| 1 | Unacceptable Performance | Performance does not meet the standard expected for the job. The review / assessment indicates that the employee has achieved below fully effective results against almost all of the performance criteria and indicators as specified in the PA and Performance Plan. The employee has failed to demonstrate the commitment or ability to bring performance up to the level expected in the job despite management efforts to encourage improvement. |  |  |  |  |  |
|---|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|

An indicative rating on the five-point scale should be provided for each KPA and CCR using the following as guidance:

|   |                     |
|---|---------------------|
| 1 | Unacceptable        |
| 2 | Not fully effective |
| 3 | Fully effective     |
| 4 | Above expectations  |
| 5 | Outstanding         |

Each KPA and CCR should be assessed according to the extent to which the specified standards or performance indicators have been met and with due regard to ad hoc tasks that had to be performed to determine which rating on the five-point scale the CFO achieved. The following criteria could assist:

|                     |                                                                                                                                                                                                                                                                                                                              |
