. FULL TIME OFFICE BEARERS	45
2.1.3.2. STATUTORY AND DELEGATED POWERS TO OFFICE BEARERS	45
2.1.3.2.1. EXECUTIVE MAYOR.....	45
2.2. ADMINISTRATIVE GOVERNANCE.....	49
2.2.1. MUNICIPAL MANAGER	50
2.2.2. MANAGEMENT	50
COMPONENT B: INTERGOVERNMENTAL RELATIONS.....	52
2.3. DISTRICT INTERGOVERNMENTAL RELATIONS (IGR) FORUMS.....	52
COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION	54
2.4. PUBLIC ACCOUNTABILITY AND PARTICIPATION PROGRAMMES AND MEETINGS.....	54

2.4.1. MPAC Public Participation and Public Hearings.....	54
2.4.2. Council Outreaches.....	54
2.4.3. Women Dialogue	55
2.4.4. Youth Dialogue.....	55
2.4.5. Ward Committees Support	56
2.4.6. State of the District Address	56
2.5. IDP PARTICIPATION AND FORUMS.....	56
2.5.1. IDP/Budget Public Participation & Forums.....	56
2.5.2. IDP Participation and Alignment	58
2.5.3. Status of the 2021/2022 IDP	58
COMPONENT D: CORPORATE GOVERNANCE.....	60
2.6. RISK MANAGEMENT.....	60
2.7. FRAUD POLICY AND RESPONSE PLAN.....	60
2.8. SUPPLY CHAIN MANAGEMENT	60
2.9. BY-LAWS	60
2.10. WEBSITES	61
2.11. PUBLIC SATISFACTION ON MUNICIPAL SERVICES.....	61
COMPONENT A: BASIC SERVICES.....	62
3.1. WATER PROVISION	62
3.2. SANITATION	63
3.3. ELECTRICITY.....	64
3.4. WASTE MANAGEMENT (REFUSE REMOVAL)	64
3.5. HOUSING	65
3.6. FREE BASIC SERVICES AND INDIGENT SUPPORT	65
3.6.1. FREE BASIC SERVICES.....	65
3.6.2. INDIGENT SUPPORT	66
COMPONENT B: ROAD TRANSPORT	66
3.7. ROADS.....	66

3.7.1. Supply for Public Transport	67
3.8. INTEGRATED TRANSPORT PLAN (ITP).....	68
3.8.1. Road Master Plan	68
3.8.2. Rural Roads Asset Management Systems	68
3.8.3. Road Safety	69
3.9. STORM WATER DRAINAGE	69
3.9.1. Storm Water Structures in CDM	69
COMPONENT C: PLANNING AND DEVELOPMENT.....	70
3.10. PLANNING	70
3.11. LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES).....	71
3.11.1.ECONOMIC EMPLOYMENT BY SECTOR	71
3.11.2.AGRICULTURAL DEVELOPMENT	72
3.11.3.MINING DEVELOPMENT	74
3.11.4.TOURISM DEVELOPMENT.....	75
COMPONENT D: COMMUNITY & SOCIAL SERVICES	79
3.12. LIBRARIES, ARCHIVES, MUSEUMS, GALLERIES AND COMMUNITY FACILITIES, OTHERS (THEATRES, ZOOS ETC.).....	79
3.13. CEMETERIES AND CREMATORIUMS	79
3.14. CHILD CARE, AGED CARE, SOCIAL PROGRAMMES.....	79
COMPONENT E: ENVIRONMENTAL PROTECTION.....	79
3.15. POLLUTION CONTROL	80
3.16. WASTE MANAGEMENT	81
3.17. BIO-DIVERSITY, LANDSCAPE (INCLUDING OPEN SPACES), AND OTHER	81
COMPONENT F: HEALTH.....	81
3.18. CLINICS.....	81
3.19. AMBULANCE SERVICES	81
3.20. HEALTH INSPECTION, FOOD AND ABBATOIR LICENSING AND INSPECTION, ETC	82
3.20.1.MUNICIPAL HEALTH BY-LAWS AND TARIFF'S STRUCTURE	82

3.20.1.1.	PREVENTION AND MONITORING OF COMMUNICABLE DISEASES	82
3.20.1.2.	AWARENESS AND MONITORING OF COVID-19	82

CHAPTER 1: EXECUTIVE MAYOR'S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR'S FOREWORD

The 2021/22 financial year was the year that closed our 2016-2021 Council Term, and it was a year that saw the District Municipality firing on all cylinders to complete key outstanding capital projects ahead of 2021 local government elections and achieved IDP objectives of that 5-year period.

It was also a year that was characterised by major changes in the political composition of the District and our Local Municipalities. Notable amongst these changes was the inauguration of new Council, establishment of our governance structures such as the Mayoral Committee, Portfolio Committees, Political Management Team, Municipal Public Accounts Committee and other Section 79 committees. These changes required us to reconstruct the vision of Council and I am pleased that these Committees and all other Councillors hit the ground running to speed up service delivery in our communities.

The financial year 2021/22 was therefore a founding phase for this Council to do its groundwork, familiarize itself with the demands and dynamics of governance and service delivery; and orientate itself on legislative framework, systems and governance structures of local government.

It is now that time of the year to reflect on both the last financial year and the entire Term under review and take stock of all achievements as well as challenges that characterised our performance in that period. But for the purposes of reporting and compliance, this Annual Report will only look back to the financial year 2021/22.

Within months of inaugurating the new Council, we were able to press ahead with efforts to rebuild the Institutional capacity by filling vacant positions in senior management and across board, while investing in the development of our employees and councillors. We also attended to the plight of communities-in-need by rolling out new infrastructure projects to give them water, and sanitation, and I am pleased that at the end of this reporting period, 89% of the district population had access to piped water, and sanitation 66,8%. This was despite interruptions that were occasioned by the Covid-19 pandemic which triggered reprioritisation of some projects to respond to the pandemic.

In cost recovery, efforts to collect revenue in water supply got off to a great start after successful engagement with consumers in Lebowakgomo, Senwabarwana and All Days towns to announce migration from old post-paid meters to new prepaid meters. The implementation of smart meters will go a long way to reposition our approach on cost recovery, which will greatly improve our revenue. We are now at the implementation stage, and we call on all communities to throw their weight behind this project.

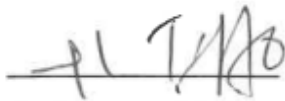

In financial management and audit, we are pleased that the municipality has managed to reclaim clean audit. This in line with the commitment I made during the inauguration of this Council to put up remedial audit action plan, tighten internal controls and clear all audit findings from the previous financial year. The clean audit should be the beacon of hope to our communities out there that we are on the right path in discharging service delivery responsibilities bestowed on us. We promise we shall not fail them.

I therefore commend and thank our councillors and staff for rallying behind this commitment to reposition our Institution as a revered point of benchmark in financial management. Further I wish to extend great appreciation to AGSA team for the professional way they have executed the entire audit process. I would also wish to record our appreciation to Local Mayors and their Councils for the support they always give to us for our service delivery programmes to be accomplished. The same goes to sector departments. Both role players strengthen our role as the coordinating centre of District Development Model.

It is with great pride for me to take this opportunity to present this Annual Report for the 2021/22 financial year, which includes financial statements, annual performance report and Auditor General's report, which has granted us much awaited clean audit. We are back to our days of good and sound financial

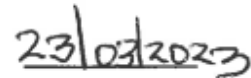

management. We encourage our communities to access this report and appraise themselves of its contents

Re Šoma le Setšhaba

Cllr Mamedupi Teffo

Executive Mayor

Date

COMPONENT B: EXECUTIVE SUMMARY

1.1. MUNICIPAL MANAGER'S OVERVIEW

The culture of good governance and accountability remains unmatched as we promised that we will reclaim our clean audit outcome for 2021/2022. The fiscal discipline, rigid financial planning, and continuous oversight, combined with proper and effective internal controls added to the institution's achievement of returning back to the culture of a clean audit.

Our unqualified audit outcome of 2020/2021 has made us consistently work on instilling a culture of accountability and improving controls to sustain the Clean Audit Outcome. Indeed, we are a district that sets the highest standard of financial management in the province. We have reclaimed our clean audit.

We have prepared our Annual Report for the year 2021/2022 in line with Section 121 of the Local Government Municipal Finance Management Act 56 of 2003 as well as accompanying circulars, templates, and guidelines. The financial year in question marked the end of the fourth term since the local government came into being. It also put us in the context of reflecting on what has been an eventful, empowering five years of serving communities.

This report provides an overview of the performance and progress made by the district in fulfilling its strategic objectives and priorities as aligned with the Integrated Development Plan (IDP), National Development Plan (NDP) as well as Provincial and National strategic directives. Part of the financial year has been a smooth transition between the previous Council and the new Council that has been installed to run the council for another five years.

This report highlights all the programs and projects that were implemented during 2021/2022 to enhance service delivery within our district. The Municipality also acknowledges the limitations which require concerted efforts in a quest to deliver quality services to our community. The 2021/2022 financial year has proven to be particularly difficult for our district due to a range of issues that transpired. One of them is the continuation of Covid-19 waves that have put us at different levels and strain on everyone globally including the district and it has significantly impacted the Municipality's maximum ability to implement some of the programs. Economic conditions confronting us as the country continued to impact negatively on the social part of the communities.

The district also experienced service delivery challenges that have compromised the Municipality's ability to perform certain of its deliverables. The unemployment and poverty levels coupled with the prevalent culture of non-payment for municipal water services by some residents served as a major contributing factor to our low revenue generation ability. While water and sanitation services provision

remained our main priority as the district, during this period the Municipality's ability to render this service was faced with myriad challenges related to aging infrastructure and backlogs. We have made strides toward mitigating risks, and we focused on improved billing systems for enhanced municipal revenue collection.

The Municipality worked hard and smartly to expand access to basic services. At the end of this reporting period, 89% of the district population had access to clean water, we also responded timeously to breakdowns by repairing broken systems and replacing stolen or vandalized water infrastructure. In the financial year in question, we processed 1,919 water samples that we collected from our bulk water sources and boreholes for testing, and we are pleased that quarterly testing results indicate that majority of our water sources have good water quality. On sanitation, although 66,8% of our households have got access to sanitation facilities, there is an urgent need to multiply our efforts in order to reduce the 33,2% backlog. With our relationship with Eskom, we both worked around the clock to supply electricity while Eskom was also resolving the inconvenience of load-shedding to ensure a consistent supply of electricity to households, schools, businesses, and other places of work. 89% of our communities now have access to electricity.

We are also pleased to report that TT Cholo Fire Station is 90% complete. Once opened, this new Fire Station will increase our disaster management and fire-fighting capacity and enable us to respond promptly to disasters in Moletjie West, Matlala, and Mashashane. Although we have been hit by the world pandemic COVID-19 as I stated above, our district has been able to contain the spread of coronavirus within our communities. Awareness campaigns were conducted to deepen the knowledge and understanding within our communities about this virus. People were cautioned to keep sanitizing, practice social distancing, wearing masks, and all other COVID-19 protocols.

As the Executive Mayor indicated in the foreword, we welcome the clean audit we take it as a point of motivation to do more for the communities out there and never drop the ball. We are humbled by this outcome and commit to up our effort and determination to retain this audit outcome.

Our existence as the district mostly depends on the community and we would like to take a pause to express sincere appreciation for the constructive criticism from our community which serves as a steppingstone to realizing our objectives.

MR. RAMAKUNTWANE SELEPE
MUNICIPAL MANAGER

23/03/2025

DATE

1.2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

Capricorn is one of the 5 districts in Limpopo Province, South Africa. The district is named after the Tropic of Capricorn, which runs through it. Capricorn District Municipality (**CDM**) is situated in the centre of the Limpopo Province, sharing its borders with four district municipalities namely, Vhembe (DC34) to the north-east, Mopani (DC33) to the east, Sekhukhune (DC47) to the south and Waterberg (DC36) to the west. The district is situated at the core of economic development in the Limpopo Province and includes the capital of the Province, the City of Polokwane. One national and various major provincial roads pass through the district municipal area, that is, the N1 - National Road from Gauteng to Zimbabwe and the rest of Africa, the P33/1 (R37) from Polokwane to Burgersfort/Lydenburg, the P94/1 (R521) from Polokwane to Alldays and Botswana and the P17/1 (R71) from Polokwane to Tzaneen and Phalaborwa. Capricorn comprises of the following four local municipalities:

1.2.1. Capricorn's Four Local Municipalities

Municipality	Municipal Code	Municipal Sub-category	Area (Ha)	% of CDM
Blouberg Local	LIM351	B4	958 461	44%
Lepelle-Nkumpi Local	LIM355	B4	349 982	16%
Molemole Local	LIM353	B4	364 411	17%
Polokwane Local	LIM354	B1	507 677	23%
Capricorn District	DC35	C2	2 180 531	100%

After a vigorous process of assessment, monitoring and evaluation of the performance of municipalities, the national Department of Cooperative Governance and Traditional Affairs (**CoGTA**) took a decision to disestablish and amalgamate some municipalities that were found to be lacking in terms of service delivery and financial viability, among other performance areas to optimise their performance and spread resources to address the needs of communities they serve. In Capricorn District, the process resulted in the disestablishment of Aganang Local Municipality and its municipal area was merged into Blouberg, Molemole and Polokwane local municipalities after the 2016 local government elections.

1.2.2. Demographic Profile

The total population for the district is 1 330 436 with population density of 58.1/km² and total area of 21.705 km². Most of the population in the Province resides in the Vhembe District Municipality with 1 393 949 (24%) population followed by Capricorn District Municipality with 1 330 436 (23%), Mopani with 1 159 185 (20%) and Sekhukhune with 1 169 762 (20%) and lastly Waterberg with 745 758 (13%). (See figure above).

Percentage Population Distribution per District Municipalities

Source: STATSSA, Census 2011

1.2.3. Population Density

The population density expresses the number of people per square kilometre. CDM is mostly rural in nature with a settlement pattern of scattered small rural villages. Although Blouberg Local Municipality (LM) constitutes about 44% of the total district area, it has a very low population density while Polokwane LM constitute only 23% of the total district area but with the highest population density. Several factors can affect population densities and in the case of Polokwane, this is mostly attributable to it being the economic hub and the provincial capital city. The table below indicates the size and population density for each of the four local municipalities that constitute CDM.

Municipality	Area (Ha)	% of CDM	Population Density (/km ²)
Blouberg LM	958 461	44%	18 persons/ km ²
Lepelle-Nkumpi LM	349 982	16%	67 persons/ km ²
Molemole LM	364 411	17%	32 persons/ km ²
Polokwane LM	507 677	23%	167 persons/ km ²
Capricorn DM	2 180 531	100%	71 persons/ km²

1.2.4. Population size and growth

CDM accounts for a total population of 1.36 million, or 23.3% of the total population in the Limpopo Province and 2.3% of South Africa's total population. The StatsSA community survey estimated the district's population as follows in 2016:

1.2.4.1. CDM Population Growth

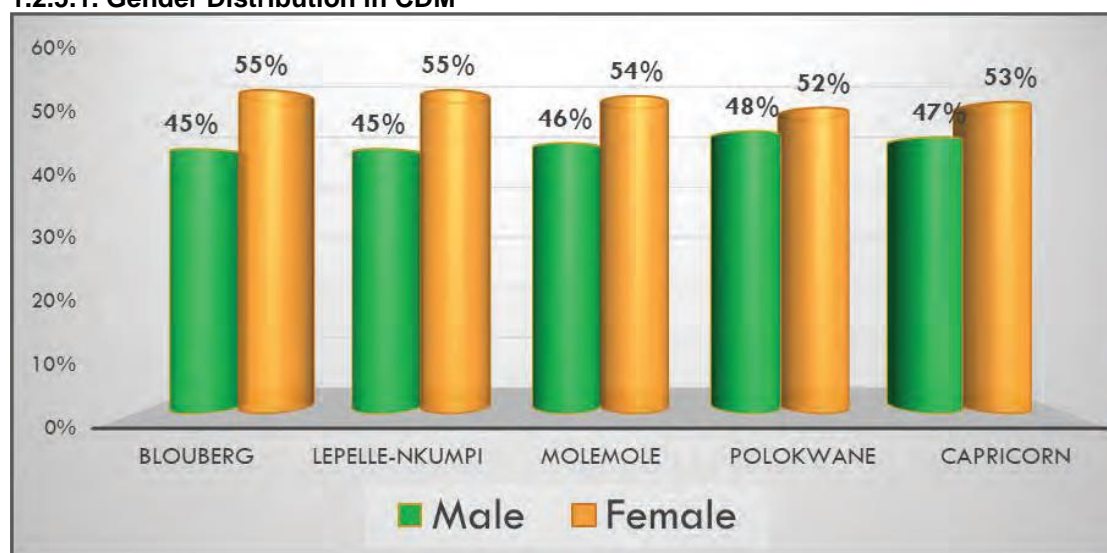

Municipality	Black African	Coloured	Indian/Asian	White	Total
Capricorn	1,290,255	7,766	5,598	26,817	1,330,436
Lepelle-Nkumpi	234,844	250	176	110	235,380
Blouberg	171,207	288	188	979	172,602
Molemole	123,919	95	193	1120	125,327
Polokwane	760,285	7,193	5,041	24,608	797,127

Source: STATSSA, Community Survey, 2016

1.2.5. Age and Gender

CDM has significantly more females (52.75%) than males, when compared to a typical stable population in 2018. This is most probably an area with high male out migration to look for work elsewhere. In total there were 717 000 (52.75%) females and 642 000 (47.25%) males. This is different from the Limpopo Province as a whole, where the female population counted 3.08 million, which constitutes 52.77% of the total population of 5.83 million.

1.2.5.1. Gender Distribution in CDM

Source: STATSSA, Community Survey, 2016

1.2.6. Employment and Unemployment

In 2016, the Capricorn economy employed a total number of 354 357 people, comprising of 24.6% from the informal sector and 75.4% from the formal sector. The informal sector employed a total number of 87 258 people in 2016, with the trade sector being the largest employer (employing 41.3% of the informal economy). The sector that contributed the most to employment (both formal and informal) was Community Services (26.6%), while the least contributing sector was Electricity (1.0%).

According to Global Insight Database (November 2017) Capricorn District recorded an unemployment rate of 17.5% (official definition) in 2016. This means that Capricorn District has an unemployment rate that is lower than that of South Africa (26.4%) and Limpopo (19.8%).

1.2.7. Employment Growth

Sector	Number	Total%
Formal Sector	87 25	24,6%
Informal Sector	267 099	75,4%
Total	354 357	100%

Source: STATSSA, 2016

1.2.8. Dependency Ratio

Dependency ratios provide insights into the burden borne by those who are in working age group of 15–64 to support those aged 0–14 and 65+ years. Table below suggests that Capricorn dependency ratio has declined from 93.9% in 1996 to 65% in 2016.

1.2.8.1. Dependency ratio by municipality: 1996 – 2016

Municipality	Dependency Ratio Per 100 (15-64 years)			
	1996	2001	2011	2016
Aganang (Disestablished)	114.4	102.6	89.9	(Disestablished)
Blouberg	113.2	99.0	86.2	88.5
Molemole	89.5	84.0	75.9	80.6
Polokwane	81.2	69.0	54.3	55.4
Lepelle-Nkumpi	96.9	91.7	77.9	77.6
Capricorn	93.9	82.5	67.0	65

Source: STATSSA, Census 2011 and Community Survey 2016

1.2.9. Local Skills Base and Job creation through LED Initiatives

CDM is also contributing to employment creation by creating permanent and temporary jobs as well as internships through the projects and programmes that create short- and long-term jobs to meet the economic and social needs of communities. 5 273 total number of jobs were created.

Emphasis must be placed on sustained partnerships with private sector to accelerate development initiatives in the mining, tourism, agriculture and agro- processing to realize shared growth in the district. More focus should be directed towards SMME development, which has the potential to create a significant number of jobs. Job creation can play a significant role in reducing income inequality in the district.

1.2.10. Spatial Rationale and Environmental Analysis

The municipal spatial pattern reflects that of the historic apartheid city model characterized by segregated settlements. At the centre of the area is Polokwane, economic hub of the Province, which comprises the Central Business District (CBD), industrial area and a range of social services and well-established formal urban areas servicing the more affluent residents of Polokwane. Situated on the outskirts in several clusters are less formal settlement areas that are experiencing enormous influx from rural urban migration trends. These areas are in dire need of upgraded services and infrastructure, both social and engineering, and are struggling to cope with the informal influx of people who want access to an improved quality and standard of living.

1.2.10.1. Spatial Description and Overview of the Four Local Municipalities

The main characteristics of each of the respective Local Municipalities are summarised below:

(a) Blouberg Local Municipality

Blouberg Local Municipality forms the northern extents of CDM bordering Zimbabwe and Botswana. The largest settlements in Blouberg are found in its eastern extents, and especially around Avon and Senwabarwana, which also hosts the municipal offices.

The major service centres are represented by Senwabarwana in the south, Avon and Eldorado in the central parts, and Alldays in the north. The Municipality has five Traditional Authorities namely Maleboho, Makgato, Seakamela, Kibi, and Mamadi. It is the third densely populated municipality within Capricorn District and has a population of 172 601 and total of 34 133 households. No extensive industrial activity exists in this area. The major economic sectors are agriculture, mining and tourism. There are mining prospects at Dalmyrn, Windhoek-Papegaa, Silvermyn platinum prospects and Towerfontein gold to complement Venetia mine. Tourism attraction areas include Blouberg nature reserves and Mapungubwe heritage sites. The Municipality's proximity to Lephalale, Botswana and Zimbabwe and three border posts that is Platjan, Zanzibar and Groblersbrug also serves to boost the local economy.

(b) Lepelle-Nkumpi Local Municipality

Lepelle-Nkumpi Local Municipality forms the southern extent of the district. The Municipality is bordered to the south and east by the Strydpoort and Waterberg Mountain ranges. As a result, settlement is mostly concentrated in the western extents of the Municipality. Prominent settlements in the Municipality include Magatle, Mamaolo, Moletlane and Mogoto, with Lebowakgomo being the major node of economic activity, also providing the widest range of community facilities and social services. The Municipality is predominantly rural with approximately 95% of its land falling under the jurisdiction of Traditional Authorities. The Municipality has six Traditional Authorities namely Mathabatha, Seloane, Ledwaba, Moletlane, Mphahlele, and Mafefe Traditional Authority. The Municipality is the second densely populated (66.5/km² population density) municipality within Capricorn District and has a population of 235 380 and a total of 61 305 households. The municipal area stretches for about 349 982 ha (16% of the district area). It is divided into 30 wards, four of them being a township called Lebowakgomo which is one of the district's growth points. No significant agricultural or industrial activities occur in Lepelle-Nkumpi but some forestry activity occurs on the escarpment. The Dilokong Corridor (R37) connecting Polokwane with the south-eastern parts of Limpopo Province (towards Tubatse) runs through the Lepelle-Nkumpi municipal area.

(c) Molemole Local Municipality

Molemole Local Municipality is in the central-eastern extents of the CDM, north of Polokwane. Significantly, the N1-Trans Limpopo Corridor traverses Molemole from the south-west to the north-east and specifically, the settlements of Mphakane, Ramatshowe and Sefene. The Phalaborwa Corridor also navigates through the eastern side of the Molemole area of jurisdiction, past Morebeng (Soekmekaar). Four prominent clusters of settlements are found in this municipal area.

The Municipality has four Traditional Authorities namely Manthata, Makgato, Ramokgopha, and Machaka Traditional Authority. It is the fourth densely populated municipality within the Capricorn District and has a population of 108 321 and total of 30 043 households (Stats SA Census 2011). The municipal area is divided into 16 wards and stretches for about 364 411ha (17% of the district area). Molemole Municipality is predominantly rural and characterised by high levels of poverty and inequalities.

The Municipality mainly comprises agricultural activities (commercial and subsistence), plantations (especially along the western boundary), and small-scale mining. A large part of Molemole's economy depends on agricultural development. The Municipality produces some of the finest potatoes and tomatoes for the export markets. However, the agricultural sector has contracted significantly resulting in many crop commercial farmers opting for game farming.

(d) Polokwane Local Municipality

Polokwane Local Municipality represents the economic hub of the District and the Limpopo Province. It shares its name with the City of Polokwane which is the capital and the major urban centre of the Limpopo Province. There is a definite opportunity for Polokwane to become the logistics hub and freight interchange within the region, given its proximity to the neighbouring countries of Botswana, Zimbabwe, Mozambique, and Swaziland. Polokwane City and its functional extensions particularly, are the most important economic drivers and service centres in the Province.

Two prominent clusters of rural settlements are located to the east and west of Polokwane City: Mankweng and Sebayeng cluster to the east and the Ga-Rampuru, Ga-Mashashane cluster to the west (former Aganang municipal area). The Municipality has 14 Traditional Authorities namely, Dikgale, Mothiba, Makotopong, Makgoba, Mothapo, Mamabolo, Maja, Chuene, Molepo, Mankweng, Moletjie, Maraba, Matlala, and Mashashane Traditional Authority.

The Municipality is the highest densely populated municipality within Capricorn District and has a total population of 797 127. The population of Polokwane has increased over the three census periods and about 60% of the district population resides within Polokwane municipal boundaries mainly because it is the economic hub of the Province. In terms of its physical composition, Polokwane Municipality is 23% urbanised and 71% rural. The Municipality comprises of 45 wards and covers a total area of 507 677 ha. The remaining area (6%) comprises smallholdings and institutional, industrial and recreational land.

1.2.10.2. Spatial Density

CDM covers an area of approximately 2 180 530 ha. The municipal area consists mainly of commercial farms, game farming and so forth and only approximately 4.24% of the total area is used for settlement purposes (that is, towns and villages). All four local municipal areas have many small villages, that is, villages with less than 1 000 people. These low population densities have serious implications for improving the levels of service provision to communities because the costs associated with the provision of service infrastructure in those areas is very high.

1.2.10.3. Informal Settlements

The draft provincial definition for informal settlement is as follows: "An illegal settlement where a group of people are living on a piece of land that is not proclaimed nor allocated by acceptable land administrators, and where they do not have legal claim to the land (tenure), where there is inadequate basic services, or where basic services are in a deplorable condition, irrespective of the densities, type of structures they have built, where they are located (urban/rural) and their existing surroundings."

The total population of Limpopo Province is approximately 5,4 million according to the 2011 Census results. Approximately 56 945 (5%) households live in informal settlements. This total figure includes traditional structures, farmhouses, backyard shacks and other. Information in the table below indicates status of informal settlement in the district based on estimates from the Department of Cooperative Governance, Human Settlements and Traditional Affairs (**COGHSTA**)'s rapid assessments/initial visits to informal settlements and municipal records.

1.2.10.4. Informal Settlements within CDM

Municipality	Name of Settlement	No.	Landowner
Blouberg	None	00	N/A
Lepelle-Nkumpi	• Lebowakgomo Zone F Extension • Portion 2 of the Farm Voerspoed 458 KL	02	• Municipal Land • Department of Public Works
Molemole	None	00	N/A

Polokwane	<ul style="list-style-type: none"> • Mankweng G Ext. • Mankweng F Ext. • Freedom Park • Disteneng (Polokwane Ext 78) • Mohlakaneng (Polokwane Ext. 106) 	05	<ul style="list-style-type: none"> • Un-Proclaimed Land • Farmland • Municipal Land.
Total Capricorn		07	

Source: COGHSTA and Municipal Records.

The Draft Informal Settlement Upgrading Strategy for Limpopo prepared by COGHSTA promotes the following main developmental actions and responses to informal settlements:

- Rapid up-front preliminary assessments and categorisation.
- Full upgrading (town planning process, full services, top-structures, and tenure) where appropriate, affordable, and viable.
- Interim basic services for settlements viable and appropriate for long term full upgrading but where this is not imminent (a situation which often prevails).
- Emergency basic services for settlements where long-term upgrading is not viable or appropriate, but relocation is not urgent or possible (a situation which also often prevails).
- Relocations as a last resort for settlements where this is an urgent priority.

1.2.10.5. Land Use Management

Spatial Planning and Land Use Management Act 16 of 2013 (**SPLUMA**) was signed into law by the President on 02 August 2013, and formally published in the government gazette on 05 August 2013. Its Regulations came into effect on 01 July 2015. The enactment of SPLUMA has brought several fundamental changes in spatial planning and land use management. Among those changes are:

- Reiteration of the sole mandate of municipalities where municipal planning (land development, land use management) is concerned, placing municipalities as authorities of first instance invalidating inconsistent parallel mechanisms, parallel systems, measures or institution that existed dealing with land development application.
- Establishment and composition of Municipal Planning Tribunals and Appeals structures by municipalities to determine and decide on land development applications, and also providing municipalities with options for Tribunals and appeals structures to be created based on capacity.

In accordance with the SPLUMA, a municipality must put in place an overall planning and land use management system. The district has established the District Municipal Planning Tribunal and systems to implement SPLUMA together with the local municipalities. The Tribunal is functional, and members have been appointed.

Spatial Development Frameworks (**SDFs**) form the basis of all decisions taken by tribunals established in terms of Section 35 of SPLUMA. In preparing a municipal SDF, a municipality must among others give effect to the development principles and applicable norms and standards set out in Chapter 2 of the SPLUMA. Spatial Planning, Land Management and Development (e.g., Municipal SDF and IDPs) must be grounded in SPLUMA principles. The SPLUMA Principles are:

- The principle of spatial justice.
- The principle of spatial sustainability.
- The principle of efficiency.
- The principle of spatial resilience.
- The principle of good administration.

Every municipality must develop and/or adopt a Municipal Planning By-Law, which can be a unique document specific to the municipality, or a general one, based on a model prepared by the Department of Rural Development and Land Reform for municipalities. By-Laws will forthwith determine the procedural and administrative aspects of land use, planning, and management.

1.3. SERVICE DELIVERY OVERVIEW

1.3.1. Performance Management Overview

Capricorn District Municipality continued to reach out to more villages in all local municipalities during the 2021/22 Financial Year.

4	Lepelle Nkumpi Sanitation (WSIG)	7 096 014,63	Achieved 515 households with sanitation	515 VIPs Completed	Working

1.3.2. Water Projects

1.3.2.1. Lepelle Nkumpi, (Total MIG project Value R486 million)

The Municipality implemented the following projects in multi-year approach. Some sections are completed however the entire Groothoek and Mphahlele phases must be completed for the scheme to be functional. The two projects will be completed in the next financial year.

Groothoek (Lebowakgomo Zone B) (Ward 15, 19, 20, 21, 22, 23, 26 & 30) water supply for **16, 858** households,

Mphahlele regional water scheme for (Ward 15, 19, 20, 21, 22, 23, 26 & 30) for **16 858** households at the following villages:

- Mogodi village.
- Bolatjane village.
- Hweleshaneng village.
- Serobaneng village.
- Mamaolo village.
- Makurung village.
- Dithabaneng village.
- Malekapane village.
- Tjiane village.
- Tooseng village.
- Thamagane village.

- Morotse village.
- Lenting village.

1.3.2.2. Molemole (Total MIG project Value R 31 million)

We have implemented the following project in Molemole LM and is completed but transformers have been stolen. The matter was reported to Eskom to replace the stolen transformers, and this affects water supply to some sections of the village.

Sephala, Mokopu, Thoka, Makwetja Water Supply (Ward 2, 3 & 4) for 5 499 households

1.3.2.3. Water Challenges and Proposed Interventions

Challenges	Interventions
Inadequate bulk water supply and funding	Continuous engagements with Department of Water and Sanitation (DWS) regarding Glen Alpine and other means to ensure water provision in the Molemole and Blouberg area where we experience water shortages.
Capacity of the Olifantspoort Water Treatment Works vs Supply area/water requirements	Engagement with Lepelle Northern Water and DWS on the plans to upgrade the plant. Lepelle Northern Water is in a process of implementing phase 1 of upgrading of Bulk line from Olifantspoort to Polokwane, this will also benefit community of Lebowakgomo and surrounding areas.
Municipal Infrastructure Grant (MIG) co-funding for metered yard connections	Engage Department of Water and Sanitation and Cooperative Governance and Traditional Affairs (CoGTA) to review MIG conditions in order for MIG funding to cover metered yard connections
Over-reliance on boreholes and development ahead of services	<ul style="list-style-type: none"> • Implementation of bulk water feasibility studies to enable expansion of district growth points as long-term plan.
Stolen Transformers	<ul style="list-style-type: none"> • Constant engagement with ESKOM and through IGR structures.
Overloaded wastewater works	<ul style="list-style-type: none"> • Assessment and designs for Lebowakgomo and Senwabarwana Wastewater Treatment Works (WWTW) have been completed. • Infrastructure Support Agent (MISA) has assisted the Municipality with assessment and conducting feasibility study for upgrading of Alldays WWTW and the Municipality to take the process forward with designs. • Assessment and design for upgrading of Mogwadi WWTW to be addressed in 2022/2023 financial year.
Budgetary Constraints	<ul style="list-style-type: none"> • Increased efforts of cost recovery.
Staff Shortages	<ul style="list-style-type: none"> • Acceleration of the filling up of vacant funded posts.
Fleet shortage and unreliability	<ul style="list-style-type: none"> • Fleet renewal. • Improvement of the turnaround times by the fleet management service provider to reduce the fleet downtime.

1.3.3. Sanitation

One of our key infrastructure service delivery programmes aimed at restoring dignity to our people is the provision of decent sanitation facilities. To date, 33.2% of our households have access to sanitation facilities. However, it will require a huge budget to clear off the 66.8% backlog. Business plans have been developed for rural sanitation backlog eradication for Blouberg, Molemole and Lepelle Nkumpi local municipalities. The district has embarked on WWTW assessments, feasibility studies and development of technical reports and design reports for upgrading of WWTW which are operating above their design capacity. To date designs for upgrading of Lebowakgomo and Senwabarwana WWTW have been completed. The Municipality has submitted the plans to DWS seeking support and assistance to raise funding for implementation. MISA has assisted the district to conduct assessment for Alldays WWTW and the Municipality will further develop technical report and designs. Assessment and feasibility study for Mogwadi WWTW will commence in the 2022/2023 financial year.

1.3.4. Roads and Transport

The Rural Roads Assets Management System (**RRAMS**) continued to be implemented and updated. Road safety awareness campaigns were coordinated throughout the district. The public transport facilities were monitored in the whole Municipality to ensure safety of passengers and scholars alike. The total road network for the district is 4506 km, with 1223 km paved and 3283 km gravelled/unpaved. The LDPWRI is responsible for maintenance whereas Road Agency Limpopo (RAL)'s responsibility is that of upgrading. The ultimate is to connect the district with strategic economic hubs and the entire Province. The challenge has always been insufficient budget.

1.3.5. Disaster Management and Firefighting

One of our functions is disaster management and firefighting. The fire stations in CDM were utilized in cases of fire disaster by calling the station directly at 0800 666 777. The officials responded on fire related issues and road accidents effectively.

We have three fire stations in Blouberg (Senwabarwana Fire Station), Molemole (Botlokwa Fire Station) and Lepelle-Nkumpi (Sefako Makgatho Fire Station), with the fourth one under construction in Polokwane (TT Cholo Fire station).

1.3.6. Institutional Transformation

CDM continues to put service delivery at the heart of our performance and good performance continues to be duly rewarded.

We are also proud to mention that 90% of all funded and evaluated posts are filled. The Municipality shall from time to time decide on which posts to fill guided by its recruitment plan and budget. Notably, gender representation at management level approximates the character of our society and our staff component in that we have more women at Management level than men.

We also offer bursaries and scholarships that enable both our staff and councillors to enrol in a variety of courses that are relevant to their work or deployment respectively. Councillors and staff continued to be enrolled in various accredited recognised institutions.

The Municipality comprises of mostly rural villages and therefore is faced with families most of which struggle to educate their children. We have an external bursary scheme that has since assisted a lot of young people to make their dream of having tertiary qualification a reality. We have started off by prioritizing water related qualifications as we are a water authority, but we are now expanding into other areas, for example mining, tourism just to mention a few. The Municipality has plans to intensify internship/learnership programme in the next financial year. This we will be done in conjunction with different training institutions. We will also be rolling out a programme to train junior fire-fighters to ensure constant supply to our fire and emergency services.

1.3.7. Local Economic Development

The provincial economic outlook indicates that our district economy has grown faster than the other four districts in the Province and Capricorn is now the major contributor to the Limpopo economy. This economic growth shows that the sectors of our local economy have performed well but this has not translated into job creation, that is why we have developed a Spatial Development Framework (**SDF**). The SDF informs people about economic development and opportunities we have in our district.

1.3.8. Good Governance and Public Participation

The participation of multitudes of our people throughout the length and breadth of the district brings about excellence in the way we govern. Our engagements with them and other key stakeholders speak volumes about how they want their district to be. We are working tirelessly to hone our systems and give them timely feedback throughout the service delivery planning cycle, thus bringing to reality the concepts of cooperative governance, participatory democracy, and intergovernmental relations.

This success gives us strength and confidence that working together, we can defeat the scourge of corruption. We are inspired by the President's New Dawn drive to spare no effort in rooting out corruption and restore public confidence in public service. We therefore call upon all role players in civil society to help us in this regard without resorting to political mudslinging as we have recently witnessed. The anonymous toll-free number for reporting any suspicion of is **0800 20 50 53**.

1.3.9. Sport, arts, and culture

Outreach programs for the 2021/22 financial year were done differently due Covid 19 protocols. However, with our Sector Departments, the Unit attended and participated in the establishment and relaunching of CDM Sport Confederation. Over 20 Federations and Local and District Municipalities attended the elections whose intention was to shape Sport during this Covid 19 pandemic. Furthermore, the unit attended the District Sport Consultative Meeting to look at the Chapter of reviving Sport in the Capricorn District Municipality. By all standards, these meetings and engagements were fruitful in determining the destination of Sport in the District. The Unit also coordinated and hosted the 4 in 1 Marathon that took place at the Peter Mokaba Stadium on the 4th of June 2022, which was a resounding success in terms of all the aims and objectives it intended to achieve. The Unit also assisted in the coordination of several sport and recreation programs in relation to school sport and other individual codes that hosted National Programs like Volleyball Championship held at Ngoako Ramatlhodi Sport Complex in June 2022.

1.3.10. Financial Viability and Audit

The district has received an unqualified audit outcome for the 2020/2021 financial year. It is a wish of every institution to want to achieve good audit performance, but there is a lot of work, skill and commitment that go into achieving it. It is more than just about accounting. It is about compliance and accountability.

The future of every organ of state depends on its financial viability and how it manages its finances. It is with this in mind that CDM continues to apply good governance principles built on openness, transparency, accountability, efficiency, competency, and capacity to manage its finances, collect more revenue, retain its Grade 5 grading, reduce dependence on grants, roll out credible billing system and realise budget growth.

There is a functional Audit Committee established in accordance with section 166 of the MFMA. The current Committee was appointed on 18 January 2022 (Resolution No. SC 08/2021 - 2022/5.2) comprising of the following members:

- Mr SAB Ngobeni (Chairperson).
- Ms AMM Badimo (Deputy Chairperson: Information and Knowledge Management).
- Ms FJ Mudau (Deputy Chairperson: Risk Management)

- Ms NJ Manthata (Deputy Chairperson: Performance Audit Committee)
- Mr T Lekoloane
- Mr T Sande.

The following member's term came to an end in January 2022:

- Mr T Ramawa (Chairperson)
- Ms Hazel Masedi (Deputy Chairperson: Information and Knowledge Management).
- Mr SAB Ngobeni (Deputy Chairperson: Risk Management)

In terms of section 166(2) (a) the Audit Committee An audit committee is an independent advisory body which must advise the municipal council, the political office-bearers, the accounting officer and the management staff of the municipality on matters relating to-

- (i). internal financial control and internal audits
- (ii) risk management
- (iii) accounting policies
- (iv) the adequacy, reliability and accuracy of financial reporting and information
- (v) performance management
- (vi) effective governance
- (vii) compliance with the MFMA Act, the annual Division of Revenue Act, and any other applicable legislation
- (viii) performance evaluation and
- (ix) any other issues referred to it by the municipality or municipal entity.

The Committee is further mandated in terms of section 166 (2) (b) to review the annual financial statements to provide the council of the municipality with an authoritative and credible view of the financial position of the municipality or municipal entity, its efficiency and effectiveness and its overall level of compliance with the MFMA, the annual Division of Revenue Act and any other applicable legislation.

During the period under review the Audit Committee, current and its predecessor, reported quarterly to the Council in accordance with its legislated mandate, thereby ensuring and assuring financial viability and proper management of municipal finances. Its reports were adopted by the Council as follows:

Reports	Council Resolution	Date of Council
Quarter Ended 30 September 2021	OC 02/2021 - 2022/7.1.1	21 October 2022
Quarter Ended 31 December 2021	OC 03/2021 - 2022/7.1.1	28 January 2022
Quarter Ended 31 March 2022	OC 05/2021 - 2022/7.1.1	26 April 2022
Quarter Ended 30 June 2022	OC 01/2022 – 2023/7.1	29 July 2022

1.4. FINANCIAL HEALTH OVERVIEW

Financial viability is about being able to generate enough income to meet operating and capital payments and where applicable, to allow growth while maintaining service levels.

The unlocking of the financial management systems distinguished us from the rest as it enables us to review our compliance process and procedures in line with the Municipal Financial Management Act 56 of 2003 (**MFMA**). The systems enable tighter control on process, extensive protection of financial resources to ensure that the service to be acquired is value - adding. This enables us to explore in confidence our alternative revenue strategy and to embark upon various activities of unlocking the revenue potential of the district and the functional areas like water services for sustainability in the district. The following underpinned our efforts to secure our financial viability:

- The Debt Collection and Credit Control Policy was implemented, thereby improving revenue collection.
- CMD is embarking on implementing a prepaid water meters to maximise revenue collection.
- Council approved the Unauthorized, Irregular, Fruitless and Wasteful (UIFW) Expenditure Reduction Strategy on 28 October 2021 (Resolution No. SC 05/2021 - 2022/6.2) aimed at reducing or preventing recurrence of such expenditure.
- The audit opinion of the Municipality was unqualified with findings.

1.5. ORGANISATIONAL DEVELOPMENT OVERVIEW

1.5.1. HUMAN RESOURCE OVERVIEW

The Human Resource section of CDM is divided into two units, Human Resource Management and Human Resource Development. This is the heart of the Municipality as amongst its functions it has the responsibility of supporting the whole institution with human capital. The Section has as its head, the Human Resource Manager, to whom the Operations Manager Human Resource Management (HRM), Employee Relations (ER), Occupational Health and Safety (OHS), Employee Assistance Program (EAP) and Human Resource Development (HRD) report.

1.5.1.1. Human Resource Development

This Unit is made of the following Sub-units:

- I) Employee Performance Management.
- II) Organisational Development.
- III) Training.

1.5.1.2. Human Resource Management

- i) Employee Wellness.
- ii) Human Resource Benefits.
- iii) Employee Relations.
- iv) Occupational Health and Safety.

In the financial year 2021/22 the Section had an overall of 19 targets implemented and achieved.

1.5.1.3. Employee Wellness Program

The Municipality continued to provide employee wellness services to all employees who required such service. The Municipality appointed Centre for Occupational and Wellness Services as a professional service provider to deal with employee wellness and health and safety services. Employee wellness services provided for the period under review included the following: post traumatic counselling, routine trauma de-briefing for emergency and rescue personnel, bereavement counselling, performance or financial related challenges, clinical and non-clinical and preventative services. The EAP unit continues to serve as a cornerstone in supporting employees affected by COVID-19 and those classified as close contacts and as casual contacts.

1.5.1.4. Individual Support

The following were some of the Individual Sessions that the Unit assisted employees and Councillors on:

- Social challenges e.g., marital problems.
- Relationship problems.
- Raising a teenager understanding adolescent stage.

1.5.1.5. Employee Sports

Engaging employees in sporting activities is one of the fitness plans to keep them healthy and active. All employees can partake in sporting activities of their choices. Sports practices and events were put on hold because of Covid-19 Regulations. CDM offers the following sporting codes:

- Chess.
- Darts.
- Netball.
- Soccer.
- Table tennis.
- Volleyball.

1.5.1.6. Individual performance management

The Municipality has a Performance Management System (PMS) Policy which applies to all employees. The Policy was reviewed and approved by the Council on the 29th of July 2021 in terms of Resolution No. OC 01/2021-2022/7.3.16.

The Performance Management Unit produced a report on individual performance of employees and qualifying employees were duly rewarded for the 2020/21 performance during the 2021/22 financial year.

1.5.1.7. Job Evaluation

SALGA has established job evaluation committees to oversee the job evaluation process for all municipalities in the Province. The committees include amongst others, the Job Evaluation Administrators (responsible to load jobs and job descriptions on the system), District Job Evaluation Committee (responsible to evaluate jobs) and the Provincial Audit Committee (responsible for coding jobs from all the districts, moderate / audit the evaluated jobs and issue an outcomes report to municipalities).

The Municipality has submitted job descriptions to SALGA for evaluation and the process is underway. Once all the jobs have been evaluated, moderated, and audited by the different job devaluation committees, the Provincial Audit Committee will issue the Municipality with the Final Job Evaluation

Outcomes Report, which the Municipality will have to table at Council for approval. Then all employees of the Municipality will be issued with job evaluation outcome letters that will indicate their TASK Grading and TASK Salary.

Employees will be given an opportunity to appeal in line with the SALGA TASK Job Evaluation Policy. Having considered all the registered appeals, the Provincial Audit Committee will issue the final outcomes Report and that will be the final decision. The Municipality will be allowed to make budget provisions for the implementation of the TASK Salary Grading in line with the TASK Wage Collective Agreement. Employees that are earning less than the TASK Salary Grades will get an adjustment, however, those employees already earning above the TASK Salary Grades will remain with their current remuneration on a contract to holder basis.

As job evaluation is an ongoing process, when there are new positions created on the organizational structure or amendments to a job (additional or reduction of roles and responsibilities), those jobs will be subjected to job evaluation.

1.5.1.8. Organizational Structure

The Municipality adopted an Organizational Structure in a Council meeting on 21 May 2021 amended as per Council resolution OC 06/2020 – 2021 / 6.1.4.

The summary is represented as follows:

1.5.1.8.1. Organizational Structure as per filled and vacant positions:

Count of Department	Column Labels	
Row Labels	Filled	Vacant
Community Services	81	37
Corporate Services	67	22
Development Planning and Environmental Management Services	19	12
Infrastructure Services	490	75
Strategic Executive Management Services	59	21
Financial Management Services	78	31
Grand Total	794	198

1.5.1.9. Skills Development and Training

Workplace Skills Plan (WSP) and the Annual Training Report (ATR) were developed and submitted to the Local Government SETA by 30th of June 2022. The Municipality has Internal Bursary Policy approved by Council on 30 October 2019 (Resolution OC 02/2019-2020/7.2.5).

1.6. AUDITOR GENERAL REPORT

The Municipality has obtained unqualified audit opinion. In terms of this opinion, the financial statements present fairly, in all material respects, the financial position of the Capricorn District Municipality as at 30 June 2021, and its financial performance and cash flows for the year then ended in accordance with Generally Recognised Accounting Practice (Standards of GRAP) and the requirements of MFMA and the Division of Revenue Act 4 of 2020 (DoRA).

1.7. STATUTORY ANNUAL REPORT PROCESS

ACTIVITY	DATE	LEGISLATION	RESPONSIBILITY
IDP Management Committee Planning Session	08 July 2021	MSA Sec. 27 (1)	District and LMs IDP Managers/ Officers
1 st IDP Rep Forum (to present IDP/Budget Process Plan)/ Awareness campaign	22 July 2021	MSA Sec. 28	Municipal Manager

CHAPTER 2 – GOVERNANCE

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

2.1. POLITICAL GOVERNANCE

Section 2 of the Local Government: Municipal Systems Act 32 of 2000 (**Municipal Systems Act**), defines a municipality as an organ of state within the local sphere of government exercising legislative and executive authority within an area determined in terms of the Local Government: Municipal Demarcation Act 27 1998, consisting of the political structures; administration and the community of the municipality. The same section authorises a municipality to function in its area in accordance with its political, statutory, and other relationships between its political structures, political office bearers and administration, and confers a separate legal personality on a municipality, which excludes liability on the part of its community for the actions of the municipality.

Section 151(2) of the Constitution of the Republic of South Africa, 1996 (**Constitution**), vests both the executive and legislative authority a municipality in its Municipal Council.

In line with its approved Separation of Powers Model, the CDM Council comprises of the legislative and executive arms presided over by the Speaker and Executive Mayor respectively.

Council has a System of Delegation of Powers in terms of Section 59 of the Municipal Systems Act and section 79 of the MFMA. The System of Delegation of Powers, approved on the 20th December 2021 (Resolution No. Sc 07/2021-2022/5.1.4), delegates some decision-making powers to the Executive Mayor; Speaker; Whip of Council, Mayoral Committee; Portfolio Committees and other Committees of the Council; and administrative components responsible for decision-making and implementation respectively. The System seeks to maximise administrative and operational efficiency and provides for adequate checks and balances. It decentralizes and democratizes decision-making within the institution and improves the pace at which services are delivered to the community.

2.1.1. POLITICAL STRUCTURES

Section 1 of MFMA defines the political structures of a municipality as the council of a municipality or any committee or other collective structure of a municipality elected, designated, or appointed in terms of a specific provision of the Local Government: Municipal Structures Act, No 117 of 1998 (**Municipal Structures Act**).

2.1.2. COUNCIL

Council is the highest decision-making political structure in the Municipality. The current Council was inaugurated on the 26th November 2022 at the Jack Botes Hall (Polokwane) where all members took oath or solemn affirmation before the Polokwane Magistrates, Mr Godfrey Netshiodzwi and Ms Phooko Base (Senior Magistrate). In the same seating Council noted the Council Rules of Order and Code of Conduct for Councillors and elected the following office-bearers: Cllr Maseka Solomon Pheedi as Speaker, Cllr Mamedupi Kirsty Teffo as Executive Mayor, and Cllr Chuene William Malebana as Whip of Council. Further the Executive Mayor delivered her acceptance speech and announced her Members of the Mayoral Committee (MMCs).

The Council of Capricorn District Municipality (**CDM**) comprises of 56 seats in terms of the Section 21 Notice of 24 September 2021. There were three political parties represented in the Council before the 2021 Local Government Elections and six afterwards as follows:

	PARTY	SEATS	
		June-November 2021 (Pre-2021 LGE)	November-June 2022 (Post-2021 LGE)
1.	African National Congress (ANC)	35	37
2.	Economic Freedom Fighters (EFF)	16	12
3.	Democratic Alliance (DA)	05	03
4.	Defenders of the People (DoP)	0/N/a	02
5.	Abantu Batho Congress (ABC)	0/N/a	01
6.	Vryheid Front Plus (VF+)	0/N/a	01
TOTAL		56	56

60% or 34 of the seats are occupied by representatives of the 4 local municipalities constituting CDM as follows (both pre- and post-2021 LGE):

	MUNICIPALITY	SEATS
1.	Polokwane Local Municipality (LM)	19
2.	Lepelle-Nkumpi LM	06
3.	Blouberg LM	05
4.	Molemole LM	04
TOTAL		34

The other 40% or 22 of the Councilors are directly elected to the Council of CDM, proportionally representing political parties as follows:

	PARTY	SEATS
1.	ANC	15
2.	EFF	05
3.	DA	01
4.	DoP	01
TOTAL		22

Members of the Council (Pre and Post 2021 LGE respectively) are as detailed in **APPENDIX 1 (A)**.

The Municipality's Council remained stable throughout the year, successfully held all the 6 prescribed meetings, and passed all the compliance resolutions as follows:

MEETING NO.	DUE DATE/ON OR BEFORE	LEGISLATIVE PROVISION	COMPLIANCE AGENDA ITEMS	MEETING HELD
OC 01/2021-2022	30/07/2021	MFMA s 52 & s127(2) read with MSA s18(2)	Quarter 4 2020/21 Report	29 July 2021
OC 02/2021-2022	30/10/ 2021	MFMA s 52 & s 127(2) read with MSA s18(2)	Quarter 1 2021/22 Report	21/10/2021

Record of Councillors' attendance of Council meetings for the year is outlined in **APPENDIX 1(C)** of this report.

2.1.2.1. COUNCIL COMMITTEES

After its establishment post the 2021 Local Government Elections, Council established and delegated functions to various categories of committees in terms of section 79 of the Municipal Structures Act as follows:

(a) Portfolio Committees

Portfolio Committees were established to play oversight on each of the Municipality's existing Administrative Departments, namely Community Services and Sport, Arts & Culture (established post the 2021LGE); Corporate Services; Development Planning and Environmental Management Services Portfolio Committee (**DPEMS**); Finance; Infrastructure Services; and Strategic Executive Management Services (**SEMS**). Each Portfolio Committees comprises of no more than 15 members, with each political party represented therein in accordance with section 160(8) of the Constitution, as outlined in **APPENDIX 1(B)** of this report. Portfolio Committees play oversight function of the Legislative Arm of Council over the Executive Arm through, inter alia:

- Consideration and oversight of the IDP/Budget and Service Delivery and Budget Implementation Plan (**SDBIP**) of the relevant department.
- Consideration and oversight of in -year and annual reports of the relevant department.
- Consideration and oversight of any policy or by-law relating to the department.
- Conducting site visits (projects visit) to ascertain contents of in -year and annual reports.
- Conducting public hearings; and
- Investigating and reporting on issues that are referred to them, or on their own initiative.

The chairpersons of the Portfolio and Standing Committees pre- and post the 2021 LGE were as follows:

Committee	Chairperson	Gender	Seat Type
Community Services Portfolio Committee	Vacant		
	Cllr Lebesse Mpho Japhter	Male	LC Rep – Lepelle-Nkumpi
Corporate Services Portfolio Committee	Ledwaba Prankie Eva	Female	LC Rep – Lepelle-Nkumpi
	Cllr Muthabine Mmaphuti Rufus	Male	LC Rep – Polokwane
Development Planning and Environmental Management Services (DPEMS)	Cllr Masekwameng Mapeu Rahab	Female	LC Rep – Blouberg

	Cllr Ralefatane Mariri Johannes	Male	LC Rep – Polokwane
Finance Portfolio Committee	Cllr Phoshoko Mapula Salome	Female	LC Rep – Polokwane
	Cllr Tshoshi Manare Martin	Male	PR
Infrastructure Services Portfolio Committee	Cllr Molepo Fokisi James	Male	LC Rep – Polokwane
	Cllr Masemola Sebolaishi Granny	Female	PR
Strategic Executive Management Services (SEMS)	Vacant		
	Cllr Phukubye Dorothy	Female	LC Rep – Polokwane
Sport, Arts and Culture	N/a		
	Cllr Machaba Makgato Joseph	Male	PR

Committee	Chairperson	Gender	Seat Type
Municipal Public Accounts Committee (MPAC)	Cllr Moyagabo Pauline Makgato	Female	LC Rep -Molemole
	Cllr Mothata Maphuti Lisbeth	Female	PR
Ethics, Rules, and Integrity Committee	Cllr Sewela Motjopi	Female	PR
	Cllr Masubelele Jara Alfred	Male	PR
Committee of Chairpersons	Cllr Masoga, Phuti Stanford	Male	LC Rep -Molemole
	Cllr Masoga, Phuti Stanford	Male	LC Rep -Molemole

Rule 28 (1) (d) of the Council Rules of Order provides that Portfolio Committees must hold at least one meeting per month, excluding the December month.

All the Portfolio Committees held their meetings in accordance with the approved Annual Corporate Calendar, excluding November 2021 during which Committees were not yet established following the 2021 LGE, as follows:

PORTFOLIO COMMITTEE	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	March	April	May	June
Community Services	16	19	13	08	None held	N/A	17	15	10	12	12	17

(a) Standing Committees

Standing Committees are a category of Council Committees whose powers and functions cut across all the portfolios, and were established as follows pre- and post the 2021 LGE:

(i) Municipal Public Accounts Committee (MPAC)

The MPAC was established on the 20th December 2021 following the November 2021 Local Government Elections, composed as follows:

NO.	COUNCILLOR	PARTY	GENDER	SEAT TYPE
1.	Hamise Lebeko Harry	ANC	M	LC Rep – Polokwane
2.	Mabote Makhasane Gloria	ANC	F	LC Rep – Polokwane
3.	Masekwameng Rahab Mapeu	ANC	F	PR
4.	Mocke Bianca	DA	F	PR
5.	Moloto Mmakwena Hazel	ANC	F	LC Rep – Polokwane
6.	Murwa Thosetse Phaka Kgolane	ANC	M	LC Rep – Polokwane
7.	Pheedi Mmatlala Rekiel	ANC	F	LC Rep – Polokwane
8.	Mothata, Maphuti Lisbeth	ANC	F	PR
9.	Mothata Lesiba Samuel	EFF	M	PR
10.	Motolla Matome Oscar	EFF	M	LC Rep - Molemole

The Committee was inducted on the 10th January 2022 and proceeded to execute its powers and functions as outlined in **APPENDIX B (2)** herein. It executed all its activities as outlined in the 2021/22 Annual Work Programme approved by Council on the 27th May 2021 (Resolution No. SC 11/2020 - 2021/5.2). These include visiting and reporting on projects across the Municipality; holding regulated meetings and successfully conducting public hearings on the performance reports referred to it by the Council.

The Committee held a total of 16 meetings as follows:

Quarter 1	Quarter 2	Quarter 3	Quarter 4
<ul style="list-style-type: none"> • 20/07/ 2021. • 19/08/2021. • 01/09/2021. • 10/09/ 2021. 	<ul style="list-style-type: none"> • 08/10/2021. 	<ul style="list-style-type: none"> • 10/01/2022. • 20/01/2022. • 08/02/2022. • 15/02/2022. • 03/03/2022. • 17/03/2022. 	<ul style="list-style-type: none"> • 07/04/2022. • 12/05/2022. • 18/05/2022. • 07/06/2022. • 10/06/2022.

The Committee also successfully conducted its Annual Working Session on the 23rd – 24th February 2022 and Annual Strategic Planning Session on the 20th – 21st June 2022.

The Committee conducted oversight visits to 25 projects across the district as follows:

PERIOD	DATE	PROJECT/SITE NAME	DISTRICT AREA
QUARTER 1	02/07/2021	Bolahlagomo & Volop WS	Lepelle-Nkumpi LM
	10/08/2021	Sephala, Mokopu, Makwetja & Thoka WS	Molemole LM

	13/06/2022	TT Cholo Fire Station	Polokwane LM
--	------------	-----------------------	--------------

Public hearings and public participation sessions conducted by the Committee are recorded elsewhere in this report.

(ii) Ethics, Rules, and Integrity Committee

The Ethics, Rules and Integrity Committee was established on the 20th December 2021 following the November 2021 Local Government Elections, composed as follows:

NO.	COUNCILLOR	PARTY	GENDER	SEAT TYPE
1.	Hamise Lebeko Harry	ANC	M	LC Rep – Polokwane
2.	Mabote Makhasane Gloria	ANC	F	LC Rep – Polokwane
3.	Masekwameng Rahab Mapeu	ANC	F	PR
4.	Masubelele Jara Alfred	ANC	M	PR
5.	Mocke Bianca	DA	F	PR
6.	Moloto Mmakwena Hazel	ANC	F	LC Rep – Polokwane
7.	Murwa Phaka	ANC	M	LC Rep – Polokwane
8.	Pheedi Mmatlala Rekiel	ANC	F	LC Rep – Polokwane
9.	Mothata Lesiba Samuel	EFF	M	PR
10.	Motolla Matome Oscar	EFF	M	LC Rep - Molemole

This Committee was established in terms of section 79 of the Local Government Municipal Structures Act 117 of 1998 and Council delegated it the following powers under the System of Delegation of Powers approved on 20 December 2022:

- Monitoring and evaluation of compliance with the Council Rules of Order.
- To review and recommend amendments of the Council Rules of Order at intervals determined by Council.
- Determining the financial interests of Councillors that must be made public in terms of Item 7(4) of the code of Conduct for Councillors.
- To recommend the Uniform Standing Procedure for Proceedings for the Imposition of a Fine or the Removal of a Councillor for not Attending Meetings (**USP**) as prescribed in Schedule 7 of the Local Government: Municipal Structures Act, No. 117 of 1998 as amended in terms of the Local Government: Municipal Structures Amendment Act, 2021.
- To investigate and report to Council on contraventions of Item 5 (3) of the Code of Conduct for Councillors by any councillor as referred for investigation by the Speaker in accordance with provisions of the USP.

In line with Section 63 of the Systems Act all delegated bodies must report to the delegating authority, at intervals as the delegating authority may require, on all decisions taken under a delegated or sub-delegated power or duty, since the last report. The Committee was scheduled to report to Council on a quarterly basis against an approved Annual Plan.

The Committee held all its scheduled quarterly and special meetings and duly reported to the Council on a quarterly basis as follows:

QUARTER	MEETINGS HELD	REPORTED TO COUNCIL
QUARTER 1	<ul style="list-style-type: none"> 06 July 2021. 21 September 2021 (Special) 	29 July 2021
QUARTER 2	<ul style="list-style-type: none"> 14 October 2021. 	21 October 2021
QUARTER 3	<ul style="list-style-type: none"> 06 January 2022 (Induction). 19/01/2022. 23/03/2022 (Special). 	28 January 2022
QUARTER 4	<ul style="list-style-type: none"> 08 April 2022 	26 April 2022

The Committee also held a successful annual strategic planning session on the 14th -15th June 2022 for the following objectives:

- To discuss and identify aspects of the Council Rules of Order that may require review.
- To reflect on Councillors general compliance with the Code of Conduct for Councillors and recommend interventions for improvement.
- To consider the Uniform Standing Procedure (USP) for sanctions for not attending meetings and breach of the code of conduct for Councillors by a Councillor.
- To review Councillors' attendance of Council and Committee meetings in order to develop strategies to address untoward practices.
- To review the performance of the Committee for the 2021/22 Financial Year.
- To develop the Committee's Draft Annual Performance Plan for the 2022/23 Financial Year.
- To establish coherence and collaborative relationship between the Committee and the offices of the Whip of Council and Speaker.

(iii) Committee of Chairpersons

The Committee of Chairpersons comprises of Chairpersons of all the Council Committees as outlined above. It is delegated the following powers and functions:

- To ensure committees are functioning effectively.
- To prepare guidelines to enable chairpersons to effectively fulfil their roles.
- To discuss the coordination, supervision and monitoring of the activities and functioning of the various ad hoc committees affecting the scheduling or functioning of any committee of the legislature or other forum of the legislature; and
- To ensure the smooth running of the committees.

The Committee complied 75% with its scheduled quarterly meetings as follows:

Quarter 1	Quarter 2	Quarter 3	Quarter 4
27/08/2021	None	21/02/2022	09/06/2022

The Committee held two special meetings on the 28th of September 2021 and 12 January 2022 (Committee Induction).

(b) Multi-Party and Inter-municipal Committees

(i) Multi-Party Whippery

The Multi-Party Whippersy comprises of the Chief Whips of political parties represented in the Council, namely the ANC; EFF; DA; DoP; ABC; and VF+. The Committee is chaired by the Whip of Council, and has been delegated the following powers:

- Co-ordination of matters for which whips are responsible.
- Ensuring political liaison and consultation amongst the political parties represented in the Council.
- Sharing ideas and seeking solutions on issues that may cause conflict in the Council.
- Agreeing on the approach to avoid unnecessary debates in Council.
- To develop guidelines for speaking time in Council.

The Multi-Party Whippersy held 14 meetings as follows:

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 4
<ul style="list-style-type: none"> • 28 July 2021. • 03 August 2021. • 30 August 2021. 	<ul style="list-style-type: none"> • 20 October 2021. • 27 October 2021. • 10 December 2021. • 20 December 2021. 	<ul style="list-style-type: none"> • 18 January 2022. • 26 January 2022. • 23 February 2022. • 23 March 2022. 	<ul style="list-style-type: none"> • 25 April 2022. • 18 May 2022. • 30 May 2022.

The Office of the Whip of Council submitted standard reports on the functionality of the Whippersy System to the Council on a quarterly basis as planned, as follows:

- 29 July 2021 (Resolution No. OC 01/2021 - 2022/7.4.3).
- 21 October 2021 (Resolution No. OC 02/2021 - 2022/7.3.2).
- 28 January 2022 (Resolution No. OC 03/2021 - 2022/7.3.2).
- 26 April 2022 (Resolution No. OC 05/2021 - 2022/7.3.2).

(ii) District Chief Whips Forum

The District Chief Whips Forum comprises of the Council Chief Whips (Whips of Council) of CDM and its local municipalities and serves the following purpose:

- To ensure the implementation of intergovernmental protocol framework between the District and its locals
- To share best practices between the District and its locals
- To ensure proper coordination of the Intergovernmental Relations structures
- To engage and agree on the support the District should offer to its locals
- To implement and check progress on implementation of programmes of the Chief Whips offices; and
- To plan and coordinate the Makgotla programs.

The Forum was scheduled to meet on a quarterly basis and successfully held its meetings as follows:

1. 15/09/2021.
2. 21/02/2022.
3. 18/03/2022.
4. 18/05/2022.
5. 27/06/2022.

(iii) District Speakers Forum

The District Speakers Forum comprises of the municipal Speakers of CDM and its local municipalities and serves to co-ordinate programmes of offices of the Speakers and facilitate inter-municipal relations. The Forum was scheduled to meet on a quarterly basis and successfully held its meetings as follows:

- 05/08/2021.
- 13/12/2021.
- 18/03/2022.
- 18/05/2022.

(iv) District MPAC Forum

The Forum comprises of MPAC Chairperson of CDM and all its local municipalities and co-ordinates programmes of the MPACs. The Forum was scheduled to meet on a quarterly basis and successfully held its meetings as follows:

- 11/08/2021.
- 07/02/2022 (induction).
- 28/02/2022.
- 13/05/2022.

2.1.2.2. MAYORAL COMMITTEE

The Mayoral Committee was re-established after the 2021 Local Government Elections in terms of section 60 of the Municipal Structures Act to assist the Executive Mayor, and comprises of the Executive Mayor, Cllr Mamedupi Kirsty Teffo, and eight members appointed and allocated responsibilities by the Executive Mayor pre- and post the 2021 LGE as follows:

Portfolio/Department	Accountable MMC	Gender	Full Time/Part Time
Community Services	Cllr Kgare Makwena Betty	Female	Full Time
	Cllr Rahlana Mokgadi Elizabeth	Female	Full Time
Corporate Services	Cllr Malebana Chuene William	Male	Part Time
	Cllr Selamolela Molatja Samson	Male	Full Time
Development Planning and Environmental Management Services (DPEMS)	Cllr Selamolela Molatja Samson	Male	Full Time
	Cllr Masoga Matome Calvin	Male	Full Time
Finance	Cllr Boloka Mushaisane Phineas	Male	Full Time
	Cllr Ramokolo Mokgaetsi Maria	Female	Full Time
Infrastructure Services	Cllr Mokobodi Molahlwa Maria	Female	Full Time
	Cllr Mohale Maite Monicah	Female	Full Time
Local Economic Development (LED)	Cllr Mothiba Mabotse Lorraine	Female	Part Time
	Cllr Mamabolo Modikwa Caroline	Female	Part Time
Sport, Arts & Culture	Cllr Kgatla Kwena Elizabeth	Female	Part Time
	Cllr Makhura Makgalemele Hildah	Female	Part Time
Strategic Executive Management Services (SEMS)	Cllr Masubelele Jara Alfred	Male	Full Time
	Cllr Mahlatji Mashego Solomon	Male	Part Time

For the financial year the Mayoral Committee was scheduled to meet at least once in a month (excluding December), and held **91%** of its meetings as follows:

NO.	DATE	VENUE
OMC 01/2021-2022	22 July 2021	Virtual Platform
OMC 02/2021-2022	25 August 2021	Virtual Platform
OMC 03/2021-2022	15 October 2021	Virtual Platform

OMC 08/2021-2022	22 April 2022	Virtual Platform
OMC 09/2021-2022	16 May 2022	Virtual Platform
OMC 10/2021-2022	28 June 2022	Virtual Platform

The Mayoral Committee meeting scheduled for September 2021 was forfeited due to the vacancy of Executive Mayor and Mayoral Committee positions that subsisted from 31 August until 29 September 2021, following the resignation of the Executive Mayor, Cllr Mosema John Mpe, who was eventually substituted by Cllr Mamedupi Kirsty Teffo for the remainder of Council's term of office.

Rule 31 read with Rule 32 of the Council Rules of Order authorise the Executive Mayor as the Chairperson to convene special meetings of the Mayoral Committee at any time whenever there is any matter, he/she deems urgent to warrant consideration before the next scheduled meeting. During 2021/22 the Executive Mayor convened five special Mayoral Committee as follows:

NO.	DATE	VENUE	SUBSTANTIVE ITEMS CONSIDERED

2.1.3. POLITICAL OFFICE BEARERS

In terms of section 1 of the MFMA, “political office-bearer” in relation to a municipality, means the speaker, executive mayor, deputy executive mayor, mayor, deputy mayor or a member of the executive or mayoral committee of a municipality elected, designated, or appointed in terms of a specific provision of the Municipal, or a councillor referred to in section 57(1) of the MFMA. The said section 57 (1) of the MFMA provides that the council of a municipality which does not have a mayor must designate a councillor to exercise the powers and duties assigned by this Act to a mayor.

The Whip of Council is an office bearer in terms of section 41A. (1) of the Municipal Structures Act as amended by the Municipal Structures Amendment Act No. 3 of 2021, which came into effect on 01 November 2021.

2.1.3.1. FULL TIME OFFICE BEARERS

The following office-bearers and councillors are designated full time councillors in terms of section 18(4) of the Municipal Structures Act:

- Executive Mayor.
- Speaker.
- Whip of Council.
- Chairperson of MPAC.
- MMC for Infrastructure Services.
- MMC for DPEMS.
- MMC for Community Services.
- MMC for Finance.
- MMC for Corporate Services.

2.1.3.2. STATUTORY AND DELEGATED POWERS TO OFFICE BEARERS

Section 59 of the Municipal Systems Act provides that a municipal council must develop a system of delegation that will maximize its administrative and operational efficiency. The section provides that a municipal council may in accordance with its system of delegation, delegate appropriate powers to any of the Municipality’s political structures, political office bearers, Councilors, or staff members. Excluded from the powers which may be delegated are:

- The powers mentioned in section 160 (2) of the Constitution; namely
 - The passing of by-laws.
 - The approval of budgets.
 - The imposition of rates, taxes, levies, and duties; and
 - The raising of loans.
- The powers to set tariffs.
- The powers to resolve to enter into a service delivery agreement in terms of Section 76 (b) of the Municipal Systems Act; and
- The power to adopt or amend the Municipality’s Integrated Development Plan (**IDP**).

2.1.3.2.1. EXECUTIVE MAYOR

Cllr Mamedupi Kirsty Teffo

Cllr Mosema John Mpe resigned as the Executive Mayor on the 31st August 2021. Cllr Mamedupi Kirsty Teffo was elected as Executive Mayor to complete the term of the 4th Council from the 29th September. After the Local Government Elections of November 2021, she was elected Executive Mayor for the term of the 5th Council on the 26th November 2021.

The Executive Mayor has statutory functions and powers as provided for in sections 56, 60 and 80 of the Municipal Structures Act; sections 30, 39 and 62 of the Municipal Systems Act; financial functions

and powers as provided for in various sections of the MFMA, and functions and powers as provided for in other pieces of legislation.

In addition, the Executive Mayor has been delegated powers, inter alia:

- To make any press statement on behalf of the Council.
- To receive reports with recommendations from departmental heads through the office of the Municipal Manager on all matters that must be dealt with by either the Executive Mayor or the Council in terms of these delegations, and for which a specific committee has not been created to consider the matter beforehand.
- To consider the matters raised in reports referred to in the paragraph immediately hereinabove and either dispose of them in terms of the Executive Mayor's delegated powers or forward them with the Executive Mayor's recommendation to the Council for consideration and finalization.
- To receive reports with recommendations from the committees established for specific matters, consider the matters raised in these reports, and either dispose of them in terms of the Executive Mayor's delegated powers or forward them with a recommendation to the Council for finalization.
- All powers, necessary or incidental, to execute the following:
 - The responsibility for the quality and speed of decision making.
 - The responsibility to ensure that integration takes place between the various committees.
 - The responsibility to play a prominent role, in consultation with the Municipal Manager, in building and maintaining a good relationship between the Council, Councilors and the Administration.
 - The responsibility for political supervision of the Administration.
 - The responsibility for liaison with the community, ward committees, other committees and councilors, and political office bearers in the different spheres of government.
 - The responsibility to be available, on a regular basis, to grant interviews to the public and visitors to the Municipal offices and to interact with businesspeople.
 - In general, all other powers and functions, necessary or incidental, to enable the Executive Mayor to discharge his or her duties as contemplated in section 56 of the Municipal Structures.
- To establish any committee within Council's Executive Arm, the appointment of members to such committee and the appointment of chairperson to such committee.
- To determine policy for the organization of the Council's administrative functions, activities, and work force into departments.
- To set policy in respect of matters falling within the delegated powers of the Executive Mayor.
- To comment on proposed legislation and government policies.
- To appoint executive councillors to attend international, national, and local meetings/conferences/seminars etc.
- To appoint or nominate executive councillors to represent Council to external bodies including the South African Local Government Association (**SALGA**).
- To approve international co-operative agreements.
- To co-ordinate the operations of MMCs.
- To grant leave of absence to members for meetings of the Mayoral committee.
- To mandate the relevant forum in respect of all salary and wage disputes.
- Appointment of an Acting Municipal Manager for a period not exceeding one month.
- To grant, cancel, postpone or interrupt leave of the Municipal Manager; and

- To approve participation by the Municipal Manager in international meetings, conferences, seminars etc.

2.1.3.2.2. SPEAKER

Cllr Maseka Solomon Pheedi

Cllr Maite Monicah Mohale was the Speaker until the 2021 LGE, whereafter Cllr Maseka Solomon Pheedi was elected the Speaker on 26 November 2022. The Speaker of a municipal council is assigned the following functions per section 37 of the Municipal Structures (as amended):

- To preside at meetings of the Council.
- To perform the duties and exercise the powers delegated to the speaker.
- To ensure that Council meets at least quarterly.
- To maintain order during council meetings.
- To ensure compliance in the Council and Council committees with the Code of Conduct for Councillors; and
- To ensure that Council meetings are conducted in accordance with the Rules of Order of the Council.
- To ensure that the legislative authority of the municipality functions effectively.
- To be responsible for the effective oversight over the executive authority of the municipality.
- To ensure the effectiveness of the committees of the municipal council established in terms of section 79.
- To be responsible for the ethics and accountability of the municipal council; and
- To ensure the effectiveness and functionality of ward committees and the public participation processes.

The Speaker of CDM has been delegated the following powers and functions in terms of the System of Delegation of Powers:

- To take charge of the Legislative Arm of the municipal Council and guard the integrity of the legislative process, as well as protect the checks and balances between the Legislative Arm and the Executive Arm of the Council.
- To ensure that by-laws that are tabled comply with the Constitution; Structures Act; Systems Act and other applicable National and Provincial legislation.
- To ensure that the procedural requirements that apply specifically to the adoption of by-laws have been adhered to.
- To guard the integrity of the Council, which requires the Speaker to guard against the abuse of councillors' privileges and interests.
- To deal with complaints lodged against councillors by members of the community.
- To call Council meetings and decide on their time and venue, provided that if a majority of councillors request a meeting, the Speaker must convene a meeting accordingly.
- Although the Council is the ultimate decision maker on the Rules of Order, the Speaker should take the initiative in the policy formulation around the Rules of Order.
- To ensure that:
 - Councillors' freedom of speech in the Council is protected, i.e., that councillors are allowed to speak freely, that there is order in the meeting, and that there are no interruptions; and
 - Councillors' freedom of speech is exercised subject to Council Rules of Order.

- To be involved in the preparation of the agenda that is circulated to the Council members prior to a meeting.
- To ensure the implementation of the provisions of the Structures Act dealing with Council meetings, such as section 30, which deals with quorums and decisions.
- To grant leave of absence to Councilors for meetings of the Council.
- To allocate speaking time to members in terms of the Council's policy on the issue.
- To implement section 81(3) of the Structures Act, which affords the participating traditional authorities an opportunity to address the Council in particular circumstances.
- To facilitate the implementation of section 20(1) and (2) of the Structures Act in as far as it deals with the public's admission to Council meeting. The council decides whether to close a meeting or not, but the Speaker must be able to advise Council and facilitate decision making around the issue. The Speaker must ensure that members of the public are seated in designated areas and should have the authority to remove any person who refuses to comply with the Speaker's ruling.
- To implement the voting procedures as determined by the Council in its Rules of Order, subject to the Structures Act. If council cannot take a decision on any matter, the councilor presiding, which would normally be the Speaker, can cast an extra vote to decide the matter.
- To maintain an attendance, register to implement item 4(2) of the Code of Conduct. This provides for the removal of a councilor after a third consecutive absence from Council meeting without having obtained leave of absence.
- To appoint non - executive Councilors to attend congresses, workshops, seminars, and similar events, except when invitations are addressed to specific office bearers of the Council.
- To receive an assessment of the seriousness of the financial problem in the Municipality, the determination of the provincial executive whether the financial problem experienced by the Municipality, singly or in combination with other problems, is sufficiently serious or sustained that the Municipality would benefit from a financial recovery plan and the request to a suitably qualified person to prepare and submit a financial recovery plan for the Municipality.
- To receive an approved financial recovery plan for the Municipality.
- To receive a copy of the Municipal Financial Recovery Service's determination of the reasons for the crisis in the Municipality's financial affairs and assessment of the Municipality's financial state.
- To receive progress reports and a final report on any intervention from the Member of the Executive Council (**MEC**) for local government or the MEC responsible for finance.
- To receive a notification that an intervention in the Municipality has ended; and
- To report to the Council on a regular basis as prescribed in the Back-to-Basics Strategy.

The Office of the Speaker performed the said assigned and delegated functions and duly reported to Council on a quarterly basis as follows:

REPORT NO.	DATE	COUNCIL RESOLUTION
01	29 July 2021	OC 01/2021 - 2022/7.4.1
02	21 October 2021	OC 02/2021 - 2022/7.3.1
03	28 January 2022	OC 03/2021 - 2022/7.3.1
04	26 April 2022	OC 05/2021 - 2022/7.3.1

2.1.3.2.3. WHIP OF COUNCIL

Cllr Chuene William Malebana

The Whip of Council is a full-time office bearer and reports directly to Council on a quarterly basis to ensure that Council and councillors are adequately informed of the Municipality's governance programmes delegated to the Office of the Whip of Council.

The Whip of Council has statutory powers assigned in terms of section 41B of the Municipal Structures (as amended):

The Whip of Council has been delegated the following powers and functions:

- To create and maintain sound and constructive relations amongst the various political parties in the Council.
- To facilitate consensus between parties in the council.
- To ensure equitable allocation of councillors to Council Committees in conjunction with the Speaker after consultation with the Whips of other political parties in Council.
- To advise and implement an effective strategy for debates, questions, and motions in Council in conjunction with the Speaker in terms of the Council Rules of Order and Standing Rules.
- To intervene in disputes between political parties.
- To intervene and call for caucuses in Council.
- To finalise the speakers at Council meetings with the party Whips and advise the Speaker on the amount of time to be allocated.
- Responsible for political management of Council and committee meetings, ensuring that such meetings quorate.
- To convene and chair the Multi- Party Whippery and ensure overall coordination and management of all whippery activities, internally and intergovernmental.
- To ensure functionality of the District Chief Whips Forum and effective District participation in the Provincial Chief Whips Forum.
- To convene and chair the Political Management Team (**PMT**) and act as a link between the Speaker, the Executive and Administration.
- To recommend to the Speaker the enforcement of disciplinary measures on violations and misconduct by councillors on matters relevant to the Whippery function.
- To ensure that Councillors do their constituency work, that they are accountable to their constituencies and that the necessary resources are provided.
- To Perform official functions delegated to the position of the Chief Whip by his/her political party; and
- To report to the Council on a regular basis as prescribed in the Back-to-Basics Strategy.

The Whip of Council, Cllr Chuene William Malebana, and his predecessor Cllr Matome Calvin Masoga (pre- 2021 LGE), performed the functions of the Office of the Whip of Council and duly reported to Council on a quarterly basis as follows:

REPORT NO.	DATE	COUNCIL RESOLUTION
01	29 July 2021	OC 01/2021 - 2022/7.4.3
02	21 October 2021	OC 02/2021 - 2022/7.3.2
03	28 January 2022	OC 03/2021 - 2022/7.3.2
04	26 April 2022	OC 05/2021 - 2022/7.3.2

2.2. ADMINISTRATIVE GOVERNANCE

The administrative component of CDM is divided into six departments, namely Strategic Executive Management Services (**SEMS**); Finance; Community Services; Infrastructure Services; Development Planning and Environmental Management Services (**DPEMS**); and Corporate Services. Each Department is headed by an Executive Manager, with the Municipal Manager as the head of the whole administrative component and the accounting officer for the Municipality.

2.2.1. MUNICIPAL MANAGER

The Municipal Manager is the head of Administration and an Accounting Officer of the Municipality. The Municipal Manager is responsible, subject to the policy direction of the Council, for the management of the administration in accordance with the applicable legislation. Amongst others, the Municipal Manager is responsible for the implementation of the Integrated Development Plan (**IDP**) and the monitoring of its progress, and to making sure that the Municipality is financially viable.

As head of the Administration, the Municipal Manager is constitutionally obliged to ensure implementation of the basic values and principles governing public administration as stated in section 195 of the Constitution. Ms Nokuthula Karelse resigned as the Municipal Manager effective from the 11th August 2021, whereafter Ms Thuso Nemugumoni and Ms Molatelo Mashego respectively served as acting Municipal Managers until the 31st June 2022. Council appointed Mr Ramakuntwane Selepe as Municipal Manager on the 30th May 2022 (Resolution No. SC 10/2021 - 2022/5.1) to assume duty on the 1st July 2022.

2.2.2. MANAGEMENT

The Administration of the Municipality is organized into six (06) departments as detailed below. The Municipal Manager together with heads of departments (Executive Managers), assisted by managers of some of the strategic sections, constitute Executive Management Committee, which meets on weekly basis to deliberate on strategic interdepartmental issues of the Municipality as well as resolutions of all the governance structures.

The following Managers are part of the executive Management:

- Manager: Communications (Mr Jabu Masondo).
- Manager: Council Support (Mr Fannie Mothibi).
- Chief Audit Executive (Mr Tebogo Gafane).
- Manager: Legal services (Adv Mpho Mashao Acting).
- Manager: Mayoral Support (Mr Dineo Makhura, Acting)
- Chief Risk Officer (Mr Malesela Ramakgolo).

The Executive Management held 40 meetings and achieved 100% of its scheduled weekly meetings as follows:

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 3
<ul style="list-style-type: none"> • 05/07/2021 • 19/07/2021 • 26/07/2021 • 02/08/2021 • 16/08/2021 • 23/08/2021 • 01/09/2021 (Postponed from 30/08/2021) • 13/09/2021 • 20/09/2021 	<ul style="list-style-type: none"> • 11/10/2021 • 18/10/2021 • 25/10/2021 • 03/11/2021 • 15/11/2021 • 23/11/2021 • 29/11/2022 • 06/12/2021 	<ul style="list-style-type: none"> • 04/01/2022 • 17/01/2022 • 24/01/2022 • 31/01/2022 • 14/02/2022 • 21/02/2022 • 28/02/2022 • 02/03/2022 • 14/03/2022 • 22/03/2022 • 28/03/2022 	<ul style="list-style-type: none"> • 11/04/2022 • 21/04/2022 • 25/04/2022 • 03/05/2022 • 23/05/2022 • 26/05/2022 • 30/05/2022 • 03/06/2022 • 06/06/2022 • 20/06/2022 • 27/06/2022

10	08	11	11
----	----	----	----

There is also a Management Committee comprising of all Managers and Operations (Ops) Managers, which sits monthly to finalise matters to be recommended to the governance structures.

The Management Committee held 12 meetings and achieved 100% of its scheduled monthly meetings as follows:

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 4
<ul style="list-style-type: none"> 12/07/2021 10/08/2021 06/09/2021 	<ul style="list-style-type: none"> 04/10/2021 08/11/2021 13/12/2021 	<ul style="list-style-type: none"> 10/01/2022 07/02/2022 07/03/2022 	<ul style="list-style-type: none"> 04/04/2022 09/05/2022 13/06/2022

The administrative structure as at the end of the financial year was as follows:

Acting Municipal Manager
Ms Molatelo Mashego

Managing the entire administration of the Municipality through the departments of Finance; Community Services; Corporate Services; Development Planning and Environmental Management Services (**DPEMS**); Infrastructure Services; and Strategic Executive Management Services, whose details are as follows:

Acting Chief Financial Officer
Mr Tiro Pilusa

The Chief Financial Officer, Mr Thabo Nonyane, resigned effective from the end of April 2022. Council of the 26th April 2022 appointed the Supply Chain Manager, Mr Tiro Pilusa, as Acting Chief Financial Officer (CFO) for a period of 3 (three) months from 03 May 2022 until 02 August 2022 or until the position was filled, whichever would come first. As at the end of the financial year, Mr Pilusa's appointed subsisted. The Chief Financial Officer manages the Finance Department where the following units are located:

- Budget & Treasury.
- Expenditure Management.
- Supply Chain Management (**SCM**); and
- Revenue Management).

Executive Manager: Community Services
Mr Junias Machaba

Mr Machaba was appointed Executive Manager for a period on 5 years on the 5th of October 2021, and assumed duty on the 2nd November 2021. Before Mr Machaba's appointment, the Executive Manager for Infrastructure Services, Mr Nditsheni Sikhauli, acted as the Executive Manager Community Services.

Executive Manager for Community Services manages issues of Community Services Department where the following units are located:

- Emergency Services (Disaster Management and Fire & Rescue).
- Sport, Recreation, Arts & Culture; and
- Municipal Health Services.

Executive Manager: Corporate Services
Mr Nape Duncan Morifi

Mr Morifi was appointed Executive Manager for Corporate Services for a period on 5 years on the 5th October 2021, and assumed duty on the 2nd November 2021. The ICT Manager, Ms Pauline Tibane acted as Executive Manager: Corporate Services for the other part of the financial year.

Managing issues of Corporate Services where the following units are located:

- Administration.
- Legal Services.
- Human Resources.
- Information Communication Technology and Information and Knowledge Management (ICT & IKM); and
- Performance Management.

Executive Manager: Strategic Executive Management Services (SEMS)

Ms Thuso Nemugumoni

Managing issues of Strategic Executive Management Services where the following Units are located:

1. Communications Management.
2. Council Support (Office of the Speaker/Whip of Council).
3. Inter-Governmental Relations.
4. Internal Audit.
5. Office of the Executive Mayor.
6. Office of the Municipal Manager.
7. Risk Management.
8. Institutional and Social Development Unit (**ISD**).
9. Special Focus; and
10. Strategy Management and Institutional Development.

Executive Manager: Infrastructure Services Department

Mr Nditsheni Sikhauli

Managing issues of Infrastructure Services where the following units are located:

- Water Quality Management.
- Water Planning & Design.
- Water Operations and Maintenance (**O&M**); and
- Project Management Unit (**PMU**).
- Water and Sanitation: Implementation.

Executive Manager: Development Planning and Environmental Management Services (DPEMS)

Ms Molatelo Mashego

Managing issues of planning and local economic development where the following units are located:

- Transport Planning Services.
- Environmental Management.
- Local Economic Development (**LED**).
- Spatial Planning.
- Integrated Development Planning; and
- Expanded Public Works Programme (**EPWP**).

COMPONENT B: INTERGOVERNMENTAL RELATIONS

2.3. DISTRICT INTERGOVERNMENTAL RELATIONS (IGR) FORUMS

The Local Government: Intergovernmental Relations Framework Act, No.13 of 2005, provides a framework, mechanisms, and procedures for the national, provincial and local spheres of Government to promote and facilitate intergovernmental relations and settlement of intergovernmental disputes. The

Act establishes a Presidential Co-ordinating Council at the national level; Premier's Intergovernmental Forum at the Provincial level; and the District Intergovernmental Forums (DIFs) at the District level.

Intergovernmental relations is well placed to facilitate planning and coordination of activities of the three spheres of government. The growth of IGR structures is acceptable in an evolving system; however, the proliferation of structures needs to be coordinated to avoid duplication and to ensure linkages with other existing IGR fora within the district.

The fragmental operations within the spheres of government necessitated the introduction of the district development model (DDM) by the office of the presidency and that of the premier. The coordinated intergovernmental relations promote relationships with a wide range of stakeholders within spheres of governments. CDM has a Business Unit dedicated to coordinating all the District IGR Forums.

The following District IGR Forum are in existence:

- District Disability Forum.
- Gender Forum.
- Water and Sanitation Forum.
- District Communicators Forum.
- Audit Forum.
- Risk Forum.
- Information Technology (IT) Forum.
- Technical Managers Forum.
- Human Resource (HR) Forum.
- Municipal Managers Forum.
- District Mayors IGR Forum.
- Integrated Development Planning (IDP) Representatives Forum.
- Older Persons Forum.
- Advisory Forum.
- Chief Financial Officers (CFOs) Forum.
- Public Participation Forum.
- Transport Forum.
- District Batho Pele Forum.
- District Local Economic Development (LED) Forum.
- District Speakers Forum.
- District Chief Whips Forum.
- District Aids Council.
- Expanded Public Works Program (EPWP) Forum.
- Records Forum.
- District Project Management Unit (PMU)- Municipal Infrastructure Grant (MIG) Forum.

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

Municipalities are required by law to find ways and means to involve communities in the running of their affairs. This is intended to improve the quality of local democracy, municipal responsiveness, and accountability. Amongst others:

- ❑ Section 152 (1) (a) and (e) of the Constitution obligates municipalities to provide democratic and accountable government for local communities and to encourage the involvement of communities and community organisations in the matters of local government.
- ❑ Chapter 4 of the Municipal Systems Act provides for community participation and, amongst others, obliges municipalities to contribute to building the capacity of the local community to enable it to participate in the affairs of the municipality.
- ❑ Section 16(1)(c) of the Municipal Systems Act instructs municipalities to use their resources, and annually allocate funds in their budgets, as may be appropriate, to encourage, create conditions, and build capacity of the community to participate in the municipal affairs; and
- ❑ In terms of section 41 (e) (i) and (ii) of the Municipal Systems Act, municipalities are required to establish a process of regular reporting to the public and appropriate organs of state.

2.4. PUBLIC ACCOUNTABILITY AND PARTICIPATION PROGRAMMES AND MEETINGS

In line with the aforesaid legal provisions, the following public accountability and participation programmes and meetings were budgeted for and rolled out during the Financial Year 2021/2022:

2.4.1. MPAC Public Participation and Public Hearings

The Municipality has a functional Municipal Public Accounts Committee (MPAC). The Committee has an Annual Work Programme approved by Council; meets regularly and undertakes regular projects visits. The MPAC scrutinizes all the performance reports (quarterly; half yearly and annual) that are referred to it by Council. The MPAC Public hearings are held on a quarterly basis where the Municipal Manager and her team of Senior Management account by answering questions pertaining to the Municipality's performance reports. Members of the public are invited to these sessions. The Committee has a dedicated budget and staff comprising of a Researcher and a Coordinator. The Chairperson of the Committee is full-time.

The 2021/22 MPAC Public Hearings and Public Participation programmes were held as follows:

- ❑ 02/09/2021 – Public Hearing on 2020/21 4th Quarter performance report.
- ❑ 10/02/2022 – Public Hearing on 1st Quarter 2021/22 Organisational Performance Report
- ❑ 01/03/2022 – Public Participation on the 2020/21 Draft Annual Report.
- ❑ 04/03/2022 – Public Hearing on the 2021/22 Mid-Year Report.
- ❑ 08/03/2022 – Public Hearing on the 2020/21 Draft Annual Report.
- ❑ 08/06/2022 – Public Hearing on the 3rd Quarter 2021/22 Organisational Performance Report

2.4.2. Council Outreaches

In terms of section 41 (e) (i) and (ii) of the Municipal Systems Act, municipalities are required to establish a process of regular reporting to the public and appropriate organs of state.

The Council of CDM reaches out to communities on a quarterly basis through its Public Participation /Council Outreach Programmes, during which the Municipality presents service delivery reports and plans specific to the local municipality hosting the Outreach and allow members of the public an opportunity to raise issues with the Municipality and other spheres and organs of state. Issues raised

are addressed on the spot by members of the Mayoral /Executive Committees and Mayor of the local Municipality

The 2021/22 Quarterly Outreaches were conducted on the following dates:

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 4
Deferred to 22/10/2022 and was held at Mohodi in Molemole LM*	Deferred to 16/02/2022 and was held at Ga-Mathabatha in Lepelle-Nkumpi LM**	29/03/2022 Virtually on Energy FM and 8 local community radio stations.	21/05/2022 at Jack Botes Hall in Polokwane LM

* The Council Outreach was deferred due to vacancy of Executive Mayor and Mayoral Committee positions that subsisted from 31 August until 29 September 2021.

** The Council Outreach was deferred due to the 2021 Local government Elections and subsequent transitional challenges.

2.4.3. Women Dialogue

The District Women’s Dialogue is an annual event aimed at promoting and deepening good governance and public participation. It provides a platform for women from all sectors of the society in the district to engage in debates on issues affecting their communities, and women in particular.

The 2021/2022 Women’s Dialogue was held at Lebowakgomo Civic Centre in Lepelle-Nkumpi LM on the 12th August 2021, and debated the following motions:

- Majority of women remain victims of HIV/AIDS, Gender Based Violence and how as, women we should overcome this pandemic.
- The role of Government in coordinating and supporting women poverty alleviation and empowerment programmes.
- Psycho-social economic impact of COVID 19 in society, especially women.

The recommendations emanating from the Dialogue were noted by Council of the 21st October 2021 and referred to Management for implementation and or consideration during review of municipal plans. The Executive Mayor is expected to provide formal feedback on the recommendations in the next annual Dialogue.

2.4.4. Youth Dialogue

Like the Women’s Parliament, the Youth Parliament is held on an annual basis for the young people to debate issues that directly affect them, to inform the Municipality’s planning on youth programmes.

The 2021/2022 Youth Parliament was held at Inveraan Multi-Purpose Centre in Blouberg LM on the 7th June 2022, and debated the following motions:

- Lack of financial support to Small Businesses affected by the impact of COVID-19.
- Unemployment remains high due to lack of relevant skills and work experience, as requirements for employment.
- Incidents of Gender-Based violence, femicide and substance abuse remain high despite legislation put in place and campaigns.
- There is decline in youth participation in municipal governance processes such as IDP/Budget and Imbizos

The Executive Mayor is expected to provide formal feedback on the recommendations in the next annual parliament.

2.4.5. Ward Committees Support

Chapter 4 of the Municipal Systems Act provides for community participation and, amongst others, obliges municipalities to contribute to building the capacity of the local community to enable it to participate in the affairs of the municipality. Section 16(1)(c) of the Systems Act instructs municipalities to use their resources, and annually allocate funds in their budgets, as may be appropriate, to encourage, create conditions and build capacity of the community to participate in the municipal affairs.

For the 2021/22 financial year the Council approved a budget of R200 000 for the Ward Committees Capacity Building Programme. 40 Ward Committee members from Lepelle-Nkumpi and Polokwane LMs were trained on Basic Project Management on 16 -19 August 2021 at Bolivia Lodge in Polokwane. The competent Ward Committee members received their certificates at a ceremony held at the Jack Botes Hall Polokwane on the 8th April 2022.

2.4.6. State of the District Address

Council has an annual State of the District Address (**SODA**) event, modelled on the State of the Nation Address (**SONA**) and State of the Province Address (**SOPA**) respectively. The SODA is a mechanism to give an overview of the state of affairs of service delivery in the Municipality, as well as plans to address identified challenges. It is presented by the Executive Mayor to the entire municipal residents through a public meeting to which residents are transported from all the four corners of the District, and further disseminated through radio (mainly community radio stations) and social media live broadcasts.

The Executive Mayor delivered the 2021/22 SODA on the 20th May 2022 in the Jack Botes Hall (Polokwane)

2.5. IDP PARTICIPATION AND FORUMS

2.5.1. IDP/Budget Public Participation & Forums

Chapter 5 of the Local Government: Municipal Systems Act 32 of 2000 (**Municipal Systems Act**), provides for each municipality to adopt a single, inclusive and strategic plan for the development of its jurisdictional area. The plan should contain prescribed components and its adoption should as well comply with prescribed processes. One of the requirements is that district municipalities must prepare and adopt a framework, which indicates how the district and local municipalities will align their Integrated Development Plans (**IDPs**). The framework provides the linkage and binding relationships to be established between the district and its local municipalities for proper consultation, coordination, and alignment of the annual review process of their IDPs. To this effect, the Municipality adopted the 2021/22 IDP/ Budget Review Framework/Process Plan on the 29th July 2021. The Framework/Process Plan was religiously followed and implemented, with a few amendments occasioned by unforeseen circumstances. All the amendments were duly approved or ratified by the Council.

Against this background the Municipality established structures and budgeted for community participation in the annual IDP and budget review processes, and implemented the aforesaid Framework/ Process Plan as follows:

No.	Structure/Process	Participants/Stake holders	Date convened and held
1.	1 st IDP Representative Forum	<ul style="list-style-type: none">• MMCs.• Head of departments/Senior Officials of Sector Departments.• Officials who serve on the IDP/Budget Steering Committee.	22 July 2021

		<ul style="list-style-type: none"> • Traditional Leaders. • Representative of municipal wide organised groups. • Advocates for unorganised groups. • Community Representatives (NGOs/CBOs and Youth Organisations). • Businesses and Academic Institutions. 	
2.	Departmental Strategic Planning Sessions	<ul style="list-style-type: none"> • Departmental staff. 	25, 26, 27- 31 January and 01-02 February 2022
3.	Management Strategic Planning Session	<ul style="list-style-type: none"> • Management. • Local Municipalities. • Stakeholders. 	17 – 18 February 2022
4.	2 nd IDP Representative Forum	<ul style="list-style-type: none"> • MMCs. • Head of departments/Senior Officials of Sector Departments. • Officials who serve on the IDP/Budget Steering Committee. • Traditional Leaders. • Representative of municipal wide organised groups. • Advocates for unorganised groups. • Community Representatives (NGOs/CBOs and Youth Organisations). • Businesses and Academic Institutions. 	16 March 2022

2.5.2. IDP Participation and Alignment

IDP Participation and Alignment Criteria	Yes/No
Does the Municipality have impact, outcome, input, output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	Yes
Do the IDP KPIs align to the Section 57 Managers?	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes?	Yes

2.5.3. Status of the 2021/2022 IDP

The Municipal Systems Act requires the Member of the Executive Council (MEC) responsible for local government to assess if the IDP complies with the requirements of the Act and it is not in conflict with IDPs and strategies of other municipalities and organs of state. The Limpopo MEC for CoGHSTA annually embarks on the IDPs and Service Delivery and Budget Implementation Plans (SDBIPs) assessment and the findings for CDM for the past three years are reflected on the table below:

Municipality	SDBIP Alignment	IDP Assessment	SDBIP Alignment	Overall Rating	IDP Assessment	Overall Rating
	2019/2020		2020/2021		2021/2022	
Capricorn	Aligned	High	Aligned	High	Aligned	High

The IDP Strategic Approach and Alignment with all Spheres of Government

The development of IDP is underpinned by strategic international, national, provincial and local policies. The development objectives of these policy frameworks have influenced the development of the strategic direction of the municipality to ensure vertical and horizontal alignment. The following are key list of policy frameworks applicable to the District; 17 Sustainable Development Goals; National

CDM Key IDP Strategic Objectives	CDM 2040 Growth & Development Strategy Key Strategic Levers	Reviewed Limpopo Development Plan (LDP) Key Pillars	National Development Plan (NDP)	Back to Basics Strategy Key Performance Areas	District Development Model-Towards the development of the One Plan	
1.To improve spatial development and environmental management	Spatial, Land and Environmental Development	Integrated sustainable rural development & sustainable human settlements	Transforming Human Settlements Environmental sustainability and resilience	Basic Services: Creating decent living conditions	Integrated Service Provisioning / Spatial Restructuring and Economic Positioning	
2.To provide sustainable basic services and infrastructure outcome	Infrastructure Development	Infrastructure development	Economic infrastructure Economy and Employment		Infrastructure Delivery/ Spatial Restructuring and Economic Positioning	
3.To enhance conditions for economic growth and job creation	Economic Growth and Development	Economic development and transformation			Demographic and Socio-Economic Profile	
4.To enhance financial viability and management	Good Governance	Building a developmental and Capable State	Fighting corruption		Financial Management	Governance, Leadership and Financial Management
5.To increase the capacity of the district to deliver its mandate	Education and Skills Development	Social cohesion and transformation	Improving education, training and innovation		Institutional capacity	Governance and Leadership
	Good Governance	Building a developmental and Capable State	Building a capable and developmental state Positioning South Africa in the region and the world	Good governance Public participation		

Development Plan, Agenda 2063: The Africa We Want; Review Limpopo Development Plan; Local Government Strategic Plan; Growth and Development Strategies.

COMPONENT D: CORPORATE GOVERNANCE

2.6. RISK MANAGEMENT

The Municipality has structures, policies, and strategies to achieve the principles and objectives of good governance. These include prevention and mitigation of business risks, Risk Management Strategy, Whistle Blowing Policy, Ethics Policy, and Fraud Policy and Response Plan

The Municipality undertakes an assessment of the risks that might impact on the achievement of its IDP objectives and ensure a continuous process of ensuring pro-activeness by putting in place preventative and protective measures and mitigation actions are implemented to reduce the impact and/or likelihood of the risk. The process includes the identification, analysis, and evaluation of the risk.

The Risk Management Strategy, Fraud Prevention Plan and the Whistle Blowing Policy are in place and being implemented. The Risk Management Committee has been established to monitor the implementation of risk mitigation strategies employed by departments on a quarterly basis. The fraud hotline is also fully functional with reported cases being investigated continuously. Awareness campaigns are conducted annually. There is provision of physical security to all municipal premises, assets, and employees. Vetting of potential employees on critical positions is being done.

2.7. FRAUD POLICY AND RESPONSE PLAN

This Policy is intended to set down the stance of CDM to fraud and corruption and to reinforce existing systems, policies, and procedures of CDM aimed at deterring, preventing, detecting, reacting to and reducing the impact of fraud and corruption.

The policy of CDM is zero tolerance to fraud and corruption. In addition, all fraud and corruption will be investigated and followed up by the application of all remedies available within the full extent of the law and the implementation of appropriate prevention and detection controls. These prevention controls include the existing financial and other controls and checking mechanisms as prescribed in the systems, policies, and procedures of CDM.

2.8. SUPPLY CHAIN MANAGEMENT

The Municipality is implementing the Supply Chain Management Policy, which is fair, equitable, transparent, competitive, and cost effective as prescribed by the MFMA and its regulations. Procurement of goods and services embrace the spirit and principles of the Broad Based Black Economic Empowerment (BBBEE), Preferential Procurement and Local Economic Development Strategy.

Creditors' accounts are paid within 30 days from date of submission of invoice. The main challenge in implementing BBBEE, is securing service providers with disabilities. A partnership model is being developed with special focus groups to empower them in this regard.

The following Bid Committees structures in line with section 26 to section 29 of municipal supply chain management regulation and supply chain management policy are in place:

- Bid Specification Committee.
- Bid Evaluation Committee.
- Bid Adjudication Committee.

2.9. BY-LAWS

Section 156 (2) read with Section 60 (4) of the Constitution empowers a municipality to make and administer By-laws for the effective administration of the matters which it has the right to administer, provided that no by-law may be passed by a municipal council unless the proposed by-law has been published for public comments. During the 2021/22 financial year there were no developments of new

By- laws, except that the Air Quality By-law was reviewed and amended. The following By- laws have been gazetted previously and remain effective:

- Credit and Tariff By-laws.
- Sport Academy By-laws.
- Fire and Rescue Tariffs By-law.
- Municipal Health By-laws.
- Credit Control and Debt Collection By-laws.
- Tariffs By-laws.
- Emergency Services By-laws.

2.10. WEBSITES

Section 75 of the MFMA prescribes the information that municipalities must place on their websites.

The following table lists the prescribed information and the Municipality's compliance thereto:

Documents published on the Municipality`s website	Yes/No
Current annual and adjustment budgets and all budget-related documents	Yes
All current budget-related policies	Yes
The previous annual report (2020/21)	Yes
The annual report (2021/22) published	Yes
All current performance agreements required in terms of section 57 (1) (b) of the MSA and resulting score cards	Yes
All service delivery agreements (2021/22)	N/a
All long-term borrowing contracts (2021/22)	N/a
All supply chain management contracts above a prescribed value (give value) for (2021/22)	Yes
An information statement containing a list of assets over a prescribed value that have been disposed of in terms of section 14 (2) or (4) during (2021/22)	N/a
PPP agreements referred to in section 120 made in 2021/22	N/a
All quarterly reports tabled in the council in terms of section 52 (d) during (2021/22)	Yes

2.11. PUBLIC SATISFACTION ON MUNICIPAL SERVICES

- No Survey was conducted in the year in question.

CHAPTER 3: SERVICE DELIVERY PERFORMANCE (PERFORMANCE REPORT PART I)

COMPONENT A: BASIC SERVICES

The delivery of services such as water, electricity and sanitation are key concerns for many communities. The availability of these basic services to communities has a direct impact on the quality of life of their lives.

3.1. WATER PROVISION

The Capricorn District is a Water Service Authority (**WSA**) that is being assisted by Lepelle Northern Water. Lepelle Northern Water is in a process of upgrading bulk water line from Olifantspoort to Polokwane, this upgrade will also benefit community of Lebowakgomo and surrounding areas. The district has a water quality laboratory in Mankweng inside the compound of the University of Limpopo. Polokwane Municipality is a WSA and a Water Service Provider (**WSP**). The other three local municipalities within the district are serving as WSPs. Service Level Agreements were signed with the three local municipalities (Blouberg LM, Lepelle-Nkumpi LM and Molemole LM) serving as WSP on revenue collection.

Water and Sanitation infrastructure in the three local municipalities is generally in a poor condition. The municipality is currently experiencing high water losses due to old infrastructure. There is a need to replace over 150KM of Asbestos cement pipes with diameter of between 75mm and 400mm. Approximately 8750 registered meters with a further ±2000 stands unmetered, inclusive of backyard dwellers are in an poor condition and there is a need for replacement.

District has done feasibility studies on water provision to most of the areas to the value of R2,5 billion. Project implementation will be done based on the available budget including grant funding. The district has engaged the DWS seeking support and assistance to raise funding for implementation of feasibility studies of new infrastructure, refurbishment and replacement of old infrastructure, upgrading of Waste Water Treatment Works and for Water Conservation and Demand Management.

Table 3.1.1 Distribution of Households by Access to Safe Drinking Water

Municipality	Access to safe drinking water				Total
	Yes	%	No	%	
Lepelle-Nkumpi	42 262	70.8	17 425	29.2	59 687
Blouberg	31 394	74.4	10 799	25.6	42 193

Total	61305	43747	34133	239226	378301	100%

Source: STATS SA Community Survey 2016

The main storage dams within the boundaries of the CDM are:

- The Glen Alpine Dam in the Mogalakwena River (constructed mainly for irrigation purposes).
- Rhenosterkop Dam.
- Flag Boshielo Dam.

Lepelle-Nkumpi Local Municipality receives water from both Olifantspoort WTW and boreholes. It is by far better serviced than Blouberg and Molemole in terms of water infrastructure, with approximately 50 000 households having house and yard connections. Although the infrastructure is in place however, there is a deficit in supply because the demand exceeds the capacity at Olifantspoort WTW.

Blouberg and Molemole rely solely on groundwater sources. Boreholes have low yields and are not sufficient to meet current water demands. Furthermore, borehole transformers are frequently stolen which further increases the water backlog. Most households in Blouberg and Molemole are serviced by communal standpipes within 200m from the furthest house. With regard to repairs and maintenance, Capricorn District experienced a total number of 5 921 water stoppages for the year. Polokwane LM reported the highest (5 824) water stoppages with an average of 1.5 hours to attend to the stoppages. Polokwane Local Municipality indicated the main causes as water pipe bursts.

3.2. SANITATION

According to STATSSA Community Survey 2016, 33% of households have access to waterborne facilities. In 2016, about 62% of households used pit latrines (VIP and without ventilation). Pit latrines are mostly used in rural areas where there is no proper-piped water system. Business plans have been developed for rural sanitation backlog eradication for Blouberg, Molemole and Lepelle Nkumpi local municipalities. The district has embarked on WWTW assessments, feasibility studies and development of technical reports and design reports for upgrading of WWTW which are operating above their design capacity.

To date designs for upgrading of Lebowakgomo and Senwabarwana WWTW have been completed. The Municipality has submitted the plans to DWS seeking support and assistance to raise funding for implementation. MISA has assisted the district to conduct assessment for Alldays WWTW and the Municipality will further develop technical report and designs. Assessment and feasibility study for Mogwadi WWTW will commence in 2022/2023 financial year.

3.2.1 Distribution of Households with Access to Sanitation in CDM, 1996 – 2016

MUNICIPALITY	Percentage Households with Access to Sanitation					Backlog 2016
	1996	2001	2007	2011	2016	
Blouberg	3.2	4.1	1.5	9.0	8.5	91.5%
Molemole	7.8	13.4	16.7	16.2	17.8	82.2
Lepelle Nkumpi	12.5	17.3	14.1	19.6	21.2	78.8%
Polokwane	27.2	34.9	35.2	44.1	48.2	51.8%
Capricorn	15.1	21.8	21.1	29.1	33.2	66.8%

Source: STATS SA Census 1996, 2001, 2011 and Community Survey 2007 and 2016

3.3. ELECTRICITY

Electricity is largely generated and distributed by ESKOM. However, Blouberg and Polokwane LMs are electricity service providers (electricity license holders). The percentage of households with access to electricity has increased from 33% in 1996 to 96% in 2016. According to Community Survey 2016, 96% of households have access to electricity while 4% do not have access to electricity and use other sources of energy such as gas, paraffin, candles, solar etc.

3.3.1 Households with Access to Electricity in CDM, 1996 – 2016

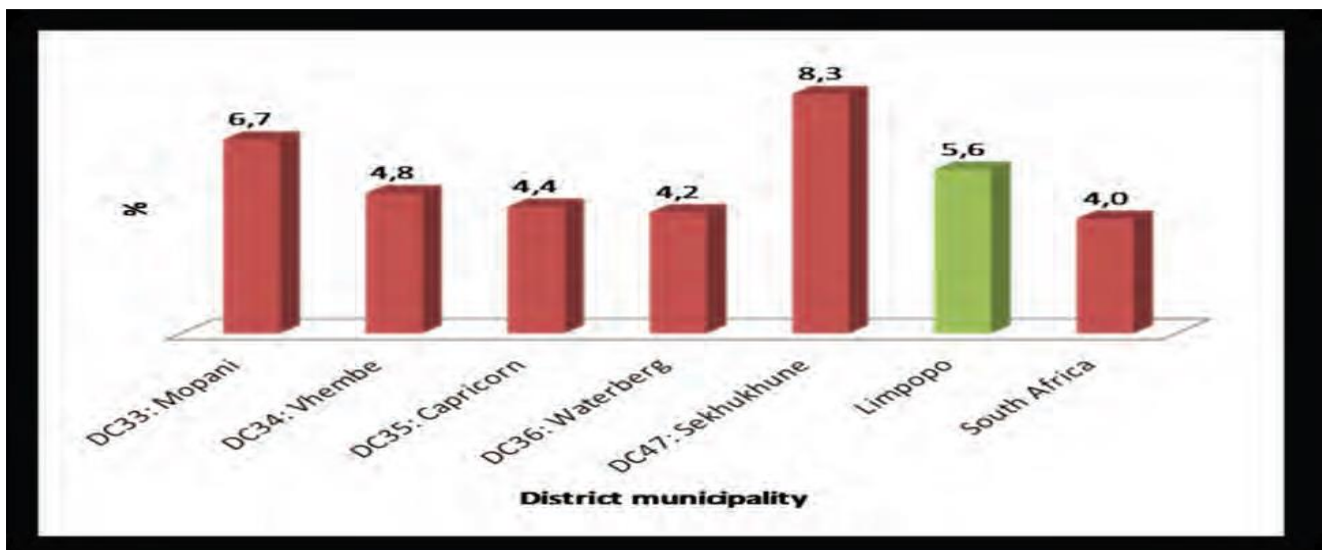

MUNICIPLITY	Percentage Households with Access to Sanitation					Backlog
	1996	2001	2007	2011	2016	2016
Blouberg	18.6	38.6	74.7	88.0	96.5	3.5
Molemole	38.6	77.4	93.7	95.7	97.8	2.2
Lepelle Nkumpi	33.9 63.1 88.2 91.9 98.0 2	33.9 63.1 88.2 91.9 98.0 2	33.9 63.1 88.2 91.9 98.0 2	33.9 63.1 88.2 91.9 98.0 2	33.9 63.1 88.2 91.9 98.0 2	33.9 63.1 88.2 91.9 98.0 2
Polokwane	42.6	70.0	79.0	83.0	94.8	5.2
Capricorn	33.2	61.8	81.8	87.4	96.1	3.9

Source: STATS SA Census 1996, 2001, 2011 and Community Survey 2007 and 2011

3.4. WASTE MANAGEMENT (REFUSE REMOVAL)

Waste management service delivery including refuse removal, refuse dumps and solid waste disposal, is a development priority. According to the Community Survey of 2016, Limpopo has the higher proportion of households (5, 6%) without refuse removal, compared to the rest of South Africa (4, 0%). Sekhukhune District Municipality recorded the highest proportion of households without access to refuse removal at 8, 3%, followed by Mopani and Vhembe district municipalities at 6, 7% and 4, 8%, respectively. Capricorn performed second best in Limpopo, after Waterberg:

3.4.1 Prevalence of Households with No Refuse Removal Facilities by District

3.5. HOUSING

There is a demand for subsidized housing in the entire municipal area due to population growth and/or immigration especially to Polokwane LM, where people are in need of economic opportunities. This makes the housing backlog a moving target. In the District, most informal dwellings/ "shacks" are found in Seshego and Mankweng townships in the Polokwane Municipality area with the remainder being formal or traditional housing structures. The table below highlights the estimated subsidized housing demands for the year 2011-2016. The Table shows a significant increase in the proportion of household's resident in formal dwellings and the decline in traditional dwellings.

3.5.1 Percentage Distribution of Households by Type of Main Dwelling – 1996, 2001, 2011, 2016

Type of Dwelling	1996	2001	2011	2016
Formal	77.6	82.8	92.0	94.7
Informal	6.7	9.4	6.1	3.5
Traditional	15.7	7.6	1.5	1.7

Source: STATSSA Census 1996, 2001 and Community Survey 2016

3.5.2 Distribution of Households by Type of Main Dwelling per Municipality, 2016

Type of dwelling	Formal dwellings	Informal dwellings	Other	Unspecified	Total
Blouberg	42091	1470	185	2	43747
Lepelle-Nkumpi	57184	2862	1258	0	61305
Molemole	32931	860	342	0	34133
Polokwane	226413	8015	4661	27	239116
Capricorn	358619	13208	6446	29	378301

3.5.3 Estimated Subsidized Housing Demand per Local Municipality 2011-2015

District	Municipality	Households 2011	Housing Need 2011	Needs as % of households	Hectares of Land required 2011
Capricorn	Aganang (Disestablished)	33 927	1 093	3.2	41.39
	Blouberg	38 268	0	0	0
	Lepelle-Nkumpi	60 179	2 668	4.4	101.05
	Molemole	27 023	3 488	12.9	132.13
	Polokwane	138 834	10 190	7.3	385.97
Total		298 231	16 439	27.8	660.54

Source: Limpopo Multi Year Housing Development Plan 2011-2016

3.6. FREE BASIC SERVICES AND INDIGENT SUPPORT

3.6.1. FREE BASIC SERVICES

As part of its overall strategy to alleviate poverty in South Africa the government has put in place a policy for the provision of a free basic level of municipal services. The table below indicates the number of persons registered as indigents and the number receiving basic services in the district.

3.6 1.1 Households with Access to Free Basic Water

Municipality	Maximum Total hh Income to qualify for FBS	Total No. of Households	No. of hh registered as Indigents	No. of hh receiving Free Basic Water	No. of hh receiving Free Basic Electricity	No. of hh receiving Free Basic Sanitation	No. of hh receiving Free Basic Waste
Blouberg	R4 000	43 747	-	26 988	-	7296	-
Lepelle-Nkumpi	-	61 305	-	420	11 750	420	-
Molemole	R2 500	43 747	-	5 021	4 889	-	-
Polokwane	R3 500	239 116	28 505	28 505	28 505	28 505	28 505
CDM	-	378 301	-	-	-	-	-

Source: Municipal Records, 2018

3.6.2. INDIGENT SUPPORT

The Municipality reviews and approves Indigent Support Policy on an annual basis as part of the budget related policies. For the 2021/22 financial year the Council approved the Indigent Support Policy on 21 May 2021 (Resolution No. OC 06/2020 - 2021/6.1.3). The Municipality allocates budget to support qualifying households in accordance with the Policy. The 2021/22 Indigent Support Policy provides for the following, amongst others:

- Criteria for identification of indigent households.
- Process for registration of indigent households.
- Indigent tariffs and subsidy.
- Determination of the municipal services and levels thereof which will be subsidized in respect of indigent customers.
- Conditions for the termination of indigent support.

COMPONENT B: ROAD TRANSPORT

3.7. ROADS

The location of the CDM is strategic in that it borders on the neighbouring countries of Zimbabwe and Botswana. It is also located central in the Limpopo Province, with many major provincial routes traversing the municipal area. One national and various major provincial roads pass through the district municipal area, i.e., the N1-National Road from Gauteng to Zimbabwe and to the rest of Africa, the P33/1 (R37) from Polokwane to Burgersfort/Lydenburg, the P94/1 (R521) from Polokwane to Alldays and Botswana, and the P17/1 (R71) from Polokwane to Tzaneen and Phalaborwa

The responsibility for the road network in CDM rests with four agencies/authorities,

- National Roads (N and P-Roads), South African National Roads Agency Limited (SANRAL).
- Provincial Roads (P and D-Roads), Provincial Department of Public Works, Roads and Infrastructure/ RAL.
- Municipal Roads and Streets, Local Municipalities.
- Private Road, Private owners.

Local municipalities, in addition to access roads, are responsible for the roads which were declared as under the ownership of municipalities to the extent and jurisdiction.

The total road network for the district is 4 506 km with 1 223 km paved and 3 283 km gravelled /unpaved. The LDPWRI is responsible for maintenance whereas RAL's responsibility is that of upgrading. The ultimate is to connect the district with strategic economic hubs and the entire Province. The challenge has always been insufficient budget.

3.7.1. Supply for Public Transport

A variety of transport facilities are in use in the district. The major public transport services are bus and taxi operations. There are 4 (four) subsidised bus operations within the district i.e., Bahwaduba, Kopano, Madodi and Great North. The bus industry is weakened as a result of insufficient government funding and internal management capacities. The taxi industry is well established. Below is a list of the mode of transport used in the district and the map indicating the transport network.

- Rail transportation - Transnet operates the core main rail line and the branch lines that feed the main lines that carry general international and domestic cargo.
- Air transportation – Polokwane International Airport.
- Bus and taxis – majority use public transport services.
- Light delivery vehicles (LDV's) – generally used as public transport.
- Non-motorised transport (NMT's) – e.g., donkey carts and bicycle, used in rural areas as an alternative mode of transport.
- Metered taxi rank operations – mainly found in Polokwane Local Municipality.

According to CDM Integrated Transport Plan, current transport supply numbers are 107 taxi facilities within CDM, of which more than 8% are informal, 285 taxi routes, and approximately 50% of the routes are in the Polokwane Local Municipality, 180 bus routes in the CDM, 196 subsidised buses in operation and 27 taxi associations with approximately 3 063 taxi vehicles. Poor road conditions are a significant factor on the operating life span of the vehicles, operating costs, and level of service to the passenger.

All local municipalities within the district are providing law enforcement, registration licensing and roadworthy tests and driving license test services, which is overseen by the district. The district has four (4) Provincial Traffic Stations and one (1) Provincial Traffic Control Centre:

3.7.1.1. Traffic Infrastructure Facilities

Municipality	Names of Existing Traffic Stations	Number of DLTC/RA's & VTS	Number of Traffic Stations lacking proper facilities	Challenges encountered
Blouberg/ Molemole	Dendron	3	Leased facility	No 24/7 service
Lepelle-Nkumpi	Lebowakgomo	3	No proper facilities	No 24/7 service
Molemole	Sekgosese	1	Leased facility	No 24/7 service
Polokwane	Polokwane PTCC	4	1 (Fencing & security gates)	No 24/7 service

3.8. INTEGRATED TRANSPORT PLAN (ITP)

The District Municipality developed its Integrated Transport Plan during 2012/13 financial year with the aim of addressing transport challenges in the district. It is a requirement in terms of the National Land Transport Act 2009 that municipalities develop Integrated Transport Plans (ITPs). In the absence of ITPs, it is difficult to consider applications for public transport operating licenses hence the Department and the District decided to assist municipalities with the development of Local Integrated Transport Plans (LITPs) for the growth points.

3.8.1. Road Master Plan

Road Master Plan for Capricorn District Municipality is available. The plan among others will serve the anticipated future traffic demand; provide recommendations on phasing of implementation and triggers to indicate when major road network improvements are required. The plan makes the following observations and or recommendations:

- Although CDM is not an authority on roads, it needs to assist the local municipalities in coordination and budgeting.
- Local municipalities have a challenge of implementing roads owned by the Province.
- CDM and local municipalities should also enter into the MOU with the Province and RAL in order for each authority to implement priority projects on roads owned by another authority.
- SANRAL is currently investing significantly in the CDM road infrastructure (e.g. Polokwane Eastern Bypass and Botlokwa Underpass).
- Municipalities in CDM collectively require approximately R37 billion to eradicate the municipal roads backlog and unlock development potential.
- Municipalities should also prioritise road network maintenance to prevent collapse of the total network.
- CDM to pursue RAL and NDoT to conclude assignment of responsibilities for different classes of roads as per RISFSA and TRH 26 RCAM classification.
- CDM and local municipalities should engage the Province and RAL to understand and influence the provincial roads master planning.
- Roads projects should be geared towards public transport provision (e.g. IPTNs).
- Alternative sources of funding for municipal roads (e.g. DoT, Province, National Treasury, DBSA, PPP etc.) need to be pursued.
- CDM and its local municipalities should consider installing counting stations at few strategic locations for continuous monitoring of traffic patterns.
- The proposed road projects implementation plan of this Road Master Plan be reviewed from each local municipality after 3 years.

3.8.2. Rural Roads Asset Management Systems

Road network development in South Africa is constitutionally a concurrent function across the three spheres of government. The Road Infrastructure Strategic Framework for South Africa (RISFSA) has found that road asset management systems that are implemented by roads authorities are not of the same standard and the information that is drawn from them is not consistent. This makes it very difficult to make informed decisions with respect to road network management, and to adequately plan for interventions. Poor planning in turn leads to unsustainable expenditure of roads budgets which cannot be afforded in the current socioeconomic context of South Africa. It is based on the aforementioned information that Capricorn District Municipality was granted a Rural Transport Services and Infrastructure Grant, with the purpose of setting up a Rural Road Asset Management System (RRAMS).

3.8.3. Road Safety

Road Safety programme is about to instil a spirit of road safety amongst school children and road users in CDM. Children and young people have a high involvement in road crashes. Receiving road safety education as part of their normal school curriculum is recognized as being one of the most effective ways of providing youngsters with road safety knowledge. CDM in collaboration with the Department of Transport Limpopo are conducting road safety awareness through school competitions (debate) and scholar patrol in the primary schools. CDM will continue to engage scholars and where possible increase participation of schools in matters of road safety.

3.9. STORM WATER DRAINAGE

Road construction, maintenance and the management of storm water was identified as one of the main priority areas. Strategies have been developed to meet the IDP objectives and against this background certain programmes and projects have been identified. In the urban areas there is a relatively well-developed road network of surfaced roads. It will now be necessary to focus resources on the gradual expansion of this network into the rural areas to improve mobility and the public transport system.

The maintenance of the existing infrastructure is a cause for great concern and many existing roads may not be sustainable. In order to maintain and upgrade existing road infrastructure as well as prepare for the expansion of the road network within the district, a major roads plan was prepared, developed, and implemented. Several specific traffic infrastructure projects mainly regarding upgrading of existing road infrastructure have been defined within the IDP process particularly from the Department of Transport.

3.9.1. Storm Water Structures in CDM

Type of Structure	Total Capricorn				
	Polokwane	Molemole	Blouberg	Lepelle-Nkumpi	Total
Bridges	13	8	2	4	31
Major culverts	28	4	15	10	74
Total	41	12	17	14	105

COMPONENT C: PLANNING AND DEVELOPMENT

3.10. PLANNING

- ❑ Section 27 (1) & (2) of the Municipal Systems Act mandates district municipalities to adopt a framework for Integrated Development Planning that binds both the district and the local municipalities in the district municipality.
- ❑ Section 28 of the Municipal Systems Act mandates municipal council to adopt a process set out in writing to guide the planning, drafting, adoption and review of municipal integrated development plan (IDP).
- ❑ Section 21 of the MFMA mandates municipalities to prepare time schedule outlining key deadlines for the preparation, tabling and approval of the annual budget and the annual review of the IDP.

In compliance with Municipal Systems Act, as a guiding legislation towards the development of the IDP and Process Plan, the 2021/2022 IDP/Budget Process Plan was approved by Council on the 29th July 2021 (Resolution No. OC 01/2021 - 2022/7.3.6) with milestones and activities towards approval of the development of the 2022/23 IDP and Budget, which were achieved as follows:

- ❑ The District Municipality held its first IDP Rep Forum to present and consult on the 2021/22 IDP/Budget Review Framework/ Process Plan on the 22nd July 2021.
- ❑ Departmental Strategic Planning Sessions were conducted from the 25 -31 January and 01-02 February 2022 respectively.
- ❑ Management Strategic Planning Session took place on the 17-18 February 2022 (Management Team, Local Municipalities, Representatives of Government Sector Departments and SOEs and Labour Union Reps).
- ❑ The 2nd IDP Representative Forum on the 16th of March 2022 (to consult on the Draft IDP/Budget to all the District stakeholders).
- ❑ Draft IDP/Budget engagement session with Councillors was held on 09th March 2022 (All District councillors)
- ❑ Draft IDP/Budget was approved on the 22 March 2022 (Resolution No. OC 04/2021 - 2022/5.1.1).
- ❑ IDP Consultation meeting with stakeholders were held from 19-21 April 2022 (District stakeholder consultative forums (Magoshi, Local Municipalities, Business, Civil Society (NGOs and CBOs and Academic Institutions).
- ❑ The Final Reviewed IDP and MTREF Budget were approved on 20 May 2022 Resolutions OC 06/2021 - 2022/5.1.1 and OC 06/2021 - 2022/5.1.2 respectively).

The composition and responsibilities of each of the above-mentioned structures are outlined in the approved IDP/Budget Process Plan. The CDM IDP has been lauded by the MEC of Cooperative Governance, Human Settlement and Traditional Affairs (**CoGHSTA**) as the best in the Province with highest credible status in terms of compliance to legislation, public participation, and alignment to LDP and the NDP.

In addition, the following instruments and interventions are in place to redress the apartheid spatial patterns that legislated black people into poverty, away from economic centres and growth points:

- ❑ The Spatial Development Framework (**SDF**) is in place and last approved in 2017, it is due for review in line with prescripts of Spatial Planning and Land Use Management Act (**SPLUMA**).
- ❑ The District Development Model is implemented as per the projects in the One Plan.
- ❑ The model is meant to enhance other alignment initiatives such as integrated development plans (**IDPs**) with “a clear focus” of implementing one plan in each district across all spheres of government.
- ❑ The Geographic Information System is in place.

- ❑ The Municipal Planning Tribunal has been established to implement SPLUMA in the District; and
- ❑ In the wake of the District Development Model, the District 2040 Growth and Development Strategy (**GDS**), which guides investment attraction, economic growth and development for the next 30 years is in place and implemented through projects in the IDP and projects from sector departments. The Strategy is aimed at further aligning the district 2040 GDS to the National Development Plan and Limpopo Development Plan priorities, diagnose challenges with the implementation of its 2030 version, and to propose new strategic direction to achieve its intended objective of stimulating and raising economic growth.

3.11. LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES)

The average annual growth rate for South Africa, Limpopo, and Capricorn District is 1.3%, 1.9% and 1.2% respectively. Hence, the average economic growth rate of Capricorn District was lower than that of the Limpopo Province and South Africa. To create enough jobs, the Capricorn District needs to grow at higher rate, of around 7% (as in developed countries).

3.11.1. ECONOMIC EMPLOYMENT BY SECTOR

The purpose of the LED Strategy is to position the Capricorn district as a centre of sustainable economic growth and development. The LED is in partial fulfilment of the district’s IDP goals which will position the district in attaining its vision as a “the *home of excellence and opportunities for a better life*”. The LED strategy has an objective of economic growth of 4.5% for next 5 years; reduce unemployment below 50,1% in five years; decrease the number of households below poverty line of R1 800 per month; increase and develop access to economic opportunities and expand the municipal revenue base. To achieve these objectives five priorities are identified in line with district comparative and competitive advantages. The priorities are based on government policies in line with Apex priorities. The Local Economic Strategy of CDM is driven by five priority areas, of which each priority area has its main objective, rationale, and key actions, namely:

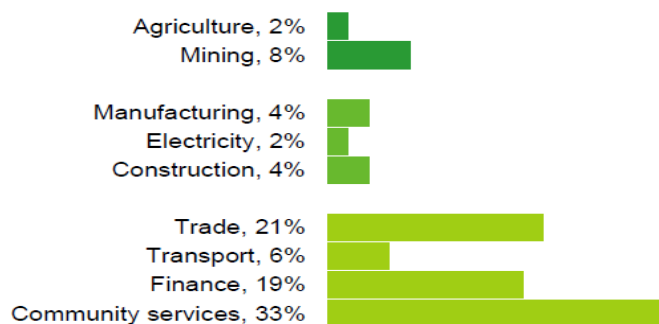

- Growing the first economy.
- Developing the second economy.
- Building knowledge economy.
- Land and infrastructure; and
- Governance and partnership.

The lead programmes which will expedite the district’s economy are in Tourism and Manufacturing (including agro processing) and Agriculture.

Figure 22: Economic Sectors

Sector composition

The major business centre in the district is Polokwane City. Secondary centres are dotted throughout the district (Nodal Points) but there is a noticeable lack of any other large-scale business/ retail/ commercial activity in the remaining parts of the district area.

The most notable location for manufacturing activities at present is the Polokwane City/ Seshego cluster, and currently the majority of value adding activities also takes place in the Polokwane municipal area, followed by Lepelle-Nkumpi in the south (Zebediela). More than half of the manufacturers in the Polokwane area are involved in the food and beverages sub-sector, including brands like SA Breweries and Enterprise Foods.

The major economic sectors in the Blouberg LM are agriculture, mining, and tourism, however, when considering agriculture as a potential for development in the area, the LM is faced with one of its biggest challenges in the availability of prime state land in areas of need. Development nodes in the local municipality are surrounded by privately owned land and as a result it becomes difficult for the state to properly plan and trigger development for such areas. The emergence of mines is a threat to the further development of the agricultural sector in the area.

Lepelle-Nkumpi LM has significant agricultural development potential, both in terms of horticulture and livestock. The major economic sector focuses in the Lepelle-Nkumpi LM are agriculture, mining, and tourism.

Molemole LM has significant agricultural development potential in terms of vegetable and livestock farming. However, when considering agriculture as a potential for development in the area, the Municipality is faced with one of its biggest challenges in that there are water shortages in the region.

Polokwane is the largest metropolitan complex in the north and a major economic centre. Its proximity to the neighbouring countries of Botswana, Zimbabwe, Mozambique, and Swaziland, as well as its convenient distance from the Kruger National Park and Magoebaskloof make it a perfect gateway to Africa and attractive tourist destination.

3.11.2. AGRICULTURAL DEVELOPMENT

The CDM Agricultural Development Strategy has analysed each local municipality's agricultural potential as follows:

Almost 60% of the land in Blouberg LM has low to moderate agriculture capability but the cornerstone of a potato belt in the Province. The rivers and the Glen Alpine Dam in the Municipality ensure water for irrigation purposes. The area is highly vegetated - 392,136ha of the Blouberg LM are under some form of vegetation. Agriculture activities in the Municipality are mostly subsistence farming even though there is an emergence of small holder and commercial farmers. According to the Department of Agriculture and Rural Development (DoARD), 106,000ha are suitable for irrigated agriculture. According to the Local Economic Development Plan (LED) of the Municipality, the most important factor limiting agricultural production and development in the Municipality is the availability of water. The emergence of the mining activities in Blouberg will encroach on arable land and thus threaten agricultural activities that will impact on food security.

A large part of Molemole LM's available agricultural land is vegetated. According to the Department of Agriculture and Rural Development, 165,000ha are suitable for agriculture, but vegetated. Only 1,300ha are suitable and available for agriculture, while 34,000ha are already. More than 90% of Molemole Municipality's land has low to moderate agricultural potential. Approximately 7% of land has moderate to high potential. The land with the highest agricultural potential can be found on the eastern part of the Municipality. According to the Department of Agriculture and Rural Development, the Municipality has 140,000ha suitable for agriculture. Approximately 6,000ha of land in Molemole have high agricultural potential.

The land in the Polokwane LM has low agricultural potential. The Department of Agriculture and Rural Development indicated that the availability of water for irrigation purposes in the Municipality is a constraint to agriculture. Polokwane Municipality has developed an Agricultural Development Strategy that emphasizes the establishment of an Agro-Processing Site, Fresh Produce Market etc.

The District is home to one of the largest citrus estates in the country, namely, Zebediela Citrus Estate, which is in the Lepelle-Nkumpi Local Municipality. Lepelle-Nkumpi has potential to become the agricultural hub in the Capricorn District due to its climatic conditions, soils type and water availability.

The district also has thriving livestock farming. The CDM SDF identifies the high agricultural potential, especially around settlements in the district. High agricultural potential also exists along the rivers in the district especially the following:

- The Natse River in the Blouberg LM.
- The Nokayamantala and Matlala River.
- The Sand River in Molemole LM.
- The Diepriver in Polokwane LM.
- The Olifants river in Lepelle-Nkumpi LM.

Establishment of Agri-Parks

The establishment of Mega Agri- Parks, one per district municipality, follows the pronouncement by the Minister of Rural Development and Land Reform. An Agri-Park is an agglomeration of agricultural cultivation, packing, processing, storage, and marketing of agricultural commodities in a central location such as an economic hub.

The following are the guiding principles on the establishment of Agri - Parks

- One Agri-Park per District (44) with focus on the 27 priority districts.
- Agri-parks must be farmer controlled.
- Agri-parks must be the catalyst around which rural industrialization will takes place.
- Agri-parks must be supported by government (10 years) to ensure economic sustainability.
- Strengthen partnership between government and private sector stakeholders to ensure increased access to services (water, energy, transport) and production on the one hand, while developing existing and create new markets to strengthen and expand value-chains on the other.
- Maximise benefit to existing state land with agricultural potential in the provinces, where possible.
- Maximise access to markets to all farmers, with a bias to emerging farmers and rural communities.
- Maximise the use of high value agricultural land (high production capability).
- Maximise use of existing agro-processing, bulk, and logistics infrastructure, including having availability of water, energy and roads.
- Support growing-towns and revitalisation of rural towns, in terms of high economic growth, high population growth over past 10 years and promote rural urban linkages cultivated.

The Current status on Agri-Parks is that the Department of Agriculture and Rural Development (Limpopo) has briefly suspended the establishment of Agri-Park and instead prioritise Farmer Support Units that will feed into the Agri-Park once they are fully functional.

Local Municipality	Anchor Project Name	Description
Blouberg	Glen Alpine Irrigation Scheme	Tomatoes for processing, planted on 1,000ha, under irrigation adjacent to the Glen Alpine Dam
Lepelle-Nkumpi	Lepelle-Nkumpi Agricultural Hub	Mixed field and horticultural crop farming activities on Land and Agrarian Reform Projects (LARP) farms
Molemole	Molemole Potato Project	Potato production on LARP farms

Local Municipality	Anchor Project Name	Description
Polokwane	Polokwane Poultry Projects Stock Grazing Project	Broiler franchising and egg production projects at Malietzie and other locations. Mixed grazing for game/ goats/ cattle on an area of approximately 6,500 ha 50km west of Polokwane (former Aganang area).

3.11.3. MINING DEVELOPMENT

The mining resources in the Capricorn District are predominantly clustered in the Lepelle-Nkumpi LM. The district, through Lepelle-Nkumpi, forms part of the Platinum Mining Cluster on the Dilokong Corridor. In Lebowakgomo, the new Musina Platinum Mine has been commissioned. However, the Blouberg LM will surpass the Lepelle-Nkumpi LM with mining resources as more than 25 mining prospects have been conducted and discoveries indicate that the area is rich in an assortment of minerals. e.g. (PMG Platinum Minerals Group etc). This will spark the development of a mining town that will stimulate industrialisation prospects of the area.

Other mining operations in Lepelle-Nkumpi include:

- LONMIN in Ga-Mphahlele (platinum, chrome, granite). However, mining operations have scaled down significantly.
- Rooibosch Mining Operation in Zebediela
- Granite Mining Operation.
- Diepsloot Mining Operation.

The mining sector contributes 0.3% to local employment, which gives a lower importance to the sector in terms of job creation. The analysis of its employment dynamics on the national and local levels highlight that the local sector's employment is growing slower than on the national level. It requires special attention from the government to ensure that jobs created within the sector are not lost.

Although mining in the district contributes insignificantly to employment and to the local economy, it plays a significant role in the economy of the Lepelle-Nkumpi Local Municipality. According to the Lepelle-Nkumpi LED, the mining sector contributes 9.68 % to the GDP in the Municipality (according to Global insight, Database, September 2015). The mining sector of the Lepelle-Nkumpi LM contributes nearly 26.3% of the mining sectors output in the district and nearly half of the district mining sectors employment. Therefore, it is evident that it is vital to the local economy in terms of government earnings and bringing money into the region, loss of jobs would mean the closure of mines or decrease in production output, which would eventually lead to a lower contribution to the GDP and lower government earnings.

Mining holds major possibilities for the district, especially the Lepelle-Nkumpi Local Municipality. The sector presents several backward and forward linkage opportunities for the entire district and there is considerable potential to utilize the mining sector as a catalyst for developing other economic activities by strengthening these linkages. The platinum mining developments, especially in Lebowakgomo and the envisaged shaft in Makurung, the revitalization of diamond mine in Zebediela, as well as brick clay mining development in Zebediela could create opportunities for SMMEs along the value chain. Access to these opportunities would require negotiations with mine management. There are also numerous opportunities along the platinum corridor traversing the district, as identified in the PGDS.

Blouberg Local Municipality has the potential to become the mining region of the district due to indications of different minerals discovered by mineral prospecting institutions in the area. The Municipality is also benefitting from the social corporate responsibility initiatives arising from Venetia Mine. The Molemole LM is known for its granite mining, Polokwane has silicon potential even though the Silicon smelter has ceased to operate and also reserves of platinum and iron that could be exploited. Most of the minerals mined in the district are currently being exported in raw form. Therefore, potential

for mineral beneficiation in the district exists, with Polokwane LM indicating that it would like to be positioned as mineral processing and beneficiation hub. The biggest opportunity in the mining sector is in the support of small businesses linked to the mining industry. Mining houses and hostel requires catering services (which again links with agricultural development because local farms could supply fresh vegetables and meat), cleaning services, and repairing of machinery. Manufactured inputs could also be supplied to the mines.

3.11.4. TOURISM DEVELOPMENT

Capricorn District Municipality last updated its Tourism Development Strategy in June 2015. The strategy has identified 6 priority projects as follows:

- District Marketing and distribution strategy.
- District Tourism Routes.
- Hospitality Education Centre.
- Tourism Knowledge Management Strategy.
- District Marketing Organization.
- Establish a multifunction centre at Motumo Trading Post (including a Capricorn Information Office, district craft hub with shops and job opportunities along the N1 to include an entertainment area/centre).

Capricorn District is named after the “Tropic of Capricorn”, which passes through the northern section of Limpopo. It stretches lithely from the Ysterberg, along the foothills of the lush Wolkberg Mountains, to the Tropic of Capricorn in the north. It is ideally situated as a stopover between Gauteng and the northern areas of Limpopo and between the north-western areas of the country and the Kruger National Park. It is also near the neighbouring countries of Botswana, Zimbabwe and Mozambique; however you have to pass through the Waterberg, Vhembe and Sekhukhune districts respectively. The major centres of the Capricorn District include Polokwane, Mogwadi, and Zebediela, the last being home to one of the largest citrus farms in the southern hemisphere. The district is at the centre of the Limpopo Biosphere which consist of the Waterberg, Soutpansberg and part of the Kruger to Canyon biosphere.

Passing through the district through Mogwadi a visitor uses the tourism route that will reach Mapungubwe National Park and World Heritage Site and beyond. In addition to seeing the ongoing archaeological excavations, visitors can enjoy the magnificent scenery, including a view of Botswana and Zimbabwe, the abundant wildlife, the enormous baobab trees, and the wide-open spaces that make this part of South Africa so appealing. Mapungubwe National Park and World Heritage Site is the ideal location for anyone interested in the park’s wildlife and birds, to those in search of serenity, identity, and the extraordinary history of this World Heritage Site. The ancient city of Mapungubwe (meaning ‘hill of the jackal’) is an Iron Age archaeological site in the Limpopo Province on the border between South Africa, Zimbabwe and Botswana, 75 km from Messina. The site of the city of Mapungubwe is now a World Heritage Site, South African National Heritage Site, national park, and archaeological site.

Visitors or tourists can explore the district through the following tourists’ routes:

- The Adventure, Shopping and Cultural Route.
- The Heritage Treasures of Limpopo.
- The Great Mapungubwe Route.
- The African Ivory Route.
- The Limpopo Birding Route.
- The Ben Seraki Blouberg Route, etc.

The fascinating diversity of the region, incorporating grassy plains, bushveld, and misty mountains, as well as a myriad plant and animal species, makes it a veritable treasure chest for the traveller. The region has mines, farms, forests, cultural villages, dams, art, game, and monuments, as well as a fascinating and diverse people. It is the centre for local African culture, to which the numerous towns south of Polokwane and north of Mokopane attest in the coming together of carefully preserved social traditions and indigenous identities.

Capricorn is a land of beautiful and contrasting landscape, which is typical of Africa hence it has become a favourite destination for leisure and adventure travellers worldwide. Tourists can experience the district of infinite scenic beauty with a great diversity of natural and manmade attractions, rich cultural heritage and an abundance of wildlife and nature-based tourism activities.

Below is a range of activities that a tourist can enjoy within the district:

Activity	
Air experience	Charter flight and micro lighting
Culinary experience	African food, coffee shops, family restaurants, pubs, seafood, etc.
Land Activities	Caving, hiking, canyoning, mountain biking, paintball etc.
Wildlife Experiences	Birding, game drives, game walks, hunting, walking safaris, etc.
Business, Venues and Wellness-	Casinos, conference centres, health spas, team building, tour operators and travel agencies
Education, Culture and Heritage	Art galleries, cultural villages, education centres, museums, monuments, heritage centres, rock arts sites and universities.

(a) Tourism events/activities for the district

Event	Details
Mapungubwe Arts and Culture Festival	Each year in December, Limpopo Province through the Department of Sport, Arts and Culture celebrates the Mapungubwe Heritage Site by hosting the Mapungubwe Arts and Culture Festival in the city of Polokwane.
Limpopo Tourism Holiday Fair	An annual tourism show hosted at Savannah Mall. It started in 2017.
Gospel Festival	An annual gospel festival that is held in Polokwane
District Heritage Day	Hosted annually at different Traditional Councils
Blouberg Cultural Celebration	Blouberg also host their Blouberg Cultural Celebration in identified traditional authorities with prior arrangement on an annual basis. Alldays town also hosts the annual small flight competition.
Blouberg Airshow	Hosted around Venetia and Alldays every year. It is airshow for small aircrafts
SMME Exhibitions	Capricorn District Municipality is facilitating the hosting of SMME exhibitions in partnership with its four local municipalities in their respective municipal areas. The district also arranges exhibition space at the World Travel market in Cape Town and the Africa Durban Tourism Indaba but could not participate due to the Covid-19 pandemic regulations lockdown

(b) Tourist attraction areas in Capricorn

Area	Details
Eersteling Monuments	The site of the country's first gold crushing site and its first gold
Open-Air Museum and Polokwane Cultural History Museum	This museum depicts the traditional and modern-day culture and lifestyle of the Bakone people.

The Bakone Malapa Cultural Museum	Northern Sotho Open-Air Museum, which depicts the traditional and modern-day lifestyle of this people.
Polokwane Game Reserve	Hiking and wildlife
Polokwane Bird and Reptile Park	Famous for its snake demonstrations is popular feature of this attractive park.
Shopping Malls in the District	Modern shopping centre which stimulates business tourism in the District.
Peter Mokaba Stadium	Used to host professional games. It hosted some of the games during the 2010 World Cup.
Makgabeng Rock Art	Potential to attract a lot of tourists both domestic and international.
Religious pilgrimage	ZCC (Zion Christian Church) Moria and ST Engenas ZCC and other historical churches pilgrimage also have a high number of tourists visiting the district.
Zebediela Citrus Estate (Agri-tourism)	This citrus production estate has potential to increase inflow of tourists.
Meropa Casino and Entertainment World	Gambling hotspot, accommodation, and recreational facilities
Chuene Crocodile Farm	Crocodile feeds and frequent talks provide a fascinating insight on the impressive beasts
Motumo Trading post	Conservation and tourism attraction area.
Tropic of Capricorn Monument	The southernmost latitude where the sun can be directly overhead.
Blouberg Mountains	They have a large surface of protected wall where climbers will find good solid rock.
Blouberg Nature Reserve, Langjaan and Maleboho Nature Reserve	Home to revered Cape Vulture and assorted fauna and flora.
Makgabeng Plateau and Rock Art	Famed for its rock art to be found there.
Statue and Battlefield of Chief Maleboho	Statue of the great leader of Bahanwana people Kgoshi Ratshatsha Malebogo who fought against colonialism.
German Culture	Beaully Prison, Helena Franz and Leipzig Mission sites.

(c) Nature and Game Reserves in the District

Nature Reserves
Blouberg Nature Reserve
Maleboho Nature Reserve
Wonderkop Nature Reserve
Machaka Nature Reserve
Turfloop Nature Reserve
Polokwane Game Reserve
Kuschke Nature Reserve
Zebediela Citrus Farm
Bewaarkloof Nature Reserve
Serala (Wolkberg Wilderness Area)
Wolkeberg Caves Nature Reserve
Lekgalameetse Nature Reserve
Matlou-Matlala & Ratang baeng

(d) Accommodation for Tourists

CDM offers a large number of accommodation options. Facilities at the numerous accommodations in the district vary, ranging from rustic camps and chalets close to nature, to very luxurious establishments. Camping sites, bed and breakfast establishments, self-catering chalets, holiday resorts, game lodges and hotels are some of the facilities available in the district. According to Limpopo Tourism and Parks (LTP), there are more than 180 accommodation establishments within the CDM. The district boasts a five star hotel in Fusion Boutique and four stars hotels in Royal Polokwane, The Park Inn, Garden Court, and Protea The Ranch.

(e) Transportation for Tourists

Road transport is by far the preferred way of travelling as it enables tourists to enjoy the wonderful scenery of this beautiful Province and the district alike (self-drive routes). International tourists who arrive in Polokwane by air have the option of renting self-drive cars. There are five registered car rental companies in Polokwane, with 4 at the gateway airport while one is within the Polokwane CBD.

Polokwane Gateway International Airport, 5 km north of town, receives regular services from the rest of the country. The primary airport serving the game lodges in the east of the Province is East Gate Airport situated near Hoedspruit. It has scheduled flights from Johannesburg and Cape Town.

Polokwane offers excellent inner-city transport and intercity bus services to many destinations within the Province and other provinces. Luxury bus services (Intercape, Greyhound, Road Link and Translux) have reduced their operation between Polokwane and Johannesburg. The introduction of the Bus Rapid Transit System (in Leeto La Polokwane) has boosted the transportation services in the district. Shuttle and metered cabs are also operating in the city of Polokwane.

(f) LED Challenges and Proposed Interventions

Challenges	Interventions
Community co-operatives are collapsing / not sustainable due to lack of beneficiaries' business skills	<ul style="list-style-type: none"> Capacity Building for co-operatives in business management, product development and tendering processes. Engage LEDA and LEDET on the programme of capacitating cooperatives.
Subdued (low) economic growth	<ul style="list-style-type: none"> To identify catalytic projects and create conducive environment by infrastructure development to stimulate economic activities.
	<ul style="list-style-type: none"> Public Private Partnership engagements (MOUs).
Low skills base	<ul style="list-style-type: none"> Development of Unemployed Persons Database / Informal Artisans.
The status quo of the Gateway International Airport is still not an enabler for economic growth	<ul style="list-style-type: none"> Support should also be given to the Gateway International Airport in the form of partnership in support of economic development.
Limited knowledge on performance of SMMEs	<ul style="list-style-type: none"> Development of a monitoring and evaluation tool to track the number of SMMEs, size of SMMEs and survival rates.
Lack of tourism awareness	<ul style="list-style-type: none"> Facilitate and coordinate tourism awareness campaigns in the district.
Inadequate ICT skills	<ul style="list-style-type: none"> Capacity Building of youth in fourth industrial revolution.
Rising youth unemployment	<ul style="list-style-type: none"> Facilitate recruitment of youth in business call centres.

Collapse of local economy due to Covid-19 pandemic	<ul style="list-style-type: none"> Development of the Economy Recovery Plan for the District.
Outdated District Tourism Strategy	<ul style="list-style-type: none"> Prioritise the review of the District Tourism Strategy.

COMPONENT D: COMMUNITY & SOCIAL SERVICES

3.12. LIBRARIES, ARCHIVES, MUSEUMS, GALLERIES AND COMMUNITY FACILITIES, OTHERS (THEATRES, ZOOS ETC.)

Libraries, archives, museums, galleries are not the function of a district municipality. However, we have community facility which we have partnered with Department of Sport, Arts and Culture to run sports facility which is currently operating as a gymnasium.

3.13. CEMETERIES AND CREMATORIUMS

Cemeteries and crematoriums are exclusive functions for the local municipalities

3.14. CHILD CARE, AGED CARE, SOCIAL PROGRAMMES

Introduction to Child Care; Aged Care; Social Programmes

The Special Focus section ensures that all special focus groups in the Municipality, namely the youth, elderly and disabled, are mainstreamed into the developmental agenda. In making sure that CDM responds to the needs of these groups of people, various Special Focus intergovernmental structures have been launched and supported. The district can successfully coordinate children, gender, older person, and youth programs.

COMPONENT E: ENVIRONMENTAL PROTECTION

Environmental protection includes air quality management; pollution control; waste management; biodiversity and open space management; conservation and protection of natural resources; environmental awareness and compliance monitoring and enforcement. CDM aims to manage and direct the effective rendering of a comprehensive and professional environmental management service to residents of the district to ensure a sustainable, healthy, and safe environment for every person to live, work and recreate, within the district. The Municipality also aims to manage all the components of environmental management within the district, including planning, monitoring, enforcement, education and awareness, air quality management, environmental advisory services as well as capacity building and empowerment to ensure that the function of environmental management is established and promoted within the Capricorn District.

3.15. POLLUTION CONTROL

Section 24 of the Constitution confers everyone the right to:

- ❑ An environment that is not harmful to their health, and
- ❑ To have an environment protected, for the benefit of present and future generations, through reasonable legislation and other measures that:
 - Prevent pollution and ecological degradation,
 - Promote conservation, and
 - Secure ecologically sustainable development and use of natural resources while promoting justifiable economic and social development.

The main sources of air pollution within CDM, based on the potential for human health risks are emissions from industries, domestic fuel burning and from vehicle emissions. Several other smaller sources are found including but not limited to boiler operations. Primary atmospheric emissions released from these sources include Sulphur dioxide (SO₂) Nitrogen oxides (NO_x), Carbon monoxide (CO), Particulate matter (PM_{2.5} and PM₁₀) and Volatile Organic Compounds (VOCs).

Secondary pollutants such as Ozone (O₃) are formed in the atmosphere through the chemical transformation of precursors such as VOCs and NO_x. The Polokwane municipal area and specifically the urban areas of Polokwane have been identified as a hot spot within the district.

CDM is implementing intervention strategies to manage the air quality. We are the Licensing Authority for the operation of activities which result in atmospheric emissions which have or may have a detrimental effect on the environment including health, social conditions, economic conditions, ecological conditions, or cultural heritage.

Air quality monitoring programmes continue through our continuous air quality monitoring station located in Polokwane and new monitoring equipment will be procured to monitor air quality within our local municipality areas.

Council approved the reviewed Air Quality Management By-law (Resolution No. OC 03/2021 - 2022/7.2.7) on 28 January 2022, following extensive public consultation and participation between August and September 2021. Amongst others the reviewed By-law provides for the following:

- Smoke control zone replaced with “Air pollution control zone” including scrapping all requirements relating to dark smoke emissions. This is due to the fact that there is no tool to measure dark smoke and it is essentially a subjective observation.
- New Regulations for Small Boilers have been issued by DEFF (Department of Environmental Affairs, Forestry & Fisheries) and a clause to ensure facilities comply with Regulations within a specified time is included in the By-law.
- The insertion of wording emphasizing that failure to adhere to clauses or to undertake certain activities is an offense.
- Open burning and burning of materials is prohibited, not only burning to recover metals.
- Emphasizing that open burning for the purposes of a barbeque, cooking or domestic purposes is allowed.
- Application for an Atmospheric Emission License is now an online procedure whereas in the past it was a paper exercise and this procedure is now included.
- Clauses relating to offenses and penalties have been strengthened.
- A requirement contained in the Air Quality Act, that polluters can be requested conduct specialist studies or undertake specific monitoring is also now included in the By-law.
- The Schedule of Offences have been aligned to the wording in the By-law where required and fines for offenses have been adjusted / increased where required.

3.16. WASTE MANAGEMENT

Programmes for waste management include the following:

- To promote the effective and efficient management of waste through support programmes to local municipalities.
- In addition to technical assistance, CDM has over the years developed Waste Management Plans, continues to purchase equipment, and has funded the development of landfill sites for local municipalities.
- Skip loader trucks for Blouberg LM are in the process of being procured as well as equipment to roll-out cleaning campaigns in all local municipality areas.

3.17. BIO-DIVERSITY, LANDSCAPE (INCLUDING OPEN SPACES), AND OTHER

- The vision behind environmental management is to make people aware of the value of the natural world and their place within it and how all residents in the district should conserve it.
- LEDET funded the development of a Bioregional Plan for the Capricorn district. The Bioregional Plan contains a map of Critical Biodiversity Areas (CBA) and Ecological Support Areas with accompanying land-use planning and decision-making guidelines for avoiding loss or degradation of natural habitat in areas identified as being important in the CBA Map. Awareness of the Bioregional Plan and ensuring that data is captured in municipal SDF's and Land Use Management Schemes is currently taking place.
- Capricorn District Municipality is a proud sponsor of the Eco-school programme benefiting schools within the district and we are currently in our 8th year of support and collaboration. Our funding partnership with the Wildlife and Environmental Society of Southern Africa (WESSA) Eco-School programme is continuing with great success, targeting school learners. At present, 27 schools in the Capricorn district are participating but considering there are more than 700 schools in the district, there remain much work to be done in expanding the programme.
- CDM is implementing and managing alien and invasive plant eradication projects within local municipality areas. Two projects have been implemented at;
 - Molepo village within Polokwane LM - affected by *Sesbania grandiflora*.
 - Mafefe village within Lepelle-Nkumpi LM - affected by *Lantana camara*.
- Fifty (50) beneficiaries have benefitted from employment on our alien / invasive plant eradication projects.
- 800 Indigenous trees have been acquired and planted throughout the district.
- Compliance monitoring and enforcement activities by our team of Environmental Management Inspectors (EMI's) are continuing and members of the public are encouraged to report environmental transgressions to the Municipality.

COMPONENT F: HEALTH

3.18. CLINICS

Not a District function.

3.19. AMBULANCE SERVICES

Not a District function.

3.20. HEALTH INSPECTION, FOOD AND ABBATOIR LICENSING AND INSPECTION, ETC

The National Health Act, 61 of 2003 defines Municipal Health Services as including:

- Water quality monitoring and Food control.
- Waste management.
- Health surveillance of premises.
- Surveillance and prevention of communicable diseases, excluding immunisations.
- Vector control.
- Environmental pollution control.
- Disposal of the dead; and
- Chemical safety (which is a local municipal function but forms an integral part of the MHS scope). It excludes port health, malaria control and control of hazardous substances.

3.20.1. MUNICIPAL HEALTH BY-LAWS AND TARIFF'S STRUCTURE

- In terms of section 84 (1) (i) of Municipal Structures Act, a district municipality has the power and function to provide municipal health services in its jurisdictional area. Section 74 of Municipal Systems Act provides that a municipal Council must adopt and implement a tariff policy on the levying of fees for municipal services provided by the Municipality itself or by way of service delivery agreements. In term of section 75A (1)(a)(b) of the Municipal Systems Act, a municipality may levy and recover fees, charges, or tariffs in respect of any function or service of the municipality and recover collection charges and interest on any outstanding amount. National Health Act, section (32) (1) states that every metropolitan and district municipality must ensure that appropriate municipal health services are effectively and equitably provided in their respective areas. Municipal Health Services are effectively rendered within the district.

3.20.1.1. PREVENTION AND MONITORING OF COMMUNICABLE DISEASES

- Since the National State of Disaster and lockdown implementation from 26 March 2020, Municipal Health Service (MHS) has been engaged in intensified programs of COVID-19 management through awareness, and campaigns.
- Coronavirus (COVID-19) pandemic called for more vigilance of Environmental Health Practitioners by a way of being a tracing team to manage the cases and contacts of COVID-19. All reported contacts and cases were traced and monitored by CDM EHPs and the District Health Office.
- Summary of the COVID-19 Cases for 2021/22 cumulatively since March 2020:
- 44 343 cases cumulative managed/handled
- 1640 COVID-19 deaths (cumulative) monitored in line with the Human Remains Management Regulations.

3.20.1.2. AWARENESS AND MONITORING OF COVID-19

- 1999 (cumulative) community awareness campaigns conducted by Environmental Health Practitioners at the malls, food outlets, clinics, taxi ranks, and a total of 137 316 people reached.
- 2182 Food outlets and 497 informal traders were monitored for compliance (cumulative).
- Total of 178 569 (cumulative) pamphlets distributed to platforms such as Shelter for the homeless, Clinics and Hospitals, Shopping centres, Malls, Funerals, Meshate's, Plaza Shops. 15 237 (cumulative) funeral services were monitored for compliance and 133 700 people reached.

3.20.1.3. CLEANEST SCHOOL COMPETITION

- CDM in partnership with Pick n Pay and Polokwane Chemical Suppliers (Phatsima) hosted the Cleanest School Competition which continues to be held on an annual basis. The competition saw 24 schools participating in issues of cleaner and safe environments to create conducive learning environments. The 24 schools are registered in the Pick n Pay ECO Club which is a program that supports schools on various Environmental Health and Safety programs.
- Theme for this financial year 2021/22 is “Prioritizing Environmental Health for Healthier Communities in Global Recovery.” Pandemic diseases impact on vulnerable communities and a call for Environmental Health Practitioners to play a pivotal role in adaptation strategies /innovations and measures to protect communities against the challenges of Covid-19. Therefore, the competition had to be aligned with the continuous strategies by Government to combat the spread of the virus. The competition covered two categories: high and primary 3 high schools and 3 primary schools in each local municipality.

3.20.2. HEALTH FACILITIES

The district has two tertiary hospitals (Mankweng and Pietersburg) and one Mental Health hospital (Thabamoo). The district does not have a regional hospital which affects the referral system; however, patients are referred from the district hospitals direct to Polokwane and Mankweng tertiary hospitals.

3.19.2.1 Health Facilities in CDM

Sub District	Local Areas	Clinics	Health Centres	Hospital
Blouberg Sub district	3	24 including 1 Gateway	2	1
Lepelle- Nkumpi Sub district	3	22 including 2 Gateways	1	2
Molemole Sub district	1	9 including 1 Gateway	-	1
Polokwane Sub district	7	40 including 1 Gateway	1	4
Total	14	95	4	8

3.20.3. COMPLIANCE INSPECTIONS

Municipal Health Services is continuously doing compliance inspections to ensure compliance with Health Act and all health regulations framed thereunder. The Environmental Health Practitioners that are enforcing the Municipal By-laws are being trained as peace officers.

COMPONENT G: SECURITY AND SAFETY

3.21. POLICE

There are 18 police stations; 04 satellites police stations and 11 magistrate courts spread across the district as follows: More details on police are found on the 2021-22 Document on page 102.

3.20.1 Number of Police Stations in CDM

Municipality	Police Stations	Police Stations	Satellite Police Stations	Magistrate Courts
Blouberg	Senwabarwana, Maleboho, Tolwe, Alldays, Saamboubrug	05	00	05
Lepelle-Nkumpi	Zebediela, Magatle, Lebowakgomo	03	01	01
Molemole	Morebeng, Mogwadi, Botlokwa	03	02	02

Polokwane	Seshego, Mankweng, Westenburg, Mashashane	Polokwane, Sebayeng, Matlala,	07	01	03
Capricorn Total			18	04	11

3.22. FIRE

3.22.1. FIRE & RESCUE SERVICES

The main objective of fire and rescue services is to support and promote the Municipality's object of 'promoting a safe and healthy environment' (section 152 (1) (d) of the 1996 Constitution) by preventing the loss of life, protect property and the environment against fire and other hazards and to promote general safety of communities. Other objectives include rescue/extrication services, fire prevention, humanitarian services and public education / awareness.

In terms of the Municipal Structures Act, section 84(1) (j), a Fire Brigade service is the function of the District Municipality. This function is currently performed by the District Municipality in the 3 local municipalities (Blouberg, Molemole and Lepelle-Nkumpi) excluding Polokwane. Polokwane Local Municipality is providing the service on-behalf of the CDM (as per the MEC's adjustment on division of powers in terms of section 85 of the Municipal Structures Act) in its jurisdictional area. An SLA between Polokwane Local Municipality and the CDM is still pending to effect the "agency arrangement" and possible smooth handover of the service back to the district.

The Fire and Rescue Services is meant to protect life and property, preserve the environment, train and develop firefighters, standardize the service equipment and vehicles, and to provide humanitarian services and public education/awareness.

The following are the main performance areas of the service:

1. Respond to Emergencies (Operations).
2. Prevent fires and provide Education to the public/awareness (Fire Safety).
3. Personnel Training and development.
4. Administration and Logistics.

The District Municipality has over the years procured equipment and vehicles; personnel vacancies were created and filled to improve service efficiency; awareness campaigns were conducted to capacitate the community and to market the service; and control-rooms were beefed-up to improve call reporting, taking, dispatch and monitoring. All these were done with the intention to improve service delivery.

A new fire station is currently at completion stage at Ga-Rampuru Village, Moletji. This fire station will primarily serve the Moletji and Ga-Matlala areas, which are far lying from established services and will improve access to the service and reduce attendance time to incidents in those areas. See below:

3.22.2. District fire services data

DISTRICT FIRE SERVICE DATA							
	Details	2019/20		2020/21		2021/2022	
		Estimate No.	Actual No.	Estimate No.	Actual No.	Estimate No.	Actual No.
1.	Total number of incidents attended in the year	650	414	500	475	500	667
2.	Total fires attended in the year	300	203	200	214	200	252
3.	Total MVA/PVA attended in the year	300	175	180	206	180	245
4.	Total other services attended in the year	50	43	50	63	50	170
5.	Average turnout time – urban areas	10min	05-10min	10min	05-10min	10min	05 - 10min
6.	Average turnout time – rural areas	1 hour	1hour	1hour	1hour	1hour	1hour

9.	Average number of appliances off the road during the year	1	5	0	8	0	8

3.23. OTHER DISASTER MANAGEMENT, ANIMAL LICENSING AND CONTROL, CONTROL OF PUBLIC NUISANCES AND OTHER

Disaster Management Centre is located at the Polokwane Fire station servicing the entire district. Main Disaster hazards identified in the district are: Natural and Anthropogenic (man-made) such as (Strong Winds, Flash Floods, Drought, Epidemics, Veld fires, Transport Emergencies) amongst others. Almost all communities in the district are affected in one way or the other by these hazards although, the degree in which they are affected differs based on their vulnerability.

The focus of the services is measured based on the following key performance areas and enablers:

3.23.1. Key performance areas

- Institutional Capacity building for the Disaster Management.
- Pre-Disaster Risk Reduction.
- Post Disaster Recovery.
- Monitoring, Evaluation, and Improvement.

3.23.2. Enablers

- Information Management and Communication.
- Public awareness, Education, Training and Research.
- Funding arrangements for disaster risk management.

3.23.3. **The top service delivery priorities are: -**

- **Institutional Capacity Building –**
 - Coordination’s of Disaster Management Advisory forum meeting for both DM and LMs.
 - Community based Capacity building program - Conducting of Capacity building workshops on disaster management.
 - For community-based structures (e.g., youth structures, Traditional authorities, and Ward Committee members etc.
 - Coordination of District Disaster Management School Competition.
 - Support of Schools on implementation of disaster risk reduction programs.
 - Engagement and registration of disaster management volunteers.

- **Pre-Disaster Risk Reduction**
 - Continuous identification and monitoring of risks (Vulnerability and hazard assessment).

 - Prioritization and profiling of identified risks.
 - Referral of the prioritized risks to relevant departments.
 - Development of risk reduction strategies, program, and Projects.
 - Incorporating risk reduction strategies and plans into the municipal DMP and IDP.

- **Post –Disaster Recovery**
 - Responding to disasters (windstorms, displace families due to disaster activities).
 - Facilitated provision of disaster emergency houses (RDPS) to disaster victims with the help of COGHSTA. In addition to the above-mentioned assistance, SASSA and South African Red-Cross Society have also provided food parcels to disaster victims.
 - Coordinating rehabilitation and reconstruction programs.

- **Response and relief interventions** - Respond to all reported incidents within the set Standard of eight (8) hours, incident assessments conducted, and relevant intervention provided in three local municipalities (Blouberg, Lepelle-Nkumpi and Molemole) and support given to Polokwane LM as per request.

- **Education, Training- Awareness campaigns**
 - Conducting community-based training and awareness campaigns.
 - Awareness Campaigns (primary and secondary schools as well as Communities in general.
 - Conducting simulation and drills at sectors departments and business sector.

- **Information Management and Communication Centre**
 - A Centre with 24-hour communication facility for reporting and dispatching of emergency services which allows for co-ordination of response measures in the case of events and disaster Incidents.

- **Funding**
 - Capital and operational budget for disaster management activities (refer to IDP and SDBIP).

3.23.4. **Disaster management, Animal Licensing and control, control of public Policy objectives**

Disaster management, Animal Licensing and control, control of public policy objectives taken from IDP

13-15	0	0	N/a	0

3.23.6. Overall Comment on the Performance of Disaster Management, Animal Licensing and Control of Public Nuisances, etc

The Municipality also hosted a District Disaster Management School Competition held on the 17, 18 May 2022 and prize giving ceremony on the 25 May 2022 in Polokwane, in partnership and collaboration with a number of partners such as SANTAM, South African Weather Services, South African National Space Agency, Capricorn FM, National and Provincial Disaster Management Centre, South Africa Red Cross Society, SANLAM, MTN, ABSA and GCIS. The Competition was aimed at creating an environment conducive to promote disaster risk management and advocate for disaster risk reduction at schools in the District. The district further adopted schools in the DRM Competition for a period of 12 months. This was done as part of the progression from the adopted Ten Essentials for Making My District Resilient, which were ratified by the Council as part of the district strategies to reduce disaster risk to support sustainable development. For the 2021/22 at least 08 Schools were supported in DRM School programs. CDM-DRM in partnership with South African National Space Agency (SANSA) managed to establish Science Clubs at 29 high schools and fire and disaster, health and hygiene and COVID-143 awareness were conducted. Further to that 26 Educators from 13 DRM adopted schools received an accredited training on First Aid (Level 1).

Disaster Management Advisory forums structures are established and functional within the district and its local municipalities and meetings are held quarterly and further due to COVID-19 Safety and Security JOC meetings were activated and meetings and operations are held weekly. Awareness campaigns, low-medium events, simulations/drills and Training and Briefing were conducted across the district for the financial year 2021-22 all done under the restriction of COVID-19. The aim of these disaster management pre-planning activities is to ensure capacity building and to promote the use of emergency number to report any emergencies within the district. The district has 24hrs functional emergency communication Centre where emergency and non-emergency calls are relayed. All reported disaster cases (incidents) are responded and attended to within 8hrs of being reported.

The unit was able to coordinate community-based capacity building workshops, for community-based structures. This is part of the continuous efforts to promote Disaster Management at community level where disasters happen.

Challenges

- Disaster Management Services is allocated a minimum budget, and this can pose challenge for pre and post disaster projects. The budget availed for 2021/2022 was more for procurement of disaster relief material which puts more emphasis on post-disaster recovery than pre-disaster risk reduction.
- Lack of Human Resource within the department (unit).
- Non-compliance on the establishment of fully functional Disaster Management Centre.

Interventions

- Appointment of human resource will relieve the work stress, which leads to inefficiency.
- Appointment of human resources for Disaster Management to be given priority.
- Budget for establishment of Disaster Management centre to be prioritised.

COMPONENT H: SPORT AND RECREATION

3.24. SPORT AND RECREATION

Capricorn District Municipality has a community facility at Ga-Mothapo village. The district has partnered with Department of Sport, Arts and Culture to run the facility which is currently operating as a gymnasium. This is the only sport infrastructure under the sole custodianship of CDM in response to the White Paper on Sport and Recreation and the Memorandum of Agreement entered between SALGA and the Department of Sport and Recreation back in 2012.

District Municipalities were tasked to establish academies of sports to support the development of South African sports through a coordinated academy system. The overall objective of the academy system is to develop talented athletes through the provision of sports science and medical services, and provide training opportunities to athletes, coaches, administrators, and technical staff in line with a coordinated national plan. The district coordinates the academy programs and activities with the assistance of the Provincial Department of Sport, Arts and Culture and the Limpopo Academy of Sport.

There is a mutual agreement between the Department and the District that the district will be responsible for maintenance of the facility, provision of water, electricity, cleaning services and security services, while the Department will be responsible for provision of academy technical programmes and activities and keeping records and maintenance of athletes from the District to Provincial Academy through the District Academy of Sport. The netball, basketball, tennis, and volleyball courts have since been refurbished and dilapidated again without ever been used. This is the result of poor workmanship. This also includes the securing of the gym instructor by the Provincial Academy of Sport.

3.24.1. SPORT AND RECREATION PROGRAMMES

The unit had outreach programs for the 2021/22 financial year relating to community sport enrichment programs. However, with our Sector Departments, the Unit attended and participated in the establishment and relaunching of CDM Sport Confederation. Over 20 Federations and Local and District Municipalities attended the elections whose intention was to shape sport during the Covid 19 pandemic. Furthermore, the unit attended the District Sport Consultative Meeting to look at the Chapter of reviving sport in the Capricorn District Municipality. By all standards, these meetings and engagements were fruitful in determining the destination of sport in the District. This program of the delivery of sport in Capricorn was also shared to the Department of Sport, Arts and Culture, Capricorn Sport Confederation, Capricorn School Sport Cluster and Arts and Culture Unit of the Department. These engagements were meant to find each other in reliance to District Development Model going forward. The Unit also coordinated and hosted the 4 in 1 Marathon that took place at the Peter Mokaba Stadium on the 04th of June 2022 and produced the resounding success in terms of all the aims and objectives it intended to achieve. The Unit also assisted in the coordination of several sport and recreation programs in relation to school sport and other individual codes that hosted national programs like Volleyball Championship held at Ngoako Ramatlhodi Sport Complex in June 2022.

3.24.2. HERITAGE CELEBRATIONS

The heritage celebration event took place in the whole District as an awareness for Covid 19. Local municipalities shared in this program to fight against crime and criminality and promoting social cohesion during the Covid-19 pandemic. The event took a different form in that social gatherings were prohibited due to the pandemic. We did the program through moving in and around our communities, loud hailing and advising people to strictly adhere to Covid 19 protocols. We have touched on the number of traditional houses disseminating these messages and, in the process, supplying them with hand and table sanitizers to strengthen the fight against the pandemic. The heritage was celebrated as a joint program with Municipal Health Services, Disaster Management and Fire Services. All units within Community Services contributed immensely to the success of the event. Collaborative approach by Community Services was the greatest achievement ever in that we touched base with the communities for common aims and objectives which were indeed achieved.

3.24.3. COMMUNITY SAFETY FORUM

The Forum is aimed at fighting crime and criminality within communities. Its fundamental aim is Community Safety as outlined in the National Development Plan or Vision 2030. The financial year was the election season of the new cycle of the CSF Members. Elections for new office bearers were conducted in Blouberg, Molemole and Lepelle-Nkumpi. As at the end of the financial year, Polokwane had not yet gone to the elections. Similarly, the District Board had not been elected. CDM had also held a massive Crime and Covid 19 Awareness campaign in June 2022 at Botlokwa under Molemole LM where several retail stores and spazas were searched for compliance with municipal health protocols and standards. It was discovered from several outlets that food sold to our communities was rotten in some instances, outdated, stored in the same facility with sale of petrol and other consumables. The Unit also conducted unannounced school searches where some dangerous weapons were found in schools. Ill-discipline in schools was also noted as an impediment to the culture of teaching and learning. Part of the reason was that several learners in schools were over age and threatened the young one. Use of drugs and intoxicating substances was also noted as a problem in schools we visited during this School Safety Program.

COMPONENT I: CORPORATE POLICY OFFICE AND OTHER SERVICES

3.25. EXECUTIVE AND COUNCIL

This component includes Executive Office (Mayor; Councillors; and Municipal Manager).

3.25.1. Introduction to Executive and Council

Capricorn District Municipality was established in terms of the Municipal Structures Act, 1998 (Act No. 117 of 1998) on 01 October 2000 - Provincial Government Notice No. 307 of 2000. CDM is a Category C municipality as determined in terms of Section 4 of the Municipal Structures Act, 1998.

The Executive Mayor and the Speaker head the political component of the Municipality. The overall executive and legislative authority vests in Council. However, CDM has an approved System of Delegation of Powers system that seeks to decentralize and democratize decision-making within the institution and improve the pace at which services are delivered to the community. This is intended to maximize administrative and operational efficiency and provide for adequate checks and balances. In line with the delegation's system, some decision-making powers have been cascaded from Council to the Executive Mayor, Mayoral Committee, its Portfolio Committees, and the full-time Councillors. Other powers have been delegated to the Municipal Manager.

3.25.2. The Executive and Council Policy Objectives

The Executive and Council Policy objectives taken from IDP							
Service objectives service indicators	Outline service targets (ii)	2019/20		2020/21	2021/22

--	------------------------------------	--------------	--------------	-------------------------	--------------	--------------	--------------

3.26. FINANCIAL SERVICES

CDM's financial services are arranged into the following business units:

- Budget and treasury management,
- Supply chain and Assets management,
- Revenue management, and
- Expenditure management.

The following budget-related policies were fully complied with:

- Credit Control and Debt Collection Policy.
- Cash and Investment Policy.
- Tariff Policy.
- Tariff Structure.
- Virement Policy.
- Petty Cash Policy.
- Supply Chain Management Policy.
- Asset Management Policy.
- Delegations of Financial Powers.
- Indigent Policy; and
- Bad debts Provision and Write off Policy.

One of the key Performance Areas for municipalities is Financial Management and Viability. Municipalities, like any other corporate entities, are required to be financially viable in order to execute their powers and function. Financial viability is about being able to generate sufficient income to meet operating and capital payments and where applicable, to allow growth while maintaining service levels.

3.26.1. Budget and Treasury Management

The 2021/22 Budget was prepared in accordance with the IDP/Budget Process Plan and was adopted more than 30 days before the commencement of the financial year as prescribed by the MFMA. CDM is implementing the Cash and Investment Management Policy. The implementation of Cash and Investment Policy has yielded more results in which cash that is not required for immediate use is properly invested to generate more interest that may be used to finance other services and contribute to capital development within the district. The Municipality's investments are strictly conducted in compliance with the MFMA and the Municipality's Policy. Currently the budget preparation process of the Municipality is linked to the IDP process. As required by MFMA, monthly and quarterly reconciliations and reporting are done

3.26.2. Municipal Revenue

The Municipality is highly dependent on grant allocations, as illustrated by the following 2021/22 sources of revenue chart:

The Municipality has developed corrective measures to improve its financial viability, such as:

- Prioritisation of revenue enhancement and has to that effect developed and approved Revenue Enhancement Strategy.
- Engagement in campaigns to revive the culture of payment for municipal services; and
- Prioritisation of implementation of cost recovery measures where there are water yard connections.

3.26.3. Supply Chain and Expenditure Management

The Municipality is implementing the Supply Chain Management Policy, which is fair, equitable, transparent, competitive, and cost effective as prescribed by the MFMA and its regulations. Procurement of goods and services embrace the spirit and principles of the Broad-Based Black Economic Empowerment (**BBBEE**), Preferential Procurement and Local Economic Development Strategy.

Creditors' accounts are paid within 30 days from the date of receipt of invoices. CDM owes no debts to any of the government utilities and does not have any long-term debts. The main challenge in implementing BBBEE is securing service providers with disabilities. A partnership model is being developed with special focus groups to empower them in this regard.

The following bid committee structures in line with section 26 to section 29 of municipal Supply Chain Management Regulations and Supply Chain Management Policy are in place and functional:

- Bid Specification Committee,
- Bid Evaluation Committee, and
- Bid Adjudication Committee.

3.27. HUMAN RESOURCE SERVICES

The strategic objective of Capricorn District Municipality's human resource services is to recruit and retain competent human capital and sound labour relations effectively and efficiently. This objective was pursued through the following projects, which were achieved:

- Recruitment and selection of suitable candidates for positions.
- Coordination of capacity building activities.
- Performance reviews.
- Conducting medical surveillance.
- Hazard identification and risk assessment.
- Occupational health and safety capacity building.
- Provision of personnel protective clothing.
- Employee wellness programmes.
- Employee sport activities.
- Employee labour relations.
- Induction sessions.
- Compilation and submission of Workplace Skills Plan.
- Training.
- Awarding of bursaries.
- Capacitation of young people in the district with regard to learnership and experiential training.
- Job evaluation.
- Implementation of Employment Equity Plan and submission of annual Employment Equity Report.

The Local Labour Forum and labour relations sub-committees as well as human resource committees were established to consult and collaborate in ensuring effective execution of the human resource function of the Municipality.

3.28. INFORMATION AND COMMUNICATION TECHNOLOGY(ICT) SERVICES

The Municipality's ICT Unit is responsible for providing effective and efficient ICT services within the Municipality, including:

- Public-shared network.
- Procurement of the file Network access storage.
- Procurement and implementation of computer hardware, software, and networks.
- Maintenance of IT system and licenses.
- Financial system upgrade, enhancement, and maintenance.
- Access control system.

ICT steering committee is still in place to ensure that ICT governance is complied with. The committee ensure that the following matters are addressed by the Municipality and implemented by ICT Unit:

- IT governance, risk and compliance.
- IT strategy: business and ICT architecture.
- General ICT management and administration.
- Applications management.
- IT outsourcing.
- IT security.
- Change management
- ICT investments and projects.

3.29. PROPERTY, LEGAL, RISK MANAGEMENT AND PROCUREMENT SERVICES

This component includes property, legal, risk management and procurement services.

3.29.1. Introduction to Property, Legal, Risk Management and Procurement Services

COMPONENT J: MISCELLANEOUS

CDM does not render any of its services through municipal entities, but we do render services to local municipalities.

COMPONENT K: ORGANISATIONAL PERFORMANCE SCORECARD

A detailed Organizational performance scorecard is attached to this report. The scorecard represents a performance report against the 2021/22 Service Delivery and Budget Implementation Plan (SDBIP) as was reviewed and approved by the Council. The 2021/22 performance of the Municipality is significantly lower than the previous performances, mainly because the Municipality has finally resolved the challenges occasioned by the rolled-over projects from previous financial years. There are plans in place to address such challenges to achieve a 100% performance in the next financial year.

(A) Summary of the performance per Department (Vote), the unachieved targets and the causal factors, as well as projects that were discontinued during the year for the stated reasons:

Departments	Total Annual Targets	Discontinued Targets	Targets Achieved	Targets not Achieved	Achievement
Vote 1 - SEMS	45	00	45	00	100%
Vote 2 - Infrastructure Services	49	00	44	05	90%
Vote 3 - Corporate Services	49	01	40	08	82%
Vote 4 - Finance	29	00	28	01	97%
Vote 5 - DPEMS	38	01	36	01	95%
Vote 6 - Community Services	30	00	29	01	97%
Overall Organizational Performance	240	02	222	16	94%

(B). Details regarding unachieved targets 2021/22

FINANCE					
Project Number	Project Name	Annual Target	Annual Achievement	Challenges	Interventions
FD-11	Prepaid Smart meters	2 000 prepaid smart meters installed in Lepelle - Nkumpi Municipality	Not Achieved. 0 prepaid smart meters installed in Lepelle-Nkumpi Municipality	Delays in public participation meetings with stakeholders	Engagement with the office of the Executive Mayor to assist in arranging of public participations.
INFRASTRUCTURE					
Project Number	Project Name	Annual Target	Annual Achievement	Challenges	Interventions
INFRA-04	Water Infrastructure	70% of reported breakdowns	Not Achieved, 60% of reported	More requests were received	O&M Budget for the coming

	Repairs and Maintenance (Term Contractors)	attended through the services of Maintenance Term Contractors	breakdowns attended through the services of Maintenance Term Contractors	but available budget was not enough	financial years should be increased.
INFR-33	Groothoek (Lebowakgomo Zone B) Water Supply	100% construction of water supply project. 8342 households with water access	Not Achieved. 92% construction of water supply project. 0 households with water	Section C of the project was stopped for more than 12 months due to community conflicts. This moved the project duration by more than 12 months. Poor performance by some contractors	Matter was resolved through office of the Executive Mayor and contractor is on-site fast-tracking completion of the project Penalties will be applied on poor performing contractors
INFR-34	Mphahlele (Bolatjane, Phalakwane, Makurung and Dithabaneng) RWS	100% construction of water supply project. 4564 households with water access	Not Achieved. 91% construction of water supply project. 0 households with water	One poor performing contractor was terminated, the project was advertised, and a new contractor was appointed. Poor performance by some contractors	The newly appointed contractor has commenced with the works with project expected completion of June 2023 Penalties will be applied to poor performing contractors
DPEMS-23	EPWP work opportunities created	1245 EPWP work opportunities created	Not Achieved 826 EPWP work opportunities created	Projects implemented in multi financial years and no new projects to register work opportunities targeted. Some labourers were employed for full project duration	Align projects from planning stage to labour intensive methods and appointment of labourers to be on rotational contract
INFR-46	Construction of TT Cholo	100% of TT Cholo constructed	Not Achieved 88% of TT Cholo constructed on remaining scope	Delay caused by non-availability of drawings due to termination of contractor as well as engineer.	New Contractor and Engineers appointed, and revised completion

					date is end August 2022.
COMMUNITY SERVICES					
Project Number	Project Name	Annual Target	Annual Achievement	Challenges	Interventions
CMSD-01	Extrication Equipment	1 set of extrication equipment procured	Not Achieved. 0 set of extrication equipment procured	Delays to deliver on time	Delivery expected in the first quarter of 2022/23 financial year
DPEMS					
Project Number	Project Name	Annual Target	Annual Achievement	Challenges	Interventions
DPEMS-36	Capacity building of 1000 youth in technology	200 youth capacitated in Information Technology	Not Achieved. 0 youth capacitated in Information Technology	Funding challenges	Signing of the funding agreement with Bankseta
CORPORATE SERVICES					
Project Number	Project Name	Annual Target	Annual Achievement	Challenges	Interventions
CPSD-24	Employee Shared Network	5 sites with Community Shared Network	Not Achieved. 0 site with Community Shared Network	Non-responsive bids	Bid re-advertised
CPSD-32	Integrated ICT network	100% implementation integrated ICT network	Not Achieved. 0% implementation integrated ICT network	Non-responsive bids	Bid re-advertised
CPSD-36	Office Furniture	100% of requested office furniture procured in line with available budget by June 2022	Not achieved. 41% of requested office furniture procured in line with available budget by June 2022	The supplier did not deliver all the required furniture (96 required, 39 delivered)	To push the supplier to deliver the remaining furnishers
CPSD-39	Plant and equipment	2 vehicles purchased	Not Achieved. 0 vehicle purchased	Target moved to next financial year due to moratorium on tender advert	To be implemented in the next financial year
CPSD-40	Rapid Response vehicles	1 Rapid Response vehicle procured	Not Achieved. 0 Rapid Response vehicle procured	Target moved to next financial year due to moratorium on tender advert	To be implemented in the next financial year
CPSD-41	Fire vehicles	1 Fire vehicle procured	Not Achieved. 0 Fire vehicle procured	Target moved to next financial year due to moratorium on tender advert	To be implemented in the next financial year
CPSD-42	Refurbishment of Fire vehicles	1 fire vehicle refurbished	Not Achieved. 0 fire vehicle refurbished	Target moved to next financial year due to	To be implemented

				moratorium on tender advert	in the next financial year
CPSD-43	Water Vehicles	2 water vehicles procured	Not Achieved. 0 water vehicles procured	Target moved to next financial year due to moratorium on tender advert	To be implemented in the next financial year

(C) Details regarding discontinued targets:

Project/Target No.	Department	Annual Target	Progress	Reasons for discontinuation
CPSD – 34	Corporate Services	1 offsite records management solutions	Project discontinued	The project was discontinued for the financial year under review, and it is to be incorporated under Phoenix System
DPEMS-37	Department of Environmental, Planning and Management Services	100 youth employed in the business call centres	Project discontinued	Project discontinued due to moratorium on bid advertisement

PLANNED TARGETS VS ACTUAL RESULTS FOR THE 2020/21 AND 2021/22 FINANCIAL YEARS

This section of the Annual Performance Report will report on the Municipality's actual performance against the planned targets as derived from the Municipality's SDBIP and in comparison, to the previous financial year per section 46 (1)(b) of the Municipal Systems Act:

(D) Annual Performance Comparison

Key performance areas	2020/21 FY						2021/22 FY					
	Total number of targets	Number of targets achieved	Number of targets not achieved	Number of targets discontinued	Number of targets not applicable	Overall performance	Total number of targets	Number of targets achieved	Number of targets not achieved	Number of targets discontinued	Number of targets not applicable	Overall performance
Municipal Transformation and Organizational Development	59	45	13	01	00	78%	40	33	06	01	00	87%

Basic Services	50	38	12	00	00	76%	75	67	08	00	00	89%

Local Economic Development	21	21	00	00	00	100%	25	23	01	01	00	96%
Good Governance and Public Participation	50	49	01	00	00	98%	49	49	00	00	00	100%
Spatial Rationale	09	09	00	00	00	100%	08	08	00	00	00	100%
Total Targets	214	186	27	01	00	87%	240	222	16	02	00	93%

Analysis of the 2020/21 comparison to 2021/ 22 FY

- a) The overall performance on Municipal transformation has improved from 78% in 2020/21 to 87% in the 2021/22 financial year. This KPA was partly affected by the moratorium on tenders, where most of the procurement related to municipal transformation are, and the improvement was because of the filling of most funded posts which increased human resources.
- b) There is tremendous improvement on Basic services from 76% to 92% in 2021/22 financial year which aligns to section 152 (1) (b) which speaks to the core objective of local government to ensure service delivery in a sustainable manner.
- c) Financial viability improved from 96% to 97%. This also shows credibility of our AFS hence our audit opinion was also unqualified.
- d) Local Economic Development declined from 100% to 93%. The increased interest rates nationally and international inflation due to ongoing Russia-Ukraine war has also hit the district negatively in terms of job creation. We are however hopeful still in developing our local economy. As households are under financial pressure due to the rapidly rising cost of living, especially food prices, an increase in upward and downward linkages to business partnership, farmers incubation and linkages to major economic players is imperative. We further need to attract investors and further encourage corporative sponsorships in farming, vegetable, and fruits planting to curb the hunger.
- e) Good Governance and public participation improved from 98% to 100%. Once more we saw a clean audit on predetermined objectives which speaks directly to this KPA and the credibility in reporting and compliance. Our oversight committees and the leadership at large played a big role in ensuring that we are where we stand and will strive to maintain the status quo

- f) Spatial rationale maintained a 100% for both financial years which is highly commendable. The tribunal is fully functional, and the matters are addressed as the applications are received.
- g) An overall improvement from 87% to 94% shows once more the commitment that we have in maintaining our vision of being the home of excellence and opportunities for a better life.
- h) The moratorium on bid advertisement affected quite a few targets which had to be rolled over to the next financial year due to uncertainty of when it was going to be lifted. We also saw the 200 youth within our district affected by the lack of funding which then meant lost opportunities in capacitating the youth in information technology.

This scorecard presents the overall performance of the Municipality against the pre-determined objectives and targets set out in the Service Delivery and Budget Implementation Plan (SDBIP) for the 2021/22, as reviewed and approved by the Council.

3.30. STRATEGIC EXECUTIVE MANAGEMENT SERVICES – VOTE 1

Business Unit						Strategic Executive Management Services –Vote 1													
Outcome 9:						Responsive, Accountable, Effective and Efficient Local Government System													
Outputs 5:						<ul style="list-style-type: none"> • Deepen democracy through a refined ward committee model Administrative and financial capability													
Key Strategic Organizational Objectives:						To increase the capacity of the district to deliver its mandate

CHAPTER 4: ORGANIZATIONAL DEVELOPMENT PERFORMANCE

COMPONENT A: INTRODUCTION TO MUNICIPAL PERSONNEL

The Municipality operated on the 2021/22 Organisational Structure that was approved by Council on the 21 May 2021 (Resolution No. OC 06/2020 - 2021/6.1.4). The Organisational Structure defines a hierarchy of jobs within an organization. It identifies each job, its function and where it reports to within the organization. It is developed to establish how an organization operates and assists an organization in obtaining its goals.

4. EMPLOYEES TOTAL TURNOVER AND VACANCIES

Year 1 (2020/2021)	553	26	5%
Year 0 (2021/2022)	545	26	5%

COMPONENT B: MANAGING THE MUNICIPAL WORKFORCE

4.1. POLICIES

Council has approved the following key workforce management policies, which were effectively implemented throughout the year:

Policy	Purpose
Employee Wellness Policy	To assist in early identification and resolution of productivity problems associated with employees/councillors' personal concerns which include, but not limited to health, marital, substance, financial, emotional, stress, work-related and other personal concerns that may adversely affect job performance.
Experiential Training Policy	To regulate the Municipality's training programme to assist members of the community to acquire experience in their area of work, and assist in acquiring specific qualifications that require students to submit proof of on-the-job training before they can be awarded their qualifications.
Induction Policy and procedure	To regulate how new employees are introduced to their work environment, colleagues and the Municipality as a whole.
Job Evaluation Policy	To establish a process that will assess the relative worth of jobs in the Municipality using an objective and reliable rating system.
Management of Injuries on duty Policy and Procedure	To ensure a uniform implementation of the procedure in handling injuries on duty within the Municipality in line with the Compensation for Occupational Injuries and Diseases Act (Act No. 130 of 1993)
Management of Medically Incapacitated Employees	To regulate the management of medically incapacitated employees within the Municipality and ensure adherence to relevant legislations.
Occupational Health and Safety (OHS) Policy	To provide for implementation of OHS programmes; promote and maintain the highest degree of physical, mental and social wellbeing of workers; prevent ill-health caused by working conditions; place and maintain workers in a working environment that is adapted to their individual physiological and psychological conditions; and protect workers from factors adverse to their health.
PMS Framework	Details the implementation of the Performance Management System (PMS), as well as the procedures and processes of maintaining the PMS.
Probation Policy and Procedure	Sets out the process to be followed to establish that newly appointed employees satisfy the requirements of the post to which they have been appointed
Recruitment Policy and Procedure	To regulate the employment procedures and practices and to create an appropriate framework to recruit, appoint and manage employees.
Retention Policy and Plan	To ensure that the Municipality attracts, develops and retains a flexible workforce of quality that will be capable of delivering its vision.
Succession Plan	Ensures that the organisation has a steady and reliable pipeline of talent for it to meet its future needs in leadership and other essential roles.
Workplace Skills Development Plan	Identifies long term goals and outline a detailed approach for developing workplace skills.

Policy	Purpose
Work from Home Policy	To regulate work process for employees working from home
Covid-19 policy	To regulate procedures and processes to be followed when employees are exposed to Covid-19 to stop the spread of the virus.
Danger allowance policy	To regulate classification of positions eligible for danger allowance and determine applicable rates for employees exposed to danger

4.2. INJURIES, SICKNESS AND SUSPENSIONS

NUMBER AND COST OF INJURIES ON DUTY					
Type of injury	Injury leave taken	Employees using injury leave	Proportion employees using sick leave %	Average injury leave per employee Days	Total Estimated Cost R
Required basic medical attention only	14	1	N/A	N/A	N/A
Temporary totals disablement	01	14	1%	80	N/A
Permanent disablement	0	N/A	N/A	N/A	N/A
Fatal	0	N/A	N/A	N/A	N/A
Total	0	15	1%	80%	N/A

4.3. PERFORMANCE REWARDS

5.3. ASSET MANAGEMENT

An asset management unit is established at Capricorn District Municipality consisting of the Asset Manager and two Asset Accountants. An Annual asset verification is conducted to ensure that all assets are accounted for. Missing assets must be explained by the responsible person the asset is allocated to and the reasons why the assets are missing.

When assets are transferred, an asset transfer form must be completed and submitted to the asset section to update their records. Every personnel member to whom assets are allocated are responsible for the safeguarding of those assets.

There is an approved Asset Management Policy approved by Council on 21 May 2021(Resolution No. OC 06/2020 - 2021/6.1.3). This Policy is reviewed annually to ensure that it is aligned with the GRAP requirements.

The key objectives of the Asset Management Policy are:

- The accurate recording of essential asset information.
- The accurate recording of asset movements.
- Exercising strict physical controls over all assets.
- Treating the assets correctly in the Municipality's Financial Statements.
- Providing accurate and meaningful management information.
- Compliance with the Council's accounting policies and GRAP.
- Adequate insuring of assets.
- Maintenance of Council's assets.
- Ensuring that managers are aware of their responsibilities with regard to the assets; and
- Setting out the standards of management, recording and internal controls so as to safeguard the assets against inappropriate utilization or loss.

5.4. FINANCIAL RATIOS BASED ON KEY PERFORMANCE INDICATORS

A. Asset Management/Utilisation						
Capital Expenditure to Total Expenditure	Total Capital Expenditure / Total Expenditure (Total Operating expenditure + Capital expenditure) x 100	Statement of Financial Position, Statement of Financial Performance, Notes to the AFS, Budget, In-Year reports, IDP and AR	10% - 20%		33%	Please refer to page 2 of MFMA Circular No.71
				Total Operating Expenditure	752 523	
				Taxation Expense	-	
				Total Capital Expenditure	364 439	
Impairment of Property, Plant and Equipment, Investment Property and Intangible assets (Carrying Value)	Property, Plant and Equipment + Investment Property + Intangible Assets Impairment/(Total Property, Plant and Equipment + Investment Property + Intangible Assets) x 100	Statement of Financial Position, Notes to the AFS and AR	0%		0%	Please refer to page 3 of MFMA Circular No. 71
				PPE, Investment Property and Intangible Impairment		
				PPE at carrying value	3 446 588	
				Investment at carrying value		
				Intangible Assets at carrying value	3 627	
Repairs and Maintenance as a % of Property, Plant and Equipment and Investment Property (Carrying Value)	Total Repairs and Maintenance Expenditure/ Property, Plant and Equipment and Investment Property (Carrying value) x 100	Statement of Financial Position, Statement of Financial Performance, IDP, Budgets and In-Year Reports	8%		1%	Please refer to page 4 of MFMA Circular No. 71
				Total Repairs and Maintenance Expenditure	19 277	
				PPE at carrying value	3 446 588	
				Investment Property at Carrying value	-	
B. Debtors Management						
Collection Rate	(Gross Debtors Closing Balance + Billed Revenue - Gross Debtors Opening Balance - Bad Debts Written Off)/Billed Revenue x 100	Statement of Financial Position, Statement of Financial Performance, Notes to the AFS, Budget , In-Year Reports, IDP and AR	95%		9%	Please refer to page 5 of MFMA Circular No. 71
				Gross Debtors closing balance	494 221	
				Gross Debtors opening balance	422 486	
				Bad debts written Off	-	
				Billed Revenue	79 130	
Bad Debts Written-off as % of Provision for Bad Debt	Bad Debts Written-off/Provision for Bad debts x 100	Statement of Financial Position, Statement of Financial Performance, Notes to the AFS, Budget and AR	100%		0%	Please refer to page 5 of MFMA Circular No. 71
				Consumer Debtors Bad debts written off	-	
				Consumer Debtors Current bad debt Provision	331 564	
Net Debtors Days	((Gross Debtors - Bad debt Provision)/ Actual Billed Revenue)) x 365	Statement of Financial Position, Statement of Financial Performance, Notes to the AFS, Budget and AR	30 days		750 days	Please refer to page 6 of MFMA Circular No. 71
				Gross debtors	494 221	
				Bad debts Provision	331 564	
				Billed Revenue	79 130	

C. Liquidity Management							
Cash / Cost Coverage Ratio (Excl. Unspent Conditional Grants)	((Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, Provision for Bad Debts, Impairment and Loss on Disposal of Assets)	Statement of Financial Position, Statement of Financial Performance, Notes to the AFS, Budget, In year Reports and AR	1 - 3 Months		6 Month	Please refer to page 7 of MFMA Circular No. 71	
					Cash and cash equivalents		1 337
					Unspent Conditional Grants		36 662
					Overdraft		-
					Short Term Investments		425 928
	Total Annual Operational Expenditure	752 523					
Current Ratio	Current Assets / Current Liabilities	Statement of Financial Position, Budget, IDP and AR	1.5 - 2:1		2.42	Please refer to page 7 of MFMA Circular No. 71	
					Current Assets		657 719
					Current Liabilities		271 408
D. Liability Management							
Capital Cost(Interest Paid and Redemption) as a % of Total Operating Expenditure	Capital Cost(Interest Paid and Redemption) / Total Operating Expenditure x 00	Statement of Financial Position, Statement of Cash Flows, Statement of Financial Performance, Budget, IDP, In-Year Reports and AR	6% - 8%		0%	Please refer to page 8 of MFMA Circular No. 71	
					Interest Paid		211
					Redemption		-
					Total Operating Expenditure		752 523
					Taxation Expense		-
Debt (Total Borrowings) / Revenue	(Overdraft + Current Finance Lease Obligation + Non current Finance Lease Obligation + Short Term Borrowings + Long term borrowing) / (Total Operating Revenue - Operational Conditional Grants) x 100	Statement of Financial Position, Statement of Financial Performance, Budget, IDP and AR	45%		6%	Please refer to page 9 of MFMA Circular No. 71	
					Total Debt		2 499
					Total Operating Revenue		752 523
					Operational Conditional Grants		710 972
E. Sustainability							
Level of Cash Backed Reserves (Net Assets - Accumulated Surplus)	(Cash and Cash Equivalents - Bank overdraft + Short Term Investment + Long Term Investment - Unspent grants) / (Net Assets - Accumulated Surplus - Non Controlling Interest Share Premium - Share Capital - Fair Value Adjustment - Revaluation Reserve) x 100	Statement Financial Position, Budget and AR	100%		-10%	Please refer to page 9 of MFMA Circular No. 71	
					Cash and cash Equivalents		1 337
					Bank Overdraft		-
					Short Term Investment		425 928
					Long Term Investment		-
					Unspent Grants		36 662
					Net Assets		3 857
					Share Premium		-
					Share Capital		-
					Revaluation Reserve		-
	Accumulated Surplus	3 771 367					

A. Efficiency						
Net Operating Surplus Margin	(Total Operating Revenue - Total Operating Expenditure)/Total Operating Revenue	Statement of Financial Performance, Budget, In-Year reports, AR, Statement of Comparison of Budget and Actual Amounts and Statement of Changes in Net Asset	= or > 0%		8%	Please refer to page 10 of MFMA Circular No. 71
				Total Operating Revenue	818 066	
				Depreciation - Revalued Portion <i>(Only populate if depreciation line item in the Statement of Financial Performance is based on the revalued asset value)</i>		
				Total Operating Expenditure	752 523	
				Taxation Expense	-	
Net Surplus /Deficit Water	Total Water Revenue less Total Water Expenditure/Total Water Revenue x 100	Statement of Financial Performance, Budget, IDP, In-Year reports and AR	= or > 0%		40%	Please refer to page 11 of MFMA Circular No. 71
				Total Water Revenue	536 482	
				Total Water Expenditure	320 999	
Net Surplus /Deficit Sanitation and Waste Water	Total Sanitation and Waste Water Revenue less Total Sanitation and Waste Water Expenditure/Total Sanitation and Waste Water Revenue x 100	Statement of Financial Performance, Notes to AFS, Budget, IDP, In-Year reports and AR	= or > 0%		0%	Please refer to page 12 of MFMA Circular No. 71
				Total Sanitation and Water Waste Revenue	11	
				Total Sanitation and Water Waste Expenditure	11	
B. Distribution Losses						
Water Distribution Losses (Percentage)	(Number of Kilotres Water Purchased or Purified - Number of Kilotres Water Sold) / Number of Kilotres Water Purchased or Purified x 100	Annual Report, Audit Report and Notes to Annual Financial Statements	15% - 30%		43%	Please refer to page 13 of MFMA Circular No. 71
				Number of kilolitres purchased and/or purified	6 333	
				Number of kilolitres sold	3 579	
B. Revenue Management						
Revenue Growth (%)	(Period under review's Total Revenue - previous period's Total Revenue)/ previous period's Total Revenue) x 100	Statement of Financial Performance, Budget, IDP, In-Year reports and AR	= CPI		-6%	Please refer to page 15 of MFMA Circular No. 71
				CPI	4%	
				Total Revenue (Previous)	1 181 354	
				Total Revenue (Current)	1 111 117	
Revenue Growth (%) - Excluding capital grants	(Period under review's Total Revenue Excluding capital grants- previous period's Total Revenue excluding capital grants)/ previous period's Total Revenue excluding capital grants) x 100	Statement of Financial Performance, Notes to AFS , Budget, IDP, In-Year reports and AR	= CPI		-3%	Please refer to page 15 of MFMA Circular No. 71
				CPI	4%	
				Total Revenue Exl.Capital (Previous)	846 685	
				Total Revenue Exl.Capital (Current)	818 066	

C. Expenditure Management						
Creditors Payment Period (Trade Creditors)	Trade Creditors Outstanding / Credit Purchases (Operating and Capital) x 365	Statement of Financial Performance, Notes to AFS, Budget, In-Year reports and AR	30 days		26 days	Please refer to page 16 of MFMA Circular No.71
				Trade Creditors	51 955	
				Contracted Services	140 580	
				Repairs and Maintenance	19 277	
				General expenses	130 855	
				Bulk Purchases	65 103	
Capital Credit Purchases (Capital Credit Purchases refers to additions of Investment Property and Property, Plant and Equipment)	364 739					
Irregular, Fruitless and Wasteful and Unauthorised Expenditure / Total Operating Expenditure	(Irregular, Fruitless and Wasteful and Unauthorised Expenditure) / Total Operating Expenditure x100	Statement Financial Performance, Notes to Annual Financial Statements and AR	0%		0%	Please refer to page 16 of MFMA Circular No. 71
				Irregular, Fruitless and Wasteful and Unauthorised Expenditure	561	
				Total Operating Expenditure	752 523	
				Taxation Expense	-	
Remuneration as % of Total Operating Expenditure	Remuneration (Employee Related Costs and Councillors' Remuneration) /Total Operating Expenditure x100	Statement of Financial Performance, Budget, IDP, In-Year reports and AR	25% - 40%		34%	Please refer to page 17 of MFMA Circular No. 71
				Employee/personnel related cost	239 201	
				Councillors Remuneration	14 700	
				Total Operating Expenditure	752 523	
Taxation Expense	-					
Contracted Services % of Total Operating Expenditure	Contracted Services / Total Operating Expenditure x100	Statement of Financial Performance, Budget, IDP, In-Year reports and AR	2% - 5%		19%	Please refer to page 17 of MFMA Circular No. 71
				Contracted Services	140 580	
				Total Operating Expenditure	752 523	
Taxation Expense	-					

D. Grant Dependency						
Own funded Capital Expenditure (Internally generated funds + Borrowings) to Total Capital Expenditure	Own funded Capital Expenditure (Internally generated funds + Borrowings) / Total Capital Expenditure x 100	Statement of Financial Position, Budget, AFS Appendices, Notes to the Annual Financial Statements (Statement of Comparative and Actual Information), Budget, IDP, In-Year reports and AR	None		23%	Please refer to page 18 of MFMA Circular No. 71
				Internally generated funds	83 067	
				Borrowings	2 499	
				Total Capital Expenditure	364 439	
Own funded Capital Expenditure (Internally Generated Funds) to Total Capital Expenditure	Own funded Capital Expenditure (Internally Generated Funds) / Total Capital Expenditure x 100	Statement of Financial Position, Budget, AFS Appendices, Notes to the Annual Financial Statements (Statement of Comparative and Actual Information) Budget, IDP, In-Year reports and AR	None		23%	Please refer to page 18 of MFMA Circular No. 71
				Internally generated funds	83 067	
				Total Capital Expenditure	364 439	
Own Source Revenue to Total Operating Revenue(Including Agency Revenue)	Own Source Revenue (Total revenue - Government grants and Subsidies - Public Contributions and Donations)/ Total Operating Revenue (including agency services) x 100	Statement Financial Performance, Budget, IDP, In-Year reports and AR	None		49%	Please refer to page 18 of MFMA Circular No. 71
				Total Revenue	1 111 117	
				Government grant and subsidies	710 972	
				Public contributions and Donations	-	
				Capital Grants	293 050	
3. BUDGET IMPLEMENTATION						
Capital Expenditure Budget Implementation Indicator	Actual capital Expenditure / Budget Capital Expenditure x 100	Statement of Financial Position, Budget, AFS Appendices, In-Year reports and AR	95% - 100%		93%	Please refer to page 19 of MFMA Circular No. 71

COMPONENT B: SPENDING AGAINST CAPITAL BUDGET

5.5. CAPITAL EXPENDITURE

The Municipality is more than 95% dependant on grants and subsidies and is aiming to be less dependent on grants and to generate more own funds. Capital expenditure for the 2021/22 Financial Year is as follows:

DC35 Capricorn - Table C5 Monthly Budget Statement - Capital Expenditure (municipal vote, functional classification and funding) - M12 June

COMPONENT C: CASHFLOW MANAGEMENT AND INVESTMENTS

Council approved an appropriate and effective Cash Management and Investment Policy on 21 May 2021 (Council Resolution No. OC 06/2020 - 2021/6.1.3) within which the Municipality conducts its cash management and investments. Money not immediately required is invested in accordance with Section 13(1) and (2) of the Local Government Municipal Finance Management Act, 2003 (Act No. 56 of 2003). The importance of cash flow management is to ensure that the liquidity needs of the Municipality are properly addressed

----------------------------	----------------	----------------	----------------

COMMENT ON BORROWING AND INVESTMENTS:

No investments, whether in the form of loans (in cash or kind), made by the Municipality were not to one or more of the organisations set out above.

5.11. PUBLIC PRIVATE PARTNERSHIPS

The Municipality did not enter into any Public Private Partnerships.

COMPONENT D: OTHER FINANCIAL MATTERS

5.12. SUPPLY CHAIN MANAGEMENT

Supply Chain Management is in line with Municipal Finance Management Act, Supply Chain Regulations, and the Municipality's Supply Chain Management Policy (approved by Council on 21 May 2021 in terms of Resolution No. OC 06/2020 - 2021/6.1.3).

5.13. GRAP COMPLIANCE

GRAP is the acronym for Generally Recognized Accounting Practice, and it provides the rules by which municipalities are required to maintain their financial accounts. Successful GRAP compliance is required to maintain financial accounts and will ensure that municipal accounts are comparable and more informative for the Municipality. It will also ensure that the Municipality is more accountable to its citizens and other stakeholders. Information on GRAP compliance is needed to enable National Treasury to assess the pace of progress and consider the implications. The Municipality is GRAP compliant.

CHAPTER 6: AUDITOR GENERAL AUDIT FINDINGS

Report of the auditor-general to Limpopo provincial legislature and council on Capricorn district municipality

Report on the audit of the financial statements

OPINION

1. I have audited the financial statements of the Capricorn District Municipality set out on pages **544 to 646**, which comprise the statement of financial position as at 30 June 2021, the statement of financial performance, statement of changes in net assets and cash flow statement and statement of comparison of budget and with actual amounts for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Capricorn District Municipality as at 30 June 2021, and its financial performance and cash flows for the year then ended in accordance with Generally Recognised Accounting Practice (Standards of GRAP) and the requirements of the Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2020 (Act No. 4 of 2020) (DoRA).

BASIS FOR OPINION

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the financial statements section of my report.
4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' International code of ethics for professional accountants (including International Independence Standards) (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

EMPHASIS OF MATTERS

6. I draw attention to the matters below. My opinion is not modified in respect of these matters.

RESTATEMENT OF CORRESPONDING FIGURES

7. As disclosed in **note 36** to the financial statements, the corresponding figures for 30 June 2020 were restated as a result of an error in the financial statements of the municipality at, and for the year ended, 30 June 2021.

MATERIAL IMPAIRMENT – TRADE DEBTORS

8. As disclosed in **note 41** to the financial statements, material impairments to the amount of R57 505 933 were incurred as a result of debt impairment due to irrecoverable trade debtors.

MATERIAL LOSSES

9. As disclosed in note 37 to the financial statements, material water losses to the amount of R4 356 578 (2020: R1 996 674) was incurred which represents 42% (2020: 19%) of total water purchased due to aging infrastructure and illegal connections.

UNCERTAINTY RELATING TO THE FUTURE OUTCOME OF EXCEPTIONAL LITIGATION

10. With reference to **note 30** to the financial statements, the municipality is the defendant in claims. The municipality is opposing these claims. The ultimate outcome of the matters could not presently be determined and no provision for any liability that may result has been made in the financial statements.

OTHER MATTERS

11. I draw attention to the matters below. My opinion is not modified in respect of these matters.

UNAUDITED SUPPLEMENTARY INFORMATION

12. The supplementary information set out does not form part of the financial statements and is presented as additional information. I have not audited this schedule and, accordingly, I do not express an opinion thereon

UNAUDITED DISCLOSURE NOTES

13. In terms of section 125(2)(e) of the MFMA the municipality is required to disclose particulars of non-compliance with the MFMA. This disclosure requirement did not form part of the audit of the financial statements and accordingly I do not express an opinion thereon.

Responsibilities of the party for the financial statements

14. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the Standards of GRAP, the requirements of the MFMA and the DoRA, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
15. In preparing the financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure

either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

AUDITOR-GENERAL'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

16. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
17. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

INTRODUCTION AND SCOPE

18. In accordance with the Public Audit Act, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for selected development priorities presented in the annual report. I performed procedures to identify material findings but not to gather evidence to express assurance.
19. My procedures address the usefulness and reliability of the reported performance information, which must be based on the municipality's approved performance planning documents. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the municipality enabled service delivery. My procedures do not extend to any disclosures or assertions relating to the extent of achievements in the current year or planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
20. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected development priorities presented in the municipality's annual report for the year ended 30 June 2021:

Development priority	Pages in the annual report
KPA1 - Basic services and infrastructure	145-251

21. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.

22. I did not identify any material findings on the usefulness and reliability of the reported performance information for this development priority:

- KPA 1- Basic services and infrastructure

OTHER MATTERS

23. I draw attention to the matters below.

ACHIEVEMENT OF PLANNED TARGETS

24. Refer to the annual report on pages **105 to 384** for information on the achievement of planned targets for the year and management's explanations provided for the under and over achievement of targets.

Report on the audit of compliance with legislation

INTRODUCTION AND SCOPE

25. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the municipality's compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.

26. The material findings on compliance with specific matters in key legislation are as follows:

Financial statements, performance and annual reports

27. The financial statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA.

28. Material misstatements of Net cash flows from operating activities and Net cash flows from investing activities identified by the auditors in the submitted financial statement were subsequently corrected, resulting in the financial statements receiving an unqualified audit opinion.

OTHER INFORMATION

29. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report, which includes the audit committee's report. The other information does not include the financial statements, the auditor's report and those selected development priority presented in the annual report that have been specifically reported in this auditor's report.

30. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion on it.

31. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected development priority presented in the annual report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

32. I did not receive the other information prior to the date of this auditor's report. After I receive and read this information, and if I conclude that there is a material misstatement, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

INTERNAL CONTROL DEFICIENCIES

33. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on compliance with legislation included in this report.
34. The accounting officer did not exercise adequate oversight responsibility over the preparation of the financial statements. The review and monitoring of the financial reporting by the accounting officer is inadequate. This resulted in the annual financial statements containing material misstatements.

AUDITOR - GENERAL

Polokwane

20 December 2021

ANNEXURE – AUDITOR-GENERAL'S RESPONSIBILITY FOR THE AUDIT

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected development priorities and on the municipality's compliance with respect to the selected subject matters.

FINANCIAL STATEMENTS

2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer.
- Conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the Capricorn district municipality to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a municipality to cease operating as a going concern
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

3. I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
4. I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships
5. and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

Report of the auditor-general to Limpopo Provincial Legislature and the Council on Capricorn District Municipality

Report on the audit of the financial statements

OPINION

1. I have audited the financial statements of the Capricorn District Municipality set out on pages 01-74 to which comprise the statement of financial position as at 30 June 2022, the statement of financial performance, statement of changes in net assets, and cash flow statement and statement of comparison of budget and actual amounts for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Capricorn District Municipality as at 30 June 2022, and its financial performance and cash flows for the year then ended in accordance with Standards of Generally Recognised Accounting Practice (Standards of GRAP) and the requirements of the Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA), and the Division of Revenue Act, 2021 (Act No. 9 of 2021) (DoRA).

BASIS FOR OPINION

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the financial statements section of my report.
4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' International code of ethics for professional accountants (including International Independence Standards) (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

EMPHASIS OF MATTERS

6. I draw attention to the matters below. My opinion is not modified in respect of these matters.

MATERIAL IMPAIRMENTS - TRADE DEBTORS

7. As disclosed in **notes 31** to the financial statements, material impairments of R57 011 291 was incurred as a result of debt impairment due to irrecoverable trade debtors.

MATERIAL LOSSES – WATER

8. As disclosed in **note 47** to the financial statements, material water losses to the amount of R33 197 973 (2021: R35 070 452) was incurred which represents 38,86% (2021: 41,77%) of total water purchased due to aging infrastructure and illegal connections.

SIGNIFICANT UNCERTAINTY RELATING TO THE OUTCOME OF EXCEPTIONAL LITIGATION

9. With reference to **note 42** to the financial statements, the municipality is the defendant in various claims, which it is opposing. The ultimate outcome of these matters could not be determined and no provision for any liability that may result was made in the financial statements.

OTHER MATTERS

10. I draw attention to the matters below. My opinion is not modified in respect of these matters.

UNAUDITED SUPPLEMENTARY SCHEDULES

11. The supplementary information set out on pages xx to xx does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

UNAUDITED DISCLOSURE NOTES

12. In terms of section 125(2)(e) of the MFMA, the municipality is required to disclose particulars of non-compliance with the MFMA in the financial statements. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, I do not express an opinion on it

RESPONSIBILITIES OF THE ACCOUNTING OFFICER FOR THE FINANCIAL STATEMENTS

13. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the Standards of GRAP and the requirements of the MFMA and DoRA, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
14. In preparing the financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

AUDITOR-GENERAL'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

15. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
16. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual report

INTRODUCTION AND SCOPE

17. In accordance with the Public Audit Act, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for selected development priorities presented in the annual report. I performed procedures to identify material findings but not to gather evidence to express assurance.
18. My procedures address the usefulness and reliability of the reported performance information, which must be based on the municipality's approved performance planning documents. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the municipality enabled service delivery. My procedures do not extend to any disclosures or assertions relating to

the extent of achievements in the current year or planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.

19. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected development priorities presented in the municipality’s annual report for the year ended 30 June 2022:

Development priorities	Pages in the annual report
Basic service and infrastructure development	145-251

20. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
21. I did not identify any material findings on the usefulness and reliability of the reported performance information for the development priority:

BASIC SERVICES AND INFRASTRUCTURE DEVELOPMENT.

OTHER MATTERS

22. I draw attention to the matters below.

ACHIEVEMENT OF PLANNED TARGETS

23. Refer to the annual report on pages **105 to 251** for information on the achievement of planned targets for the year and management’s explanations provided for the under and over achievement of targets.

Report on the audit of compliance with legislation

INTRODUCTION AND SCOPE

24. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the municipality’s compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
25. I did not identify any material findings on compliance with the specific matters in key legislation set out in the general notice issued in terms of the PAA.

OTHER INFORMATION

26. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report. The other information does not include the financial statements, the auditor's report and those selected development priorities presented in the annual report that have been specifically reported in this auditor's report.
27. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion on it.
28. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected development priorities presented in the annual report or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
29. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

INTERNAL CONTROL DEFICIENCIES

30. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
31. I did not identify any significant deficiencies in internal control.

OTHER REPORTS

32. In addition to the investigations relating to material irregularities, I draw attention to the following engagements conducted by various parties which had, or could have, an impact on the matters reported in the municipality's financial statements, reported performance information, compliance with applicable legislation and other related matters. These reports did not form part of my opinion on the financial statements or my findings on the reported performance information or compliance with legislation.
33. An independent consultant investigated an allegation of the supply and delivery of protective clothing of the municipality which was not delivered at the request of the municipality, which covered the period 1 July 2017 to 30 June 2018. The investigation was concluded on 23 April 2021 and resulted in disciplinary action to be instituted to six employees. These proceedings were in progress at the date of this auditor's report.

Auditor-General

Polokwane

30 November 2022

ANNEXURE - AUDITOR-GENERAL'S RESPONSIBILITY FOR THE AUDIT

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected development priorities and on the municipality's compliance with respect to the selected subject matters.

FINANCIAL STATEMENTS

2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer.
 - Conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the Capricorn District Municipality to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this

auditor's report. However, future events or conditions may cause a municipality to cease operating as a going concern

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

3. I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
4. I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

APPENDIX B (2): MUNICIPAL COMMITTEES & PURPOSES

B(2) 1 COUNCIL COMMITTEES' STATUTORY POWERS

In terms of Section 79 of the Structures Act a municipal council may establish one or more committees necessary for the effective and efficient performance of any of its functions or exercise of any of its powers (as delegated). The Committees of the Council of Capricorn District Municipality were delegated the following powers and functions:

B(2) 1.1 PORTFOLIO COMMITTEES

There are seven Portfolio Committees aligned to the six Administrative Departments of the Municipality, delegated the following powers:

- (1) To provide oversight on the activities of the different administrative departments that fall in their area of responsibility.
- (2) To deal with policies and by-laws emanating from the department.
- (3) To scrutinise departmental budgets, expenditure, and service delivery performance to ensure that the lives of the citizens in the district are improved.
- (4) To undertake on-site inspection on various departmental projects and facilities.
- (5) May request departments and relevant Members of the Mayoral Committee to account on the exercise of their functions.
- (6) May call for evidence or summon persons to appear and to produce any document required.
- (7) To submit to Council quarterly oversight reports written according to a prescribed format and guidelines.
- (8) To review recommendations from the Executive arm and may consult independent researchers to finalise their recommendations to Council.
- (9) To consider and make recommendations on issues in their terms of reference to Council for final decision making.

B(2) 1.2 COMMITTEE OF CHAIRPERSONS

The Committee of Chairpersons comprises chairpersons of the Portfolio Committees and standing committees of the council presided over by the Chairperson of the Committee of Chairpersons, commonly called the Chair of Chairs, delegated powers to:

- (1) Ensure committees are functioning effectively.
- (2) Prepare guidelines to enable chairpersons to effectively fulfil their roles.
- (3) Discuss the coordination, supervision and monitoring of the activities and functioning of the various ad hoc committees affecting the scheduling or functioning of any committee of the legislature or other forum of the legislature.
- (4) Ensure the smooth running of the committees.

B(2) 1.3 MULTI-PARTY WHIPPERY

Multi-Party Whippery is composed of Chief Whips of all the political parties represented in the Council, chaired by the Council Chief Whip, and is delegated powers to:

- (1) Coordinate matters for which whips are responsible.
- (2) Ensure political liaison and consultation amongst the parties of the Council.
- (3) Share ideas and seek solutions on issues that may cause conflict in the Council.
- (4) Agree on the approach to avoid unnecessary debates in Council.
- (5) Develop guidelines for speaking time in Council.

B(2) 1.4 ETHICS, RULES AND INTEGRITY COMMITTEE

The Committee is delegated powers to:

- (1) Monitor and evaluate councillors Compliance with the Code of Conduct for Councillors.
- (2) Monitor and evaluate compliance with the Council Rules of Order.
- (3) Review and recommend amendments of the Council Rules of Order at intervals determined by Council.
- (4) Determine the financial interests of Councillors that must be made public in terms of Item 7(4) of the code of Conduct for Councillors.

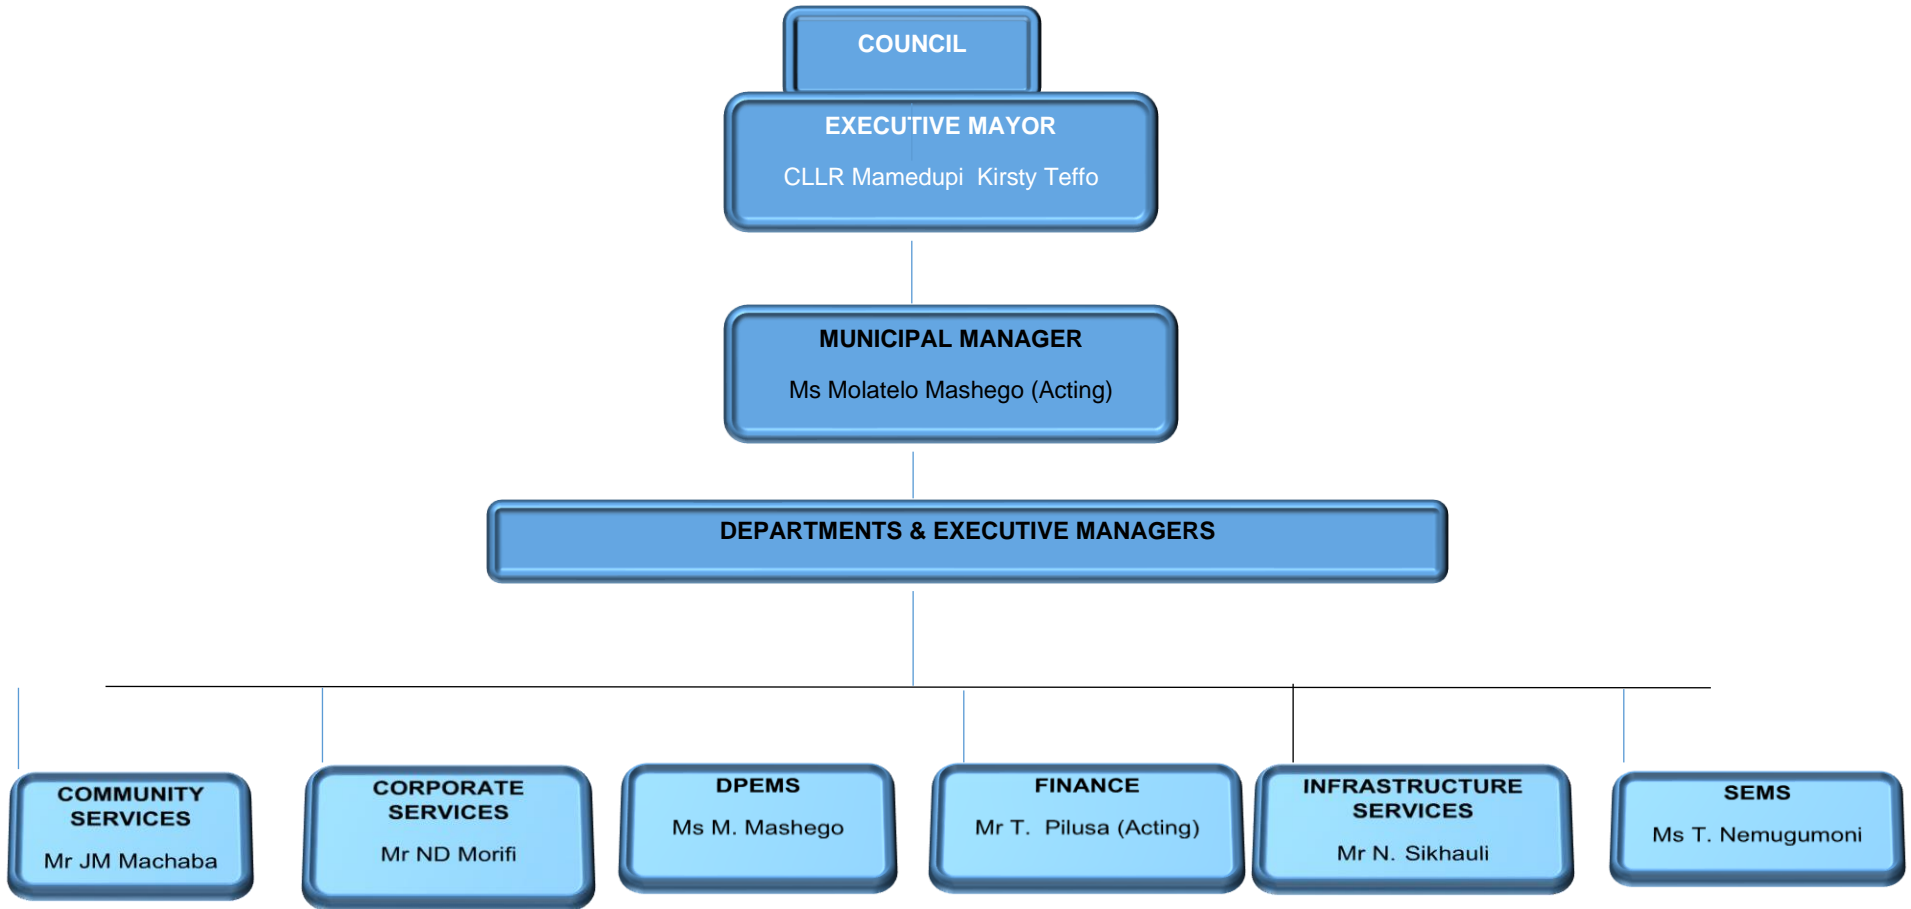

- (5) Recommend the Uniform Standing Procedure for Proceedings for the Imposition of a Fine or the Removal of a Councillor for not Attending Meetings (USP) as prescribed in Schedule 1 of the Local Government: Municipal Systems Act, No 32 of 2000.
- (6) Investigate and report to Council on contraventions of Item 4 (3) of the Code of Conduct for Councillors by any councillor.

B(2) 1.5 MUNICIPAL PUBLIC ACCOUNTS COMMITTEE

The statutory powers and functions of the Municipal Public Accounts Committees are as follows in terms of section 79A of the Municipal Structures Act:

- (1) To review the Auditor-General's reports and comments of the management committee and the audit committee and make recommendations to the Council.
- (2) To review internal audit reports together with comments from the management committee and the audit committee and make recommendations to the Council.
- (3) To initiate and develop the oversight report on annual reports contemplated in section 129 of the Local Government: Municipal Finance Management Act.
- (4) To attend to and make recommendations to the Council on any matter referred to it by the Council, Mayoral Committee, a committee of the Council, a member of this committee, a Councillor and the Municipal Manager.
- (5) On its own initiative, subject to the direction of the Council, to investigate and report to the Council on any matter affecting the Municipality.

APPENDIX C: THIRD TIER ADMINISTRATIVE STRUCTURE

APPENDIX D: FUNCTIONS OF MUNICIPALITY/ENTITY

A municipality has all the powers and functions assigned to it in terms of sections 156 and 229 of the Constitution and must exercise them subject to Chapter 5 of the Municipal Structures Act. The Municipal Structures Act of 1998 makes provision for the division of powers and functions between district and local municipalities. It assigns district-wide functions to district municipalities and most day-to-day service delivery functions to local municipalities. The provincial MECs are empowered to adjust these powers and functions according to the capacity of municipalities to deliver services.

The powers and functions of a district municipality are as follows:

- Integrated development planning for the district municipality, including a framework for integrated development plans of all municipalities in the district municipality.
- Potable water supply systems.
- Bulk supply of electricity, which includes for the purposes of such supply, the transmission, distribution and, where applicable, the generation of electricity.
- Domestic wastewater and sewage disposal systems.
- Solid waste disposal sites, in so far as it relates to-
 - the determination of a waste disposal strategy.
 - the regulation of waste disposal.
 - the establishment, operation and control of waste disposal sites, bulk waste transfer facilities and waste disposal facilities for more than one local municipality in the district.
- Municipal roads which form an integral part of a road transport system for the area of the district municipality.
- Air quality management.
- Regulation of passenger transport services.
- Municipal airports serving the area of the district municipality.
- Municipal health services.
- Firefighting services serving the area of the district municipality, this includes-
 - planning, co-ordination, and regulation of fire services.
 - specialised firefighting services such as mountain, veld, and chemical fire services.
 - co-ordination of the standardisation of infrastructure, vehicles, equipment, and procedures.
 - training of fire officers.
- The establishment conduct and control of fresh produce markets and abattoirs serving the area of a major proportion of the municipalities in the district.
- The establishment, conduct and control of cemeteries and crematoria serving the area of a major proportion of municipalities in the district.
- Promotion of local tourism for the area of the district municipality.
- Municipal public works relating to any of the above functions, or any other functions assigned to the district municipality.
- The receipt, allocation and, if applicable, the distribution of grants made to the district municipality; and
- The imposition and collection of taxes, levies and duties as related to the above functions or as may be assigned to the district municipality in terms of national legislation; and
- District municipal powers and function transferred to local municipalities:
 - Municipal roads which form an integral part of a road transport system of the municipal area.
 - The establishment conduct and control of cemeteries and crematoria serving the municipal area.
 - Municipal public works relating to any of the above functions, or any other functions assigned to the district municipality.

APPENDIX E: WARD REPORTING

See Appendix N.

APPENDIX F: WARD INFORMATION

See Appendix N.

APPENDIX G: RECOMMENDATIONS OF THE MUNICIPAL AUDIT COMMITTEE

In its last report to the Council sitting for 2021/22, the Audit Committee submitted the following recommendations:

MEETING DATE	DISCUSSION ITEMS	OBSERVATION	IMPLICATION	RECOMMENDATION
15 JULY 2022	ORDINARY AUDIT COMMITTEE MEETING			
	1. INTERNAL FINANCIAL CONTROLS AND INTERNAL AUDIT	Execution of the Internal Audit plan is at 100% which is commendable.	Improved internal control system	1) Management should ensure that all internal audit findings are attended to before 31 August 2022 to avoid issues being flagged by AGSA.
	2. RISK MANAGEMENT	The Audit Committee considered the following risk management reports: a) Risk monitoring reports b) Risk Management Committee report	Mitigation of significant risks/risk exposure	1) Management should fast-track the appointment of vacant positions within the Risk Management Unit and Internal Audit. 2) Council should note that no issues of fraud and corruption were reported to the committee 3) Council should note the fourth quarter risk management report.
	3. GOVERNANCE	The following governance documents were reviewed: a) Internal Audit Charter b) Internal Audit Methodology c) Internal Audit Continuous Development Plan d) Quality Improvement Plan e) Combined Assurance Framework (Including the terms of reference) f) Internal Audit Plan	Compliance with Section 165 and 166 of the MFMA	1) The Audit Committee Charter be approved by Council 2) Council to note approval of the Internal Audit documents by the Audit Committee in line with sections 166 and 165 of the MFMA. 3) Management should report on Disaster Recovery plan testing during the first Quarter meeting

		The ICT Governance report was also considered		
4. ACCURACY AND RELIABILITY OF FINANCIAL REPORTING		The Committee interacted with annual the process preparation plan and interim annual financial statements. The key concerns are the vacant position of the CFO and the municipality's ability to go back to clean audit status.	Preparation of financial statement places a high emphasis on accuracy, reliability, and relevance of financial data. Readiness for the 2021/22 audit process.	<ol style="list-style-type: none"> 1) Management should consider sourcing the services of the technical quality reviewer before 30 July 2022 2) The Audit Committee via its Technical Committee to assist with the review of the AFS during August 2022.
5. PERFORMANCE MANAGEMENT AND PERFORMANCE INFORMATION		The following reports were considered by the Audit Committee: <ol style="list-style-type: none"> a) The 4th quarter organizational performance report. b) Annual Performance Report (APR) process plan for 2021/22 financial year. 	Compliance with the MFMA and MPPMR	<ol style="list-style-type: none"> 1) Council adopts the 4th quarter organizational performance report. 2) Management to carry forward the unachieved targets to the next quarter.
6. CLEAN AUDIT AND CLEAN GOVERNANCE		Reports considered: <ol style="list-style-type: none"> a) Progress made in implementing the AG recommendations from prior year. b) Progress made in implementing the Internal Audit recommendations due for the quarter. 	Impact on the clean audit	<ol style="list-style-type: none"> 1) Council should note the progress made by management in addressing prior year observations by AGSA. 2) Management to ensure that all AGSA findings are resolved before 15 August 2022. 3) Management should ensure that all internal audit findings are attended to before 31 August 2022 to avoid issues being flagged by AGSA.
7. REPORT OF THE AUDIT COMMITTEE ON CAPRICORN DISTRICT MUNICIPALITY (CDM)

We are pleased to present our report for the financial year ended 30 June 2022.

Audit Committee Structure

Capricorn District Municipality has an Audit Committee which is composed of six independent members and reports directly to Council

Audit Committee Responsibility

The Audit Committee reports that it has complied with its responsibilities arising from Section 166 and 165 of the Municipal Finance Management Act and Treasury Regulation 3.1.13. The Audit Committee also reports that it has adopted appropriate formal terms of reference as its Audit Committee Charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein and the related code of conduct, policies and practices.

Stakeholder Engagement/s

The committee has been able to engage with the following stakeholders:

- Limpopo Provincial Treasury
- Limpopo Department of Corporate Governance, Human Settlement and Traditional Affairs (COGHSTA)
- Limpopo SALGA
- Limpopo Provincial Auditor (AGSA)

The Effectiveness of Internal Control

Based on the results of the formal documented review of the design, implementation and effectiveness of the municipality's system of internal controls conducted by the internal audit and AGSA during the financial year ended 30 June 2022, and in addition, considering information and explanations given by management plus discussions held with the external auditor on the results of their audit, the Audit Committee concluded that the municipality's system of internal financial controls is effective and no material internal control breaches came to the Committee's attention.

Risk Management

The Audit committee reviewed the municipality's policies on risk management and strategy (including IT Governance) and monitored the implementation of risk management policy and strategy and concluded that municipality's risk management maturity level is satisfactorily, which is commendable.

In-Year Management and Monthly/Quarterly Report

Based on the quarterly review of in-year monitoring systems and reports, the Audit Committee is satisfied with the quality, accuracy, usefulness, reliability, appropriateness and adequacy of the municipality in-year reporting systems and would like to commend the municipality for that.

Internal Audit

The Internal Audit Unit has discharged its mandate in terms of its charter and managed to execute all the audit projects planned for 2021/22 financial year.

In the year under reporting, the Audit committee:

- Reviewed and approved the annual Internal Audit plans and evaluated the independence, effectiveness and performance of the internal audit function;
- Considered the reports of the Internal Auditors on the municipality's systems of internal control; and

- Reviewed issues raised by internal audit and the adequacy of corrective action taken by management in response thereto.

The Audit Committee is of the opinion that Internal Audit unit is operating effectively to meet its mandate and has considered the risk pertinent to the municipality in its audit plans.

Combined assurance

The Audit committee reviewed the plans and reports of the external and internal auditors and other assurance providers including management and concluded that these were adequate to address all significant risks facing the municipality. This was also confirmed by the Auditor General, as all the levels of the combined assurance were rated as Providing Assurance in the report for 2021/22 financial year.

Compliance with the relevant laws and regulations

The Audit Committee considered the reports provided by management, internal assurance providers and the independent auditors regarding compliance with legal and regulatory requirements and concluded that the municipality materially complied with the enabling laws and regulations as well as its municipality policies and standard operating procedures.

Evaluation of Annual Financial Statements

Following the review by the Audit Committee of the draft annual financial statements for the year ended 30 June 2022 before the audit, the committee is of the view that, Annual Financial Statements fairly present the financial performance of the municipality for the year under review and can be incorporated into the Annual Report.

Evaluation of Annual Performance Report

Following the review by the Audit Committee of the annual performance report for the year ended 30 June 2022 and after the audit, the committee is of the view that, draft Annual Performance Report fairly presents the non-financial performance of the municipality for the year under review and can be incorporated into the Annual Report.

Consideration of the Final Audit report

The Audit Committee considered final audit report and concurred with the AGSA's unqualified audit opinion with no findings (i.e., Clean Audit). Furthermore, the Audit Committee commended the municipality for the improved audit opinion.

Closing Remarks

The Audit Committee acknowledges and appreciates the commitment of Management in strengthening corporate governance and attaining the Clean Audit. We further acknowledge the commitment into good governance as shown by the Executive Mayor, the good working relationship between the Audit Committee and the Municipal Public Accounts Committee (MPAC) as well as the support that the Audit Committee receives from Council. Lastly, we express our gratitude to the Internal Audit for its support and commitment to the work of the Audit Committee.

As the Audit Committee we remain confident and committed to fully execute our responsibilities, assurance and oversight function to strengthening corporate governance and clean administration within Capricorn District Municipality.

SAB Ngobeni

Chairperson of the Audit Committee

Date 30 November 2022

APPENDIX H: LONG TERM CONTRACTS AND PUBLIC PRIVATE PARTNERSHIP

The Municipality does not have any long-term contracts or public private partnerships.

APPENDIX I: MUNICIPAL ENTITY/ SERVICE PROVIDER PERFORMANCE SCHEDULE

The Municipality does not have municipal entities.

Road network backlog (district roads)	Tarred/paved is at 20.2%	20.6%	21%	22%	23%
Telecommunication	With access to cell phones is at 88. %	90%	92%	95%	97%
	With no access to internet is at 71.8%	70%	65%	60%	50%
	With no access to a computer is at 15.2% (to increase access)	17%	20%	30%	50%

APPENDIX R: DECLARATION OF LOANS AND GRANTS MADE BY THE MUNICIPALITY

The Municipality has not taken any loans.

DECLARATION OF RETURNS NOT MADE IN TIME

None.

APPENDIX S: PRESIDENTIAL OUTCOME FOR LOCAL GOVERNMENT

The Presidential Local Government Summit adopted the Back-to Basics approach in September 2014 as an urgent action plan to strengthen local government to better serve communities by getting the basics right. The Strategy sets out specifics that municipalities should do to this end. CDM developed and implemented the Back-to- Basics Plan to respond to the Presidential Strategy, which was achieved as detailed herein below:

Accounting Officer's Responsibilities and Approval

I am responsible for the preparation of these annual financial statements for the year ended 30 June 2022, as set out in terms of Section 126(1) of the Municipal Finance Management Act (Act 56 of 2003) and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in note 19 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Officer Bearers Act (Act 20 of 1998) and the Minister of Provincial and Local Government's determination in accordance with this Act.

The accounting officer is required by the Municipal Finance Management Act (Act 56 of 2003), to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is the responsibility of the accounting officer to ensure that the annual financial statements fairly present the state of affairs of the municipality as at the end of the financial year and the results of its operations and cash flows for the period then ended. The external auditors are engaged to express an independent opinion on the annual financial statements and was given unrestricted access to all financial records and related data.

The annual financial statements have been prepared in accordance with Standards of Generally Recognised Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board.

The annual financial statements are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The accounting officer acknowledges that he is ultimately responsible for the system of internal financial control established by the municipality and place considerable importance on maintaining a strong control environment. To enable the accounting officer to meet these responsibilities, the accounting officer sets standards for internal control aimed at reducing the risk of error or deficit in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the municipality and all employees are required to maintain the highest ethical standards in ensuring the municipality's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the municipality is on identifying, assessing, managing and monitoring all known forms of risk across the municipality. While operating risk cannot be fully eliminated, the municipality endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The accounting officer is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or deficit.

The accounting officer has reviewed the municipality's cash flow forecast for the year to 30 June 2023 and, in the light of this review and the current financial position, he is satisfied that the municipality has or has access to adequate resources to continue in operational existence for the foreseeable future.

Ramakuntwane Selepe
Municipal Manager

Accounting Officer's Report

The accounting officer submits his report for the year ended 30 June 2022.

1. Review of activities

Main business and operations

The municipality is engaged in local government activities and operates principally in South Africa and [state other countries].

Net surplus of the municipality was R 321 832 603 (2021: surplus R 355 166 300).

2. Going concern

We draw attention to the fact that at 30 June 2022, the municipality had an accumulated surplus of R 3 732 179 869 and that the municipality's total liabilities exceed its assets by R 3 732 179 869.

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

3. Subsequent events

The accounting officer is not aware of any matter or circumstance arising since the end of the financial year. The Municipal Manager Ramakuntwane R. Selepe was appointed on 1 July 2022.

4. Accounting policies

The annual financial statements prepared in accordance with the South African Statements of Generally Accepted Accounting Practice (GAAP), including any interpretations of such Statements issued by the Accounting Practices Board, and in accordance with the prescribed Standards of Generally Recognised Accounting Practices (GRAP) issued by the Accounting Standards Board as the prescribed framework by National Treasury.

The annual financial statements set out on page 7, which have been prepared on the going concern basis, were approved by the accounting officer on 30 November 2022 and were signed on its behalf by:

Ramakuntwane Selepe
Municipal Manager

Statement of Financial Position as at 30 June 2022

Accounting Policies

Figures in Rand	Note(s)	2022	2021
-----------------	---------	------	------

1. Presentation of Annual Financial Statements

The annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention unless specified otherwise.

These annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act (Act 56 of 2003).

The principal accounting policies adopted in the preparation of these annual financial statements are set out below.

Assets, liabilities, revenues and expenses have not been offset except when offsetting is required or permitted by a Standard of GRAP.

The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated. The details of any changes in accounting policies are explained in the relevant policy.

1.1 Presentation currency

These annual financial statements are presented in South African Rand, which is the functional currency of the municipality.

1.2 Going concern assumption

These annual financial statements have been prepared based on the expectation that the municipality will continue to operate as a going concern for at least the next 12 months.

1.3 Materiality

Material omissions or misstatements of items are material if they could, individually or collectively, influence the decisions or assessments of users made on the basis of the financial statements. Materiality depends on the nature or size of the omission or misstatement judged in the surrounding circumstances. The nature or size of the information item, or a combination of both, could be the determining factor.

Assessing whether an omission or misstatement could influence decisions of users, and so be material, requires consideration of the characteristics of those users. The Framework for the Preparation and Presentation of Financial Statements states that users are assumed to have a reasonable knowledge of government, its activities, accounting and a willingness to study the information with reasonable diligence. Therefore, the assessment takes into account how users with such attributes could reasonably be expected to be influenced in making and evaluating decisions.

1.4 Comparative figures

Where necessary, comparative figures have been reclassified to conform to changes in presentation in the current year.

When the presentation or classification of items in the quarterly financial statements is amended, prior period comparative amounts are restated. The nature and reason for the reclassification is disclosed. Where accounting errors have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly. Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

1.5 Standards, amendments to standards and interpretations

The following GRAP standards have been approved but not yet effective.

No.	Title of Standard	Impact on GRAP Reporting Framework
GRAP 25	Employee benefits	No material impact
GRAP 103	Heritage assets	No material impact
GRAP 104	Financial instruments	No material impact

Accounting Policies

1.6 Property, plant and equipment

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one year. Items of property, plant and equipment are initially recognised as assets on acquisition date and are initially recorded at cost. The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality. Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary costs of dismantling and removing the asset and restoring the site on which it is located.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation

Depreciation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the assets. Components of assets that are significant in relation to the whole asset and that have different useful lives are depreciated separately. The annual depreciation rates are based on the following estimated average asset lives:

Item	Average useful life
Buildings	10-55
Furniture and fixtures	8-20
Motor vehicles	
• Specialised services	7-20
• Other vehicles	7-20
Machinery and equipment	8-20
IT equipment	8-23
Computer software	8-11
Infrastructure	
• Roads and paving	15-50
Community	
• Buildings	10-55
• Security	3-10
Other equipment	
• Copiers	3-6
• Telephones	3-6
• Emergency Equipment	5-8
Communication equipment	3-6
Leased Assets	
• Office Equipment	1-10
Wastewater network	
• Sewerage	15-50
Water network	
• Water maintenance and purification	15-55
• Water reservoir	30-55

The residual value, the useful life and depreciation method of each asset are reviewed at least at of each reporting date. If the expectations differ from previous estimates, the change is accounted for as a change in accounting estimate.

Reviewing the useful life of an asset on an annual basis does not require the entity to amend the previous estimate unless expectations differ from the previous estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each period is recognised in surplus or deficit unless it is included in the carrying amount of another asset.

Items of property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use or disposal of the asset.

Accounting Policies

1.6 Property, plant and equipment (continued)

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

Initial recognition

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one year. Items of property, plant and equipment are initially recognised as assets on acquisition date and are initially recorded at cost. The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the municipality.

Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary costs of dismantling and removing the asset and restoring the site on which it is located.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Where an asset is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquired.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

Major spare parts and servicing equipment qualify as property, plant and equipment when the municipality expects to use them during more than one period. Similarly, if the major spare parts and servicing equipment can be used only in connection with an item of property, plant and equipment, they are accounted for as property, plant and equipment.

Subsequent measurement - cost

Subsequent to initial recognition, items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Land is not depreciated as it is deemed to have an indefinite useful life.

Where the municipality replaces parts of an asset, it derecognises the part of the asset being replaced and capitalises the new component. Subsequent expenditure incurred on an asset is capitalised when it increases the capacity or future economic benefits associated with the asset.

Depreciation

Depreciation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the assets. Components of assets that are significant in relation to the whole asset and that have different useful lives are depreciated separately. The annual depreciation rates are based on the following estimated average asset lives:

Derecognition

Items of Property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

Work in progress

Construction work in progress is recognised at cost and transferred to asset upon completion. Construction work in progress is not depreciable until after it is transferred to completed assets.

Accounting Policies

1.7 Impairment of non-cash-generating assets

Identification

When the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired.

The municipality assesses at each reporting date whether there is any indication that a non-cash-generating asset may be impaired. If any such indication exists, the municipality estimates the recoverable service amount of the asset.

Irrespective of whether there is any indication of impairment, the entity also test a non-cash-generating intangible asset with an indefinite useful life or a non-cash-generating intangible asset not yet available for use for impairment annually by comparing its carrying amount with its recoverable service amount. This impairment test is performed at the same time every year. If an intangible asset was initially recognised during the current reporting period, that intangible asset was tested for impairment before the end of the current reporting period.

Reversal of an impairment loss

The municipality assess at each reporting date whether there is any indication that an impairment loss recognised in prior periods for a non-cash-generating asset may no longer exist or may have decreased. If any such indication exists, the municipality estimates the recoverable service amount of that asset.

An impairment loss recognised in prior periods for a non-cash-generating asset is reversed if there has been a change in the estimates used to determine the asset's recoverable service amount since the last impairment loss was recognised. The carrying amount of the asset is increased to its recoverable service amount. The increase is a reversal of an impairment loss. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss for a non-cash-generating asset is recognised immediately in surplus or deficit. Any reversal of an impairment loss of a revalued non-cash-generating asset is treated as a revaluation increase.

After a reversal of an impairment loss is recognised, the depreciation (amortisation) charge for the non-cash-generating asset is adjusted in future periods to allocate the non-cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

1.8 Intangible assets

Initial Recognition

An intangible asset is an identifiable non-monetary asset without physical substance. Examples include computer software, licences, and development costs. The municipality recognises an intangible asset in its Statement of Financial Position only when it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the municipality and the cost or fair value of the asset can be measured reliably.

Internally generated intangible assets are subject to strict recognition criteria before they are capitalised. Research expenditure is never capitalised, while development expenditure is only capitalised to the extent that:

- the municipality intends to complete the intangible asset for use or sale
- it is technically feasible to complete the intangible asset
- the municipality has the resources to complete the project; and
- it is probable that the municipality will receive future economic benefits or service potential.

Intangible assets are initially recognised at cost.

Where an intangible asset is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of that asset on the date acquired.

Where an intangible asset is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

Accounting Policies

1.8 Intangible assets (continued)

Subsequent measurement - cost model

Intangible assets are subsequently carried at cost less accumulated amortisation and impairments. The cost of an intangible asset is amortised over the useful life where that useful life is finite. Where the useful life is indefinite, the asset is not amortised but is subject to an annual impairment test.

Amortisation and impairment

Amortisation is charged so as to write off the cost or valuation of intangible assets over their estimated useful lives using the straight line method. The annual amortisation rates are based on the following estimated average asset lives:

Computer software	8-11
-------------------	------

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each reporting date and any changes are recognised as a change in accounting estimate in the Statement of Financial Performance.

The municipality tests intangible assets with finite useful lives for impairment where there is an indication that an asset may be impaired. An assessment of whether there is an indication of possible impairment is done at each reporting date. Where the carrying amount of an item of an intangible asset is greater than the estimated recoverable amount (or recoverable service amount), it is written down immediately to its recoverable amount (or recoverable service amount) and an impairment loss is charged to the Statement of Financial Performance.

Derecognition

Intangible assets are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset. The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

Website costs

The municipality has a website designed for internal and external access. The municipality is at the operating stage which comprises maintaining and enhancing applications, infrastructure, graphical design and the content of the file. The municipality incurs internally generated costs on the operation of the website and the costs are therefore expensed.

1.9 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, then their costs are their fair value as at the date of acquisition.

Subsequently inventories are measured at the weighted average cost .

Net realisable value is the estimated selling price in the ordinary course of operations less the estimated costs of completion and the estimated costs necessary to make the sale, exchange or distribution.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories is assigned using the weighted average cost formula. The same cost formula is used for all inventories having a similar nature and use to the municipality.

When inventories are sold, the carrying amounts of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expenses are recognised when the goods are distributed, or related services are rendered. The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value or current replacement cost, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

Accounting Policies

1.9 Inventories (continued)

Initial recognition

Inventories assets in the form of materials or supplies to be consumed or distributed in the rendering of service. Inventories are initially recognised at cost. Cost generally refers to the purchase price, plus taxes, transport costs and any other costs in bringing the inventories to their current location and condition.

Where inventory is acquired by the municipality for no or nominal consideration (i.e. a non-exchange transaction), the cost is deemed to be equal to the fair value of the item on the date.

Consumable inventory is valued using the weighted average cost whilst water inventory is valued using the weighted average cost method.

Subsequent measurement

Inventories, consisting of consumable stores and raw materials, are valued at the weighted average cost, unless they are to be distributed at no or nominal charge, in which case they are measured at the lower of cost and current replacement cost. Redundant and slow-moving inventories are identified and written down in this way. Differences arising on the valuation of inventory are recognised in the Statement of Financial Performance in the year in which they arose. The amount of any reversal of any write-down of inventories arising from an increase in weighted average cost or current replacement cost is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The carrying amount of inventories is recognised as an expense in the period that the inventory was distributed, written off or consumed, unless that cost qualifies for capitalisation to the cost of another asset.

1.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one municipality and a financial liability or a residual interest of another municipality.

The amortised cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction (directly or through the use of an allowance account) for impairment or uncollectability.

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Derecognition is the removal of a previously recognised financial asset or financial liability from an municipality's statement of financial position.

A derivative is a financial instrument or other contract with all three of the following characteristics:

- Its value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract (sometimes called the 'underlying').
- It requires no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.
- It is settled at a future date.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability (or group of financial assets or financial liabilities) and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, an municipality shall estimate cash flows considering all contractual terms of the financial instrument (for example, prepayment, call and similar options) but shall not consider future credit losses. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate (see the Standard of GRAP on Revenue from Exchange Transactions), transaction costs, and all other premiums or discounts. There is a presumption that the cash flows and the expected life of a group of similar financial instruments can be estimated reliably.

Accounting Policies

1.10 Financial instruments (continued)

However, in those rare cases when it is not possible to reliably estimate the cash flows or the expected life of a financial instrument (or group of financial instruments), the municipality shall use the contractual cash flows over the full contractual term of the financial instrument (or group of financial instruments).

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

A financial asset is:

- cash;
- a residual interest of another municipality; or
- a contractual right to:
 - receive cash or another financial asset from another municipality; or
 - exchange financial assets or financial liabilities with another municipality under conditions that are potentially favourable to the municipality.

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

A financial liability is any liability that is a contractual obligation to:

- deliver cash or another financial asset to another municipality; or
- exchange financial assets or financial liabilities under conditions that are potentially unfavourable to the entity.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Liquidity risk is the risk encountered by an municipality in the event of difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

A residual interest is any contract that manifests an interest in the assets of an municipality after deducting all of its liabilities. A residual interest includes contributions from owners, which may be shown as:

- equity instruments or similar forms of unitised capital;
- a formal designation of a transfer of resources (or a class of such transfers) by the parties to the transaction as forming part of an municipality's net assets, either before the contribution occurs or at the time of the contribution; or
- a formal agreement, in relation to the contribution, establishing or increasing an existing financial interest in the net assets of an municipality.

Financial instruments at amortised cost are non-derivative financial assets or non-derivative financial liabilities that have fixed or determinable payments, excluding those instruments that:

- the municipality designates at fair value at initial recognition; or
- are held for trading.

Financial instruments at cost are investments in residual interests that do not have a quoted market price in an active market, and whose fair value cannot be reliably measured.

Initial recognition

The municipality recognises a financial asset or a financial liability in its statement of financial position when the municipality becomes a party to the contractual provisions of the instrument.

The municipality recognises financial assets using trade date accounting.

Initial measurement of financial assets and financial liabilities

The municipality measures a financial asset and financial liability initially at its fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Accounting Policies

1.10 Financial instruments (continued)

The municipality measures a financial asset and financial liability initially at its fair value [if subsequently measured at fair value].

Subsequent measurement of financial assets and financial liabilities

The municipality measures all financial assets and financial liabilities after initial recognition using the following categories:

- Financial instruments at fair value.
- Financial instruments at amortised cost.
- Financial instruments at cost.

All financial assets measured at amortised cost, or cost, are subject to an impairment review.

Presentation

Interest relating to a financial instrument or a component that is a financial liability is recognised as revenue or expense in surplus or deficit.

Losses and gains relating to a financial instrument or a component that is a financial liability is recognised as revenue or expense in surplus or deficit.

A financial asset and a financial liability are only offset and the net amount presented in the statement of financial position when the entity currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

In accounting for a transfer of a financial asset that does not qualify for derecognition, the municipality does not offset the transferred asset and the associated liability.

1.11 Statutory receivables

Identification

Statutory receivables are receivables that arise from legislation, supporting regulations, or similar means, and require settlement by another entity in cash or another financial asset.

Carrying amount is the amount at which an asset is recognised in the statement of financial position.

The cost method is the method used to account for statutory receivables that requires such receivables to be measured at their transaction amount, plus any accrued interest or other charges (where applicable) and, less any accumulated impairment losses and any amounts derecognised.

Nominal interest rate is the interest rate and/or basis specified in legislation, supporting regulations or similar means.

The transaction amount for a statutory receivable means the amount specified in, or calculated, levied or charged in accordance with, legislation, supporting regulations, or similar means.

Recognition

The municipality recognises statutory receivables as follows:

- if the transaction is an exchange transaction, using the policy on Revenue from exchange transactions;
- if the transaction is a non-exchange transaction, using the policy on Revenue from non-exchange transactions (Taxes and transfers); or
- if the transaction is not within the scope of the policies listed in the above or another Standard of GRAP, the receivable is recognised when the definition of an asset is met and, when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the transaction amount can be measured reliably.

Initial measurement

The municipality initially measures statutory receivables at their transaction amount.

Accounting Policies

1.11 Statutory receivables (continued)

Subsequent measurement

The municipality measures statutory receivables after initial recognition using the cost method. Under the cost method, the initial measurement of the receivable is changed subsequent to initial recognition to reflect any:

- interest or other charges that may have accrued on the receivable (where applicable);
- impairment losses; and
- amounts derecognised.

Impairment losses

The municipality assesses at each reporting date whether there is any indication that a statutory receivable, or a group of statutory receivables, may be impaired.

In assessing whether there is any indication that a statutory receivable, or group of statutory receivables, may be impaired, the municipality considers, as a minimum, the following indicators:

- Significant financial difficulty of the debtor, which may be evidenced by an application for debt counselling, business rescue or an equivalent.
- It is probable that the debtor will enter sequestration, liquidation or other financial re-organisation.
- A breach of the terms of the transaction, such as default or delinquency in principal or interest payments (where levied).
- Adverse changes in international, national or local economic conditions, such as a decline in growth, an increase in debt levels and unemployment, or changes in migration rates and patterns.

If there is an indication that a statutory receivable, or a group of statutory receivables, may be impaired, the municipality measures the impairment loss as the difference between the estimated future cash flows and the carrying amount. Where the carrying amount is higher than the estimated future cash flows, the carrying amount of the statutory receivable, or group of statutory receivables, is reduced, either directly or through the use of an allowance account. The amount of the losses is recognised in surplus or deficit.

In estimating the future cash flows, an municipality considers both the amount and timing of the cash flows that it will receive in future. Consequently, where the effect of the time value of money is material, the entity discounts the estimated future cash flows using a rate that reflects the current risk-free rate and, if applicable, any risks specific to the statutory receivable, or group of statutory receivables, for which the future cash flow estimates have not been adjusted.

An impairment loss recognised in prior periods for a statutory receivable is revised if there has been a change in the estimates used since the last impairment loss was recognised, or to reflect the effect of discounting the estimated cash flows.

Any previously recognised impairment loss is adjusted either directly or by adjusting the allowance account. The adjustment does not result in the carrying amount of the statutory receivable or group of statutory receivables exceeding what the carrying amount of the receivable(s) would have been had the impairment loss not been recognised at the date the impairment is revised. The amount of any adjustment is recognised in surplus or deficit.

Derecognition

The municipality derecognises a statutory receivable, or a part thereof, when:

- the rights to the cash flows from the receivable are settled, expire or are waived;
- the municipality transfers to another party substantially all of the risks and rewards of ownership of the receivable; or
- the municipality, despite having retained some significant risks and rewards of ownership of the receivable, has transferred control of the receivable to another party and the other party has the practical ability to sell the receivable in its entirety to an unrelated third party, and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer. In this case, the entity:
 - derecognise the receivable; and
 - recognise separately any rights and obligations created or retained in the transfer.

The carrying amounts of any statutory receivables transferred are allocated between the rights or obligations retained and those transferred on the basis of their relative fair values at the transfer date. The entity considers whether any newly created rights and obligations are within the scope of the Standard of GRAP on Financial Instruments or another Standard of GRAP. Any difference between the consideration received and the amounts derecognised and, those amounts recognised, are recognised in surplus or deficit in the period of the transfer.

Accounting Policies

1.12 Unauthorised expenditure

Unauthorised expenditure means:

- overspending of a vote or a main division within a vote; and
- expenditure not in accordance with the purpose of a vote or, in the case of a main division, not in accordance with the purpose of the main division.

Unauthorised expenditure is accounted for in line with all relating requirements, including, but not limited to, ruling Legislation, Regulations, Frameworks, Circulars, Instruction Notes, Practice Notes, Guidelines etc (as applicable).

1.13 Irregular expenditure

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the Municipality's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance. The identified irregular expenditure is disclosed in the note to the annual financial statements in the year that it is incurred.

1.14 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance. The identified fruitless and wasteful expenditure is disclosed in the note to the annual financial statements in the year that it is incurred.

1.15 Provisions and Contingents

Provisions are recognised when the municipality has a present or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the provision can be made. Provisions are reviewed at reporting date and adjusted to reflect the current best estimate. Where the effect is material, non-current provisions are discounted to their present value using a pre-tax discount rate that reflects the market's current assessment of the time value of money, adjusted for risks specific to the liability (for example in the case of obligations for the rehabilitation of land).

The municipality does not recognise a contingent liability or contingent asset. A contingent liability is disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. A contingent asset is disclosed where an inflow of economic benefits is probable.

Future events that may affect the amount required to settle an obligation are reflected in the amount of a provision where there is sufficient objective evidence that they will occur. Gains from the expected disposal of assets are not taken into account in measuring a provision. Provisions are not recognised for future operating losses. The present obligation under an onerous contract is recognised and measured as a provision.

A provision for restructuring costs is recognised only when the following criteria over and above the recognition criteria of a provision have been met:

- a) The municipality has a detailed formal plan for the restructuring identifying at least:
 - the location, function, and approximate number of employees who will be compensated for terminating their services;
 - when the plan will be implemented; and

The municipality has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing its main features to those affected by it.

1.16 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

1.16 Leases (continued)

Finance leases - lessee

Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to the municipality. Property, plant and equipment or intangible assets subject to finance lease agreements are initially recognised at the lower of the asset's fair value and the present value of the minimum lease payments. The corresponding liabilities are initially recognised at the inception of the lease and are measured as the sum of the minimum lease payments due in terms of the lease agreement, discounted for the effect of interest. In discounting the lease payments, the municipality uses the interest rate that exactly discounts the lease payments and unguaranteed residual value to the fair value of the asset plus any direct costs incurred.

Subsequent to initial recognition, the leased assets are accounted for in accordance with the stated accounting policies applicable to property, plant, equipment or intangibles. The lease liability is reduced by the lease payments, which are allocated between the lease finance cost and the capital repayment using the effective interest rate method. Lease finance costs are expensed when incurred. The accounting policies relating to derecognition of financial instruments are applied to lease payables. The lease asset is depreciated over the shorter of the asset's useful life or the lease term.

Operating leases are those leases that do not fall within the scope of the above definition. Operating lease rentals are accrued on a straight-line basis over the term of the relevant lease.

Operating leases - lessor

Operating lease revenue is recognised as revenue on a straight-line basis over the lease term.

Initial direct costs incurred in negotiating and arranging operating leases are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease revenue.

The aggregate cost of incentives is recognised as a reduction of rental revenue over the lease term on a straight-line basis.

The aggregate benefit of incentives is recognised as a reduction of rental expense over the lease term on a straight-line basis.

Income for leases is disclosed under revenue in statement of financial performance.

Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

1.17 Revenue from exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

An exchange transaction is one in which the municipality receives assets or services, or has liabilities extinguished, and directly gives approximately equal value (primarily in the form of goods, services or use of assets) to the other party in exchange.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

Accounting Policies

1.17 Revenue from exchange transactions (continued)

Sale of goods

Revenue from the sale of goods is recognised when all the following conditions have been satisfied:

- the municipality has transferred to the purchaser the significant risks and rewards of ownership of the goods;
- the municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from the sale of goods is recognised when all the following conditions have been satisfied:

- the municipality has transferred to the purchaser the significant risks and rewards of ownership of the goods;
- the municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality;
- the stage of completion of the transaction at the reporting date can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When services are performed by an indeterminate number of acts over a specified time frame, revenue is recognised on a straight line basis over the specified time frame unless there is evidence that some other method better represents the stage of completion. When a specific act is much more significant than any other acts, the recognition of revenue is postponed until the significant act is executed.

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

Interest Income

Revenue arising from the use by others of municipal assets yielding interest shall be recognised when:

- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality, and
- The amount of the revenue can be measured reliably. Interest shall be recognised on a time basis that takes into account the effective yield of interest.

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

1.18 Revenue from non-exchange transactions

Revenue comprises gross inflows of economic benefits or service potential received and receivable by a municipality, which represents an increase in net assets, other than increases relating to contributions from owners.

Conditions on transferred assets are stipulations that specify that the future economic benefits or service potential embodied in the asset is required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Accounting Policies

1.18 Revenue from non-exchange transactions (continued)

Control of an asset arises when the municipality can use or otherwise benefit from the asset in pursuit of its objectives and can exclude or otherwise regulate the access of others to that benefit.

Exchange transactions are transactions in which one entity receives assets or services, or has liabilities extinguished, and directly gives approximately equal value (primarily in the form of cash, goods, services, or use of assets) to another entity in exchange.

Expenses paid through the tax system are amounts that are available to beneficiaries regardless of whether or not they pay taxes.

Fines are economic benefits or service potential received or receivable by entities, as determined by a court or other law enforcement body, as a consequence of the breach of laws or regulations.

Non-exchange transactions are transactions that are not exchange transactions. In a non-exchange transaction, a municipality either receives value from another municipality without directly giving approximately equal value in exchange, or gives value to another municipality without directly receiving approximately equal value in exchange.

Restrictions on transferred assets are stipulations that limit or direct the purposes for which a transferred asset may be used, but do not specify that future economic benefits or service potential is required to be returned to the transferor if not deployed as specified.

Stipulations on transferred assets are terms in laws or regulation, or a binding arrangement, imposed upon the use of a transferred asset by entities external to the reporting municipality.

Tax expenditures are preferential provisions of the tax law that provide certain taxpayers with concessions that are not available to others.

The taxable event is the event that the government, legislature or other authority has determined will be subject to taxation.

Taxes are economic benefits or service potential compulsorily paid or payable to entities, in accordance with laws and or regulations, established to provide revenue to government. Taxes do not include fines or other penalties imposed for breaches of the law.

Transfers are inflows of future economic benefits or service potential from non-exchange transactions, other than taxes.

Recognition

An inflow of resources from a non-exchange transaction recognised as an asset is recognised as revenue, except to the extent that a liability is also recognised in respect of the same inflow.

As the municipality satisfies a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it reduces the carrying amount of the liability recognised and recognises an amount of revenue equal to that reduction.

Measurement

Revenue from a non-exchange transaction is measured at the amount of the increase in net assets recognised by the municipality.

When, as a result of a non-exchange transaction, the municipality recognises an asset, it also recognises revenue equivalent to the amount of the asset measured at its fair value as at the date of acquisition, unless it is also required to recognise a liability. Where a liability is required to be recognised it will be measured as the best estimate of the amount required to settle the obligation at the reporting date, and the amount of the increase in net assets, if any, recognised as revenue. When a liability is subsequently reduced, because the taxable event occurs or a condition is satisfied, the amount of the reduction in the liability is recognised as revenue.

Accounting Policies

1.19 Events after reporting date

Recognised amounts in the financial statements are adjusted to reflect events arising after the balance sheet date that provide evidence of conditions that existed at the Balance Sheet date. Events after the Balance Sheet date that are indicative of conditions that arose after the Balance Sheet date are dealt with by way of a note to the Financial Statements.

1.20 Commitments

A commitment arises when a decision is made to incur a liability e.g. purchase order, delivery schedules or contract for construction of infrastructure assets. A commitment becomes a liability when the intention to agree to an outflow of resources outflow of resources becomes a present obligation.

The commitments are not recognised as a liability in the statement of financial position but are disclosed in the notes to the financial statements.

Commitments are disclosed including value added tax.

1.21 Employee benefits

Employee benefits are all forms of consideration given by an entity in exchange for service rendered by employees.

A qualifying insurance policy is an insurance policy issued by an insurer that is not a related party (as defined in the Standard of GRAP on Related Party Disclosures) of the reporting entity, if the proceeds of the policy can be used only to pay or fund employee benefits under a defined benefit plan and are not available to the reporting entity's own creditors (even in liquidation) and cannot be paid to the reporting entity, unless either:

- the proceeds represent surplus assets that are not needed for the policy to meet all the related employee benefit obligations; or
- the proceeds are returned to the reporting entity to reimburse it for employee benefits already paid.

Termination benefits are employee benefits payable as a result of either:

- an entity's decision to terminate an employee's employment before the normal retirement date; or
- an employee's decision to accept voluntary redundancy in exchange for those benefits.

Other long-term employee benefits are employee benefits (other than post-employment benefits and termination benefits) that are not due to be settled within twelve months after the end of the period in which the employees render the related service.

Vested employee benefits are employee benefits that are not conditional on future employment.

Composite social security programmes are established by legislation and operate as multi-employer plans to provide post-employment benefits as well as to provide benefits that are not consideration in exchange for service rendered by employees.

A constructive obligation is an obligation that derives from an entity's actions where by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- wages, salaries and social security contributions;
- short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service;
- bonus, incentive and performance related payments payable within twelve months after the end of the reporting period in which the employees render the related service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cell phones) for current employees.

Accounting Policies

1.21 Employee benefits (continued)

When an employee has rendered service to the entity during a reporting period, the entity recognise the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service:

- as a liability (accrued expense), after deducting any amount already paid. If the amount already paid exceeds the undiscounted amount of the benefits, the entity recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund; and
- as an expense, unless another Standard requires or permits the inclusion of the benefits in the cost of an asset.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

The entity measure the expected cost of accumulating compensated absences as the additional amount that the entity expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The entity recognise the expected cost of bonus, incentive and performance related payments when the entity has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the entity has no realistic alternative but to make the payments.

Post-employment benefits

Post-employment benefits are employee benefits (other than termination benefits) which are payable after the completion of employment.

Post-employment benefit plans are formal or informal arrangements under which an entity provides post-employment benefits for one or more employees.

Multi-employer plans are defined contribution plans (other than state plans and composite social security programmes) or defined benefit plans (other than state plans) that pool the assets contributed by various entities that are not under common control and use those assets to provide benefits to employees of more than one entity, on the basis that contribution and benefit levels are determined without regard to the identity of the entity that employs the employees concerned.

Actuarial assumptions

Actuarial assumptions are unbiased and mutually compatible.

Financial assumptions are based on market expectations, at the reporting date, for the period over which the obligations are to be settled.

The rate used to discount post-employment benefit obligations (both funded and unfunded) reflect the time value of money. The currency and term of the financial instrument selected to reflect the time value of money is consistent with the currency and estimated term of the post-employment benefit obligations.

Post-employment benefit obligations are measured on a basis that reflects:

- estimated future salary increases;
- the benefits set out in the terms of the plan (or resulting from any constructive obligation that goes beyond those terms) at the reporting date; and
- estimated future changes in the level of any state benefits that affect the benefits payable under a defined benefit plan, if, and only if, either:
 - those changes were enacted before the reporting date; or
 - past history, or other reliable evidence, indicates that those state benefits will change in some predictable manner, for example, in line with future changes in general price levels or general salary levels.

Assumptions about medical costs take account of estimated future changes in the cost of medical services, resulting from both inflation and specific changes in medical costs.

Long term service awards and accumulated leave days

Long term service

Employees qualify for additional leave for various period of uninterrupted service in accordance with SALGBC condition of service. The long term service award measured in accordance with GRAP 25 through an actuarial valuation.

Accounting Policies

1.21 Employee benefits (continued)

Accumulated leave days

Accumulated leave benefit accrues to employees unto maximum of 48 leave days. The benefits are paid in the events of death, disability, retrenchment or/and retirement. Employees who have leave days in excess of the 48 days for periods, before the conditions of service came to effect, are measured in accordance with GRAP 25 through an actuarial valuation.

1.22 Change in accounting policy, accounting estimates and prior period errors

Change in accounting estimate

Change in accounting estimate is an adjustment of the carrying amount of an asset or a liability, or the amount of the periodic consumption of an asset, that results from the assessment of the present status of, and expected future benefits and obligations associated with, assets and liabilities.

Changes in accounting estimates result from new information or new developments and, accordingly, are not corrections of errors. Any changes to the relevant financial items (associated with assets and liabilities) are made prospectively.

Change in accounting policy

Accounting policies are the specific principles, bases, conventions, rules and practices applied by an municipality in preparing and presenting financial statements. Any changes to these policies arising from new or amended GRAP standards will be applied either retrospectively or prospectively if transitional provisions exists.

Prior period errors

Prior period errors are omissions from, and misstatements in, the municipality's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that;

(a) was available when financial statements for those periods were authorised for issue; and

(b) could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements.

Such errors include the effects of mathematical mistakes, mistakes in applying accounting policies, oversights or misinterpretations of facts, and fraud.

A prior period error is corrected by retrospective restatement, except to the extent that it is impracticable to determine the period-specific or cumulative effect of the error.

When it is impracticable to determine the period-specific effects of an error on comparative information for one or more prior periods presented, the entity shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable (which may be the current period).

When it is impracticable to determine the cumulative effect, at the beginning of the current period, of an error on all prior periods, the entity shall restate the comparative information to correct the error prospectively from the earliest date practicable.

1.23 Related parties

A related party is a person or an entity with the ability to control or jointly control the other party, or exercise significant influence over the other party, or vice versa, or an entity that is subject to common control, or joint control.

Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

Joint control is the agreed sharing of control over an activity by a binding arrangement, and exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing control (the venturers).

Related party transaction is a transfer of resources, services or obligations between the reporting entity and a related party, regardless of whether a price is charged.

Significant influence is the power to participate in the financial and operating policy decisions of an entity, but is not control over those policies.

Management are those persons responsible for planning, directing and controlling the activities of the municipality, including those charged with the governance of the municipality in accordance with legislation, in instances where they are required to perform such functions.

Accounting Policies

1.23 Related parties (continued)

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in their dealings with the municipality.

The municipality is exempt from disclosure requirements in relation to related party transactions if that transaction occurs within normal supplier and/or client/recipient relationships on terms and conditions no more or less favourable than those which it is reasonable to expect the municipality to have adopted if dealing with that individual entity or person in the same circumstances and terms and conditions are within the normal operating parameters established by that reporting entity's legal mandate.

Where the municipality is exempt from the disclosures in accordance with the above, the municipality discloses narrative information about the nature of the transactions and the related outstanding balances, to enable users of the entity's financial statements to understand the effect of related party transactions on its annual financial statements.

1.24 Budget information

The annual budget figures have been prepared in accordance with the GRAP standards, and are consistent with the accounting policies adopted by the Council for the preparation of these financial statements. The amounts are scheduled as a separate additional financial statement, called the statement of comparison of budget and actual amounts. Explanatory comments are provided in the notes to the annual financial statements.

The annual budget figures included in the financial statements are for the Municipality and these figures are those approved by the Council at the beginning and during the year.

The approved budget is prepared on an accrual basis and presented by economic classification linked to performance outcome objectives.

The approved budget covers the fiscal period from 2021/07/01 to 2022/06/30.

The annual financial statements and the budget are on the same basis of accounting therefore a comparison with the budgeted amounts for the reporting period have been included in the Statement of comparison of budget and actual amounts.

The Statement of comparative and actual information has been included in the annual financial statements as the recommended disclosure when the annual financial statements and the budget are on the same basis of accounting as determined by National Treasury and requirements of GRAP 24. Material variances are variances with a difference of more than 10%.

1.25 Value added tax

VAT is accounted for on an accrual basis and registered for on the cash basis.

1.26 Significant judgements and sources of estimation uncertainty

In preparing the annual financial statements, management is required to make estimates and assumptions that affect the amounts represented in the annual financial statements and related disclosures. Use of available information and the application of judgements is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the annual financial statements. Significant judgements include:

Trade receivables / Held to maturity investments and/or loans and receivables

The municipality assesses its trade receivables, held to maturity investments and loans and receivables for impairment at the end of each reporting period. In determining whether an impairment loss should be recorded in surplus or deficit, the surplus makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

The impairment for trade receivables, held to maturity investments and loans and receivables is calculated on a portfolio basis, based on historical loss ratios, adjusted for national and industry-specific economic conditions and other indicators present at the reporting date that correlate with defaults on the portfolio. These annual loss ratios are applied to loan balances in the portfolio and scaled to the estimated loss emergence period.

Accounting Policies

1.26 Significant judgements and sources of estimation uncertainty (continued)

Available-for-sale financial assets

The municipality follows the guidance of IAS 39 to determine when an available-for-sale financial asset is impaired. This determination requires significant judgment. In making this judgment, the municipality evaluates, among other factors, the duration and extent to which the fair value of an investment is less than its cost; and the financial health of and near-term business outlook for the investee, including factors such as industry and sector performance, changes in technology and operational and financing cash flow.

If all of the declines in fair value below cost were considered significant or prolonged, the municipality would suffer an additional deficit of - in its 2022 annual financial statements, being a reclassification adjustment of the fair value adjustments previously recognised in other comprehensive income and accumulated in equity on the impaired available-for-sale financial assets to surplus or deficit.

Allowance for slow moving, damaged and obsolete stock

An allowance for stock to write stock down to the lower of cost or net realisable value. Management have made estimates of the selling price and direct cost to sell on certain inventory items. The write down is included in the operation surplus note.

Fair value estimation

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the municipality is the current bid price.

The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined by using valuation techniques. The municipality uses a variety of methods and makes assumptions that are based on market conditions existing at the end of each reporting period. Quoted market prices or dealer quotes for similar instruments are used for long-term debt. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. The fair value of forward foreign exchange contracts is determined using quoted forward exchange rates at the end of the reporting period.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the municipality for similar financial instruments.

The carrying amount of available-for-sale financial assets would be an estimated - lower or - higher were the discounted rate used in the discount cash flow analysis to differ by 10% from management's estimates.

Impairment testing

The recoverable amounts of cash-generating units and individual assets have been determined based on the higher of value-in-use calculations and fair values less costs to sell. These calculations require the use of estimates and assumptions. It is reasonably possible that the [name a key assumption] assumption may change which may then impact our estimations and may then require a material adjustment to the carrying value of goodwill and tangible assets.

The municipality reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. In addition, goodwill is tested on an annual basis for impairment. Assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates are prepared of expected future cash flows for each group of assets. Expected future cash flows used to determine the value in use of goodwill and tangible assets are inherently uncertain and could materially change over time. They are significantly affected by a number of factors including [list entity specific variables, i.e. production estimates, supply demand], together with economic factors such as [list economic factors such as exchange rates inflation interest].

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions are included in note - Provisions.

Accounting Policies

1.26 Significant judgements and sources of estimation uncertainty (continued)

Useful lives of waste and water network and other assets

The municipality's management determines the estimated useful lives and related depreciation charges for the waste water and water networks. This estimate is based on industry norm. Management will increase the depreciation charge where useful lives are less than previously estimated useful lives.

Post retirement benefits

The present value of the post retirement obligation depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact on the carrying amount of post retirement obligations.

The municipality determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the pension obligations. In determining the appropriate discount rate, the municipality considers the interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related pension liability.

Other key assumptions for pension obligations are based on current market conditions. Additional information is disclosed in Note 16.

Effective interest rate

The municipality used the prime interest rate to discount future cash flows.

Allowance for doubtful debts

On debtors an impairment loss is recognised in surplus and deficit when there is objective evidence that it is impaired. The impairment is measured as the difference between the debtors carrying amount and the present value of estimated future cash flows discounted at the effective interest rate, computed at initial recognition.

1.27 Heritage assets

Assets are resources controlled by an municipality as a result of past events and from which future economic benefits or service potential are expected to flow to the municipality.

Carrying amount is the amount at which an asset is recognised after deducting accumulated impairment losses.

Class of heritage assets means a grouping of heritage assets of a similar nature or function in an municipality's operations that is shown as a single item for the purpose of disclosure in the annual financial statements.

Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of other Standards of GRAP.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Heritage assets are assets that have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

An impairment loss of a non-cash-generating asset is the amount by which the carrying amount of an asset exceeds its recoverable service amount.

Recognition

The municipality recognises a heritage asset as an asset if it is probable that future economic benefits or service potential associated with the asset will flow to the municipality, and the cost or fair value of the asset can be measured reliably.

Accounting Policies

1.27 Heritage assets (continued)

Initial measurement

Heritage assets are measured at cost.

Where a heritage asset is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition.

Subsequent measurement

After recognition as an asset, a class of heritage assets is carried at its cost less any accumulated impairment losses.

After recognition as an asset, a class of heritage assets, whose fair value can be measured reliably, is carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent impairment losses.

If a heritage asset's carrying amount is increased as a result of a revaluation, the increase is credited directly to a revaluation surplus. However, the increase is recognised in surplus or deficit to the extent that it reverses a revaluation decrease of the same heritage asset previously recognised in surplus or deficit.

If a heritage asset's carrying amount is decreased as a result of a revaluation, the decrease is recognised in surplus or deficit. However, the decrease is debited directly to a revaluation surplus to the extent of any credit balance existing in the revaluation surplus in respect of that heritage asset.

Impairment

The municipality assesses at each reporting date whether there is an indication that it may be impaired. If any such indication exists, the municipality estimates the recoverable amount or the recoverable service amount of the heritage asset.

1.28 Accounting by principals and agents

Identification

An agent is an entity that has been directed by another entity (a principal), through a binding arrangement, to undertake transactions with third parties on behalf of the principal and for the benefit of the principal.

A principal is an entity that directs another entity (an agent), through a binding arrangement, to undertake transactions with third parties on its behalf and for its own benefit.

A principal-agent arrangement results from a binding arrangement in which one entity (an agent), undertakes transactions with third parties on behalf, and for the benefit of, another entity (the principal).

Identifying whether an entity is a principal or an agent

When the municipality is party to a principal-agent arrangement, it assesses whether it is the principal or the agent in accounting for revenue, expenses, assets and/or liabilities that result from transactions with third parties undertaken in terms of the arrangement.

The assessment of whether an municipality is a principal or an agent requires the municipality to assess whether the transactions it undertakes with third parties are for the benefit of another entity or for its own benefit.

Binding arrangement

The municipality assesses whether it is an agent or a principal by assessing the rights and obligations of the various parties established in the binding arrangement.

Where the terms of a binding arrangement are modified, the parties to the arrangement re-assess whether they act as a principal or an agent.

Accounting Policies

1.28 Accounting by principals and agents (continued)

Assessing which entity benefits from the transactions with third parties

When the municipality in a principal-agent arrangement concludes that it undertakes transactions with third parties for the benefit of another entity, then it is the agent. If the municipality concludes that it is not the agent, then it is the principal in the transactions.

The municipality is an agent when, in relation to transactions with third parties, all three of the following criteria are present:

- It does not have the power to determine the significant terms and conditions of the transaction.
- It does not have the ability to use all, or substantially all, of the resources that result from the transaction for its own benefit.
- It is not exposed to variability in the results of the transaction.

Where the municipality has been granted specific powers in terms of legislation to direct the terms and conditions of particular transactions, it is not required to consider the criteria of whether it does not have the power to determine the significant terms and conditions of the transaction, to conclude that is an agent. The municipality applies judgements in determining whether such powers exist and whether they are relevant in assessing whether the municipality is an agent.

Recognition

The municipality, as a principal, recognises revenue and expenses that arise from transactions with third parties in a principal-agent arrangement in accordance with the requirements of the relevant Standards of GRAP.

The municipality, as an agent, recognises only that portion of the revenue and expenses it receives or incurs in executing the transactions on behalf of the principal in accordance with the requirements of the relevant Standards of GRAP.

The municipality recognises assets and liabilities arising from principal-agent arrangements in accordance with the requirements of the relevant Standards of GRAP.

1.29 Commission expense

Commission expense is accounted for on an accrual basis.

1.30 Distribution loss

Distribution losses are losses that result from differences between purchases and consumption's both billed and estimated.

The district relies mainly on groundwater for potable water supply. The district has been championing forward planning for infrastructure projects and to achieve this, projects planning activities/ milestones takes time before a project can be considered feasible for implementation due to the magnitude of the regional water schemes, and to ensure sustainability and efficiency of water resource to meet current and future water demand of the area. Groundwater development and exploration of wellfields/aquifers place a critical role during planning of water supply projects. Grootpan, Sias and Londen Regional Water Scheme is now at evaluation stage for appointment of contractors.

9. Non-living resources

Entity as custodian

The municipality is responsible for the provision of water in terms of section 84(1)(b) of Municipal Structures Act 117 of 1998.

The municipality provide water services through water bought from Lepelle Northern Water as well as water from own drilled boreholes.

Nature and types of non-living resources for which the entity is responsible

Water not yet extracted from the boreholes.

Liabilities and/or contingent liabilities that arise from the non-living resources

No liabilities arised from non-living resources.

	8 937 000	5 883 000

Amounts recognised in the annual financial statements

Interest cost	501 000	672 000
Actuarial losses/(gains)	3 148 307	(26 000)
	3 649 307	646 000

Sensitivity analysis

As mentioned in the introduction of this report, the valuation is only an estimate of the cost of providing post-employment medical aid benefits. The actual cost to the Municipality will be dependent on actual future levels of assumed variables.

In order to illustrate the sensitivity of our results to changes in certain key variables, we have recalculated the liabilities using the following assumptions:

- 20% increase/decrease in the assumed level of mortality;
- 1% increase/decrease in the Medical aid inflation.

Mortality rate

Deviations from the assumed level of mortality experience of the current employees and the continuation members (pensioners) will have a large impact on the actual cost to the Municipality. If the actual rates of mortality turns out higher than the rates assumed in the valuation basis, the cost to the Municipality in the form of subsidies will reduce and vice versa.

We have illustrated the effect of higher and lower mortality rates by increasing and decreasing the mortality rates by 20%. The effect is as follows:

	-20% Mortality rate	Valuation Assumption	+20% Mortality rate
Total Accrued Liability	9 691 000	8 937 000	8 336 000
Interest Cost	1 100 000	1 011 000	940 000
	10 791 000	9 948 000	9 276 000

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

Medical aid inflation

The cost of the subsidy after retirement is dependent on the increase in the contributions to the medical aid scheme before and after retirement. The rate at which these contributions increase will thus have a direct effect on the liability of future retirees.

We have tested the effect of at 1% p.a. change in the medical aid inflation assumption. The effect is as follows:

	-1% Medical aid inflation	Valuation Assumption	+1% Medical aid inflation
Total Accrued Liability	8 266 000	8 937 000	9 700 000
Interest Cost	931 000	1 011 000	1 101 000
	9 197 000	9 948 000	10 801 000

Actuarial Loss/(Gain)

The combined Accrued Liability in respect of Post-employment medical aid liability is built-up as follows:

	Current Valuation date 30 June 2022	1 Year Following the Valuation Date	2 Years Following the Valuation Date	3 Years Following the Valuation Date
PV of the obligation as at the previous valuation date	5 883 000	8 937 000	9 152 000	9 366 000
Interest Cost	501 000	1 011 000	1 034 000	1 058 000
Benefits Paid	(595 307)	(796 000)	(820 000)	(833 000)
Actuarial Loss / (Gain)	3 148 307	-	-	-
	8 937 000	9 152 000	9 366 000	9 591 000

Membership Data

According to the information provided, the number of members entitled to receive post-employment medical aid subsidies from the Municipality were:

Category	30-06-2022 Valuation	30-06-2021 Valuation
Continuation Members (Pensioners)	12	7

Accrued Contractual Liability

The figures below reflect the total value of the accrued contractual liability of the Municipality in respect of post-employment medical aid benefits offered to employees:

Category	30-06-2022 Valuation	30-06-2021 Valuation
Continuation Members (Pensioners)	8 937 000	5 883 000

Notes to the Annual Financial Statements

Figures in Rand	2022	2021
16. Employee benefit obligations (continued)		
Category	30-06-2022 Valuation To be used in the 30 June 2022 Actuarial Loss/(Gain) calculation	30-06-2021 Valuation To be used in the 30 June 2021 Actuarial Loss/(Gain) calculation
Interest Cost	1 011 000	501 000

Valuation Method

The Projected Unit Credit funding method has been used to determine the past-service liabilities at the valuation date and the projected annual expense in the year following the valuation date.

Post-employment Medical Aid Liabilities

The expected value of each employee and their spouse's future medical aid subsidies is projected by allowing for future medical inflation. The calculated values are then discounted at the assumed discount interest rate to the present date of valuation (calculation). We also allowed for mortality, retirements and withdrawals from service as set out below. The accrued liability is determined on the basis that each employee's medical aid benefit accrues uniformly over the working life of an employee up until retirement. Further it is assumed that the current policy for awarding medical aid subsidies remains unchanged in the future. We assumed that 100% of all active members on medical aid will remain on medical aid once they retire. We also assumed that all active members will remain on the same medical aid option at retirement.

Valuation of Assets

As at the valuation date, the medical aid liability of the Municipality was unfunded, i.e. no dedicated assets have been set aside to meet this liability. We therefore did not consider any assets as part of our valuation.

Valuation Assumptions

In estimating the liability for post-employment medical aid benefits a number of assumptions are required. GRAP 25 places the responsibility on management to set these assumptions, as guided by the principles set out in GRAP 25 and in discussion with the actuary.

APN 301 states that the assumptions should be realistic and mutually compatible. The difference between the assumptions drives the valuation and it is very important to monitor how this difference changes from one valuation to the next. The most relevant actuarial assumptions used in this valuation are discussed below.

Financial Variables

The two most important financial variables used in our valuation are the discount- and medical aid inflation rates. We have assumed the following values for these variables:

Financial Variable	Assumed Value 30-06- 2022(Current Valuation)	Assumed Value 30-06- 2021(Precedin g Valuation)
Discount Rate	Yield Curve	Yield Curve
CPI (Consumer Price Inflation)	Difference between nominal and yield curves	Difference between nominal and yield curves
Medical Aid Contribution Inflation	CPI+1%	CPI+1%
Net Effective Discount Rate	Yield curve based**	Yield curve based**

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

Discount Rate

GRAP 25 defines the determination of the Discount rate assumption to be used as follows:

"The discount rate that reflects the time value of money is best approximated by reference to market yields at the reporting date on government bonds. Where there is no deep market in government bonds with a sufficiently long maturity to match the estimated maturity of all the benefit payments, an entity uses current market rates of the appropriate term to discount shorter term payments, and estimates the discount rate for longer maturities by extrapolating current market rates along the yield curve."

*Statement of Financial Position (herein referred to as the "balance sheet").

We used the nominal and real zero curves as at **30 June 2022** as supplied by the JSE to determine our discount rates and CPI assumptions at each relevant time period

Medical Aid Inflation

The Medical Aid Contribution Inflation rate was set with reference to the past relationship between the (yield curve based) Discount Rate for each relevant time period and the (yield curve based) Medical Aid Contribution Inflation for each relevant time period.

South Africa has experienced high health care cost inflation in recent years. The annualised compound rates of increase for the last ten years show that registered medical aid schemes contribution inflation outstripped general CPI by almost 3% year on year. We do not consider these increases to be sustainable and have assumed that medical aid contribution increases would outstrip general inflation by 1% per annum over the foreseeable future.

Average Retirement Age

The average retirement age for all active employees was assumed to be **58** years. This assumption implicitly allows for ill-health and early retirements.

Normal Retirement Age

The normal retirement age (NRA) for all active employees was assumed to be **65** years.

Mortality Rates

Mortality before retirement has been based on the SA 85-90 mortality tables. These are the most commonly used tables in the industry. Mortality post-employment (for pensioners) has been based on the PA (90) ultimate mortality tables. No explicit assumption was made about additional mortality or health care costs due to AIDS.

Spouses and Dependents

We assumed that the marital status of members who are currently married will remain the same up to retirement. It was also assumed that **90%** of all single employees would be married at retirement with no dependent children. Where necessary it was assumed that female spouses would be **five** years younger than their male spouses at retirement and vice versa.

Long service award

The municipality provides long-service awards to its permanent employees. The benefit of long-service awards is provided in the form of annual leave and a gift to a certain monetary value.

In accordance with prevailing legislation, the defined benefits funds are actuarially valued at intervals of not more than two years. The Projected Unit Credit valuation method is used. The latest valuation was performed as at 30 June 2022 by ZAQ Consultants and Actuaries.

The municipality has no legal obligations to settle this liability with any immediate contributions or additional once-off contributions.

The accumulated defined benefit obligation in respect of the long-service awards are provided, based on calculations of independent actuaries, using methods and assumptions consistent with GRAP 25 (Employee Benefits) as follows:

16. Employee benefit obligations (continued)

Category	30-06-2022 Valuation To be used in the 30 June 2022 Actuarial Loss/(Gain) calculation	30-06-2021 Valuation To be used in the 30 June 2021 Actuarial Loss/(Gain) calculation
Interest cost	2 253 000	1 510 000
Current service cost	1 439 000	1 452 000
	3 692 000	2 962 000

Valuation Method

The Projected Unit Credit funding method has been used to determine the past-service liabilities at the valuation date and the projected annual expense in the year following the valuation date.

Long Service Awards Liabilities

Long service benefits are awarded in the form of a number of leave days awarded once an employee has completed a certain number of years in service. We have converted the awarded leave days to a percentage of annual salary by assuming there are 250 working days per year. The expected value of each employee's long service award is projected to the next interval by allowing for future salary growth. The table below contains a summary of the benefit policy:

Completed Years of Service	Total Long Service Benefit Award (% of Annual Salary)	Formula used to calculate Total Long Service Benefit Award
10	4%	(10/250)* Annual Salary
15	8%	(20/250)* Annual Salary
20, 25, 30, 35, 40 and 45	12%	(30/250)* Annual Salary

The calculated award values are then discounted at the assumed discount interest rate to the date of calculation. We also allowed for mortality, retirements and withdrawals from service as set out in the next section of this report.

The accrued liability is determined on the basis that each employee's long service benefit accrues uniformly over the working life of an employee up to the end of the interval at which the benefit becomes payable. Further it is assumed that the current policy for awarding long service awards remains unchanged in the future.

Valuation of Assets

As at the valuation date, the long service leave award liability of the Municipality was unfunded, i.e. no dedicated assets have been set aside to meet this liability. We therefore did not value any assets as part of our valuation.

In estimating the liability for long service leave benefits a number of assumptions are required. GRAP 25 places the responsibility on management to set these assumptions, as guided by the principles set out in GRAP 25 and in discussion with the actuary.

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

The assumptions should be realistic and mutually compatible. The difference between the assumptions drives the valuation and it is very important to monitor how this difference changes from one valuation to the next. The most relevant actuarial assumptions used in this valuation are discussed below.

Financial Variables

The two most important financial variables used in our valuation are the discount rate and salary inflation. We have assumed the following values for these variables:

Financial Variable	Assumed Value 30-06-2022 (Current Valuation)	Assumed Value at 30-06-2021 (Preceding Valuation)
Discount Rate	Yield Curve	Yield Curve
CPI (Consumer Price Inflation)	Difference between nominal and real yield curve	Difference between nominal and real yield curve
Normal Salary Increase Rate	Equal to CPI+1%	Equal to CPI+1%
Net Effective Discount Rate	Yield Curve Based**	Yield Curve Based**

Discount Rate

GRAP 25 defines the determination of the Discount rate assumption to be used as follows:

"The discount rate that reflects the time value of money is best approximated by reference to market yields at the reporting date on government bonds. Where there is no deep market in government bonds with a sufficiently long maturity to match the estimated maturity of all the benefit payments, an entity uses current market rates of the appropriate term to discount shorter term payments, and estimates the discount rate for longer maturities by extrapolating current market rates along the yield curve."

*Statement of Financial Position (herein referred to as the "balance sheet").

We use the nominal and real zero curves as at **30 June 2022** supplied by the JSE to determine our discounted rates and CPI assumptions at each relevant time period. For example, a liability which pays out in 1 year will be discounted at a different rate than a liability which pays out in 30 years. Previously only one discount rate was used to value all the liabilities.

* The Net Effective Discount Rate is different for each relevant time period of the yield curves' various durations and therefore the Net Effective Discount Rate is based on the relationship between the (yield curve based) Discount Rate for each relevant time period and the (yield curve based) Salary Inflation for each relevant time period.

Normal Salary Inflation Rate

We have derived the underlying future rate of consumer price index inflation (CPI inflation) from the relationship between the (yield curve based) Conventional Bond Rate for each relevant time period and the (yield curve based) Inflation-linked Bond rate for each relevant time period. Our assumed rate of salary inflation was set as the assumed value of CPI plus 1%. The salaries used in the valuation include an assumed increase on 01 July 2022 of 4.9%. The next salary increase was assumed to take place on 01 July 2023.

In addition to the normal salary inflation rate, we assumed the following promotional salary increases:

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

Promotional Salary Increase Rates

Age band	Promotional Increase
20-24	5 %
25-29	4 %
30-34	3 %
35-39	2 %
40-44	1 %
	15 %

Average Retirement Age

The average retirement age for all active employees was assumed to be **63** years. This assumption implicitly allows for ill-health and early retirements.

Normal Retirement Age

The normal retirement age (NRA) for all active employees was assumed to be **65** years.

Mortality Rates

Mortality before retirement has been based on the SA 85-90 mortality tables. These are the most commonly used tables in the industry.

Withdrawal Decrements

A table setting out the assumed rates of withdrawal from service is set out below:

Age Band	Withdrawal Rate Males	Withdrawal Rate Females
20 - 24	16 %	24 %
25 - 29	12 %	18 %
30 - 34	10 %	15 %
35 - 39	8 %	10 %
40 - 44	6 %	6 %
45 - 49	4 %	4 %
50 - 54	2 %	2 %
55 - 59	1 %	1 %
	59 %	80 %

Membership Data

The information below is based on the membership data received from the Municipality.

Eligible male employees

30 - 39	129	365 844	10.03	35 416
40 - 49	161	414 100	14.18	57 774
50 - 59	169	327 870	21.46	38 290
60 +	43	298 583	26.61	7 334
	502	362 775		41 149

Interest Cost

The Interest Cost represents the accrual of interest on the Accrued Defined Benefit Obligation, allowing for benefit payments, over the corresponding year. This arises because the long service benefits are one year closer to payment. This item should be accounted for in the Statement of profit or loss and other comprehensive income (herein after referred to as the "income statement") according to GRAP 25.

Current Service Cost

The Current Service Cost reflects the additional liability that is expected to accrue in respect of in service members' service over the corresponding year. This item should be accounted for in the income statement according to GRAP 25.

Sensitivity Analysis

As mentioned in the introduction of this report, the valuation is only an estimate of the cost of providing Long service leave award benefits. The actual cost to the Municipality will be dependent on actual future levels of assumed variables and the demographic profile of the membership.

In order to illustrate the sensitivity of our results to changes in certain key variables, we have recalculated the liabilities using the following assumptions:

- 20% increase/decrease in the assumed level of withdrawal rates;
- 1% increase/decrease in the Normal Salary cost inflation

Withdrawal rate

Deviations from the assumed level of withdrawal experience of the eligible employees will have a large impact on the actual cost to the Municipality. If the actual rates of withdrawal turns out to be higher than the rates assumed in the valuation basis, then the cost to the Municipality in the form of benefits will reduce and vice versa

We have illustrated the effect of higher and lower withdrawal rates by increasing and decreasing the withdrawal rates by 20%. The effect is as follows:

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

	-20% Withdrawal rate	Valuation Assumption	+20% Withdrawal rate
Total Accrued Liability	21 580 000	20 657 000	19 804 000
Current Service Cost	1 542 000	1 439 000	1 362 000
Interest Cost	2 367 000	2 253 000	2 148 000
	25 489 000	24 349 000	23 314 000

Normal salary inflation

The cost of the long service awards is dependent on the increase in the annual salaries paid to employees. The rate at which salaries increase will thus have a direct effect on the liability of future employees.

We have tested the effect of a 1% p.a. change in the Normal Salary inflation assumption. The effect is as follows:

	-1% Normal salary inflation	Valuation Assumption	+1% Normal salary inflation
Total Accrued Liability	19 433 000	20 657 000	21 996 000
Current Service Cost	1 341 000	1 439 000	1 548 000
Interest Cost	2 103 000	2 253 000	2 418 000
	22 877 000	24 349 000	25 962 000

Long-term leave

The municipality, in recognition of services rendered, grants employees 24 working days leave per year. This leave is cumulative up to a limit of 48 working days.

There is no discounting applied to the calculation of the provision and the amount is based on the estimated 1 July salaries after allowing for an estimated salary increase. The provision is split between that which is expected to be taken within 12 months of the valuation date and that which will be taken after the 12 months.

Movement in the leave provision

Liability as at 1 July	46 434 373	40 445 266
Annual leave forfeited	-	(142 621)
Net accrued leave days over the years	1 542 645	7 658 882
Benefits paid	(2 189 545)	(1 527 154)
	45 787 473	46 434 373
Current portion of liability	3 126 525	4 338 476
Non-current portion of liability	42 660 949	42 095 898
	45 787 474	46 434 374

Leave Days Provisional Liabilities

There is no standard actuarial formula that prescribes the way in which the accrued leave days balance should be broken down between short term and long-term components. We recommend that the municipality follow an approach that is consistent with its past experience.

No discounting is applied to the calculation of the annual leave provisions. The leave provision is based on the estimated 1 July 2022 salaries after allowing for an estimated salary increase of 4.9%. The provision is split between that which is expected to be taken within 12 months of the valuation date (short-term portion) and that which will be taken after 30 June 2023 (long-term portion).

In order to calculate the short term and long-term components of the accrued leave days provisional liability we assumed that;

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

16. Employee benefit obligations (continued)

1. Employees reaching the expected retirement age of 63 over the coming year would cash-in their accrued leave balances in full;
2. Employees resigning from service would cash-in their accrued leave days balances in full;
3. Other employees remaining in service would take their full 24 leave days in the coming year.

We assume that all employees will take up leave to avoid forfeiture of leave days. Employees that resign or retire over the coming will have their leave balance cashed on resignation/ retirement. We assumed 250 working days per year for the purposes of calculating the value of the accrued benefit. The current portion of the accrued leave also takes into account withdrawals from service over the next 12 months according to the table below.

Withdrawal decrements

Age band	Withdrawal Rate Males	Withdrawal Rate Females
20-24	16 %	24 %
25-29	12 %	18 %
30-34	10 %	15 %
35-39	8 %	10 %
40-44	6 %	6 %
45-49	4 %	4 %
50-54	2 %	2 %
55-59	1 %	1 %
	59 %	80 %

Membership data

The information below is based on the membership data received from the municipality.

According to the information provided, the number of members entitled to receive leave days from the municipality were:

Gender	Number of active employees	Salary weighted average age (Years)	Weighted Average past service
Male	296	64.64	16.88
Female	206	45.10	15.33
	502		

Reconciliation for employee benefit obligations - June 2022	Opening balance	Addition	Utilised during the year	Total

42. Contingent Liability (continued)

NJ Morero

Labour Court Application for:

*interpretation of the Transfer Agreement.

*Review of the decision of SALGA Arbitrator concerning car allowance.

High Court Application for

Review of the decision of the Municipality to appoint Ledile Eunice Manamela to the position of Disability and Elderly Coordinator and substitute the said decision with the decision to appoint Makopa Ethen Legodi to the same position.

Popela Maahe Attorneys

High Court Interdict

*Mafikeng and Others applied to the High Court for an order restraining Kgoshi Moloto from harming the applicants and directing the MEC for Coghsta to investigate breach of the Code of Conduct for Councillors by Kgoshi Moloto as he is traditional leader appointed by the MEC to serve in Council.

Matabane Attorneys

Supreme Court Of Appeal

*The Applicant has petitioned the Supreme Court of Appeal to appeal against the judgment of the High Court.

Mmakola Matsimela

Application by Mr. Mphahlele alleging that the sewage is spilling into a river at Makhurung village endangering the lives of the residents. Upon consultation with employees in charge of the waste water treatment plant the allegations were found not to be true and the application was opposed in Court. The matter was struck from the roll and later the Applicant decided to withdraw the Application. The Municipality has made an Application for Court to compel Mr Mphahlele to pay for our legal costs.

The matter between the municipality and Matome Chidi where the applicant made an Application to the High Court requesting an order that (1). CDM is failing to exercise its function as a water service authority in respect of Dipateng village (Botlokwa)

Compensation to councillors Note 18

Contributions to organised local government Note 29

Post employment benefit plan for employees of entity and/or other related parties Note 10

Members of key management Note 17

44. Key sources of estimation uncertainty and judgements

In using estimates a number of assumptions are required. GRAP 1 places the responsibility on management to set these assumptions, as guided by the principles set out in GRAP 1 and in discussion with the professional consultants. The assumptions should be realistic and mutually compatible. The difference between the assumptions drives the estimate and it is very important to monitor how this difference changes from one year's estimate to the next. The following areas involve a significant degree of estimation uncertainty:

Additional text

- Useful lives and residual values of property, plant, and equipment
- Recoverable amounts of property, plant and equipment
- Present value of defined benefit obligation
- Provision for doubtful debts
- Impairment of assets
- Provision for long-term service award and medical aid benefits

Notes to the Annual Financial Statements

Figures in Rand

2022

2021

44. Key sources of estimation uncertainty and judgements (continued)

The following areas involved judgements, apart from those involving estimations disclosed above, that management has made in the process of applying the municipality's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

- Impairment of assets
- Provisions

45. Risk management

Liquidity risk

Liquidity risk is the risk that the municipality will not be able to meet its obligations as they fall due. The municipality's approach is to ensure that sufficient liquidity is available to meet its liabilities when due. The municipality uses cash flow forecasts to ensure that sufficient cash is available to meet expected operating expenses. This is guided by working capital and revenue enhancement policy

The municipality uses cash flow forecasts to ensure that sufficient cash is available to meet expected operating expenses. This is guided by working capital and revenue enhancement policy

The following are contractual liabilities of which the interest is included in borrowings:

At 30 June 2022	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years
Borrowings	1 418 170	874 146	-	-
Operating lease liability	206 877	-	-	-
Trade and other payables	183 141 699	-	-	-
At 30 June 2021	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years
Borrowings	1 322 561	2 292 316	-	-
Operating lease liability	102 173	-	-	-
Trade and other payables	136 922 502	-	-	-

Credit risk

Credit risk is managed on a group basis.

Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and trade debtors. The municipality only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

Trade receivables comprise a widespread customer base. Management evaluated credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board. The utilisation of credit limits is regularly monitored. Sales to retail customers are settled in cash or using major credit cards. Credit guarantee insurance is purchased when deemed appropriate.

No credit limits were exceeded during the reporting period, and management does not expect any surplus from non-performance by these counterparties.

Financial instrument	June 2022	June 2021
Cash and cash equivalents	427 265 910	353 903 970
Receivable from exchange transactions	55 938 850	52 917 917
Receivables from non-exchange transactions	27 319 380	31 417 965
VAT receivable	24 439 145	29 378 110

Statement of financial performance

2021

	Note	As previously reported	Correction of error	Restated
Contracted services	32	<u>111 432 664</u>	<u>1 601 262</u>	<u>113 033 926</u>

Errors

The correction of the error(s) results in adjustments as follows:

*Water transaction for Blouberg Municipality incorrectly accounted for 2019/20 financial year.

*Legal fees were understated with invoices relating to 2021 posted in 2022.

47. Distribution Loss

Unit purchased (kl)	8 474 273	9 018 516
Units sold (kl)	<u>(4 671 527)</u>	<u>(4 661 938)</u>
	<u>3 802 746</u>	<u>4 356 578</u>

Notes to the Annual Financial Statements

Figures in Rand	2022	2021
47. Distribution Loss (continued)		
Average cost per unit purchases (cents per kl)	8.73	8.05
Net loss in rands	<u>33 197 973</u>	<u>35 070 452</u>
% Loss in purchases of water	<u>38.86 %</u>	<u>41.77 %</u>
48. Auditors' remuneration		
Fees	<u>3 619 245</u>	<u>4 159 381</u>

49. Events after the reporting date

Management is not aware of any events arising after the balance sheet date that provide evidence of conditions that existed at the Balance Sheet date.

50. Comparison with the Budget

Material differences between budget and actual amounts

The comparison of the Municipality's actual financial performance with that budgeted is set out in the statement of comparison of budget and actual amounts.

The budget is approved on an accrual basis using a classification based on the nature of expenses. The approved budget covers the period from 01 July 2021 to 30 June 2022. The budget and accounting basis are the same.

Changes from the approved budget to the final budget

The changes between the approved and final budget are as a consequence of adjustments and roll-overs of grants.

Variances of 10% or more are explained as set out below:

STATEMENT OF FINANCIAL PERFORMANCE

Fines, penalties and forfeits

-100% Retention forfeits not budgeted for and not fully processed.

Interest Earned: Outstanding Debtors

+79% Increase in outstanding debtors.

Remuneration of councillors

-15% Increase given by government less than budgeted for.

Finance costs

-55% Interest paid on finance leases less than budgeted for.

Loss on disposal of PPE

-90% Losses on the disposal of assets minimised.

Contracted services

-17% Due to COVID and SCM regulations projects not implemented

Asset impairment

-18% Infrastructure upgraded and maintained.

Notes to the Annual Financial Statements

Procurement sanitizers	7 500	-
	1 214 334	1 419 539

52. Accounting by principals and agents

Entity as principal

Resources (including assets and liabilities) of the entity under the custodianship of the agent

Capricorn District Municipality is the Principal in arrangements with its three local municipalities who sell water on behalf of the district. The local municipalities earn 30% commission on revenue collected/ to be collected.

The following information is disclosed as per GRAP 109.

Fee paid

Lepelle Nkumpi Local municipality	33 066 871	31 254 727
Blouberg Local municipality	1 442 042	1 659 142
Molemole Local municipality	742 790	718 633
	35 251 703	33 632 502

There are no resources under the custodianship of the agents, nor have they been recognised as such. As at 30 June 2022 the amount received on behalf of the municipality which is still in the custody of the local municipalities has been disclosed as receivables from non-exchange under note 3.

The municipality will not incur any cost if the contractual arrangement is terminated in future.
